

GOVERNMENT OF ASSAM

**OFFICE OF THE DISTRICT COMMISSIONER,
SRIBHUMI**

DISTRICT DIASTER MANAGEMENT PLAN (2025-2026)

Prepared by :-

**DISTRICT DISASTER MANAGEMENT AUTHORITY,
SRIBHUMI, ASSAM.**

PREFACE

The District Disaster Management Plan (DDMP) is a comprehensive document of district profile and the battery of activities and functions of the District Administration along with other members of District Disaster Management Authority (DDMA) and District Disaster management Committee, Sribhumi to cope with any disaster that may face the district. This plan gives a set of guidelines for the District Disaster Management Authority who will discharge their duties in the event of any disaster. The DDMP has highlighted a set of guidelines for some particular Government Departments who are the first responders before, during and after a disaster. In addition to this, the other members/organizations of the DDMA and DDMC will be directed by the District Administration, Sribhumi to perform their functions as situation demands.

These guidelines are illustrative, not exhaustive. The DDMA and other Officers, members of the NGOs and others may require to perform any duties according to demand of the situation, and nature of calamity. However, I Believe, this plan will act as a handy reference paper for the officers and the members of the public.

I am thankful to Sri Pradeep Kumar Dwivedi, IAS, District Commissioner & Chairman, District Disaster Management Authority (DDMA), Sribhumi and Sri Siju Das, District Project Officer, District Disaster Management Authority (DDMA), Sribhumi and Heads of all Line Department and other organizations who extend help and assistance in preparation and updating this plan.

(Nilotpal Pathak, ACS)
Addl. District Commissioner & C.E.O.,
District Disaster management authority,
Sribhumi, Assam

1. Overview of the District.

Important Facts and Figures	
Geography	
Location	Southern Assam in North East India
Longitude range	92°15' - 92°35' East
Latitude range	24°15' - 25°55' North
Distance from State Capital	338 Kms.
Area	1,809 Sq.Km.
Borders	North : Bangladesh, Cachar South : Tripura, Mizoram East : Hailakandi West : Bangladesh, Tripura
Major Rivers	Kushiyara, Longai, Singla, Barak
Major Hills	Chatachura Range Adamail (Patharia) Range Duhalia (Pratapgarh) Range
Total Forest Cover	Approx. 54,504 Ha. (30% of land area)
History	
Attained District Status	1983 AD (Before that it was a Sub-Division of undivided Cachar District)
Administration	
Head Quarter	Sribhumi Town
Number of Sub-Division (s)	1
Name of Sub-Division	Sribhumi
Number of Co-Districts	2
Name of Co-Districts	Patharkandi, Ramkrishna Nagar
Number of Circles	5 (five)
Name of Circles	Sribhumi, Nilambazar, Patharkandi, Ram Krishna Nagar, Badarpur
Number of C.D. Blocks	7 (seven)
Name of C.D. Blocks	North Sribhumi, South Sribhumi, Badarpur, Patharkandi, Ramkrishna Nagar, Lowairpoa, Dullavcherra
Number of Police Stations	7
Name of Police Stations	Sribhumi, Badarpur, Ram Krishna Nagar, Patharkandi, Ratabari
Number of Anchalik Panchayats	7
Number of Gram Panchayats	96
Number of Villages	1280 (Including NC & Forest Villages)
Number of Towns	3
Name of Towns	Sribhumi (Municipal Board), Badarpur (Municipal Board), R. K. Nagar(Municipal Board),

Total Population	12,28,686
S.C. Population	1,57,890
S.T. Population	1,940
Rural Population	1,18,986
Urban Population	1,09,700
Literacy Rate	78.22%
Females/1000 Males	963
Major Language	Bengali
Economy	
Major Economic Sector	Agriculture
Net Area Sown	62,272 Ha.
Production of Winter Paddy	1,14,173.58 M.T.
Production of Sugarcane	1,17,090 M.T.
Number of Tea Gardens	27 (only 5 are active)
Area Under Tea Plantation	8,270 Ha.
Production of Black Tea	7,705 M.T.
Economy (As in 2008-09)	
Net Area Sown	6,64,717 Ha.
Area Sown more than once	33,428 Ha.
Total Cropped Area	7,000 Ha.
Production	
Production of Winter Rice	114173.58 MT.
Production of Autumn Rice	10368.81 MT
Production of Summer Rice	11243.712 MT
Major Industry	Tea Processing, Cane Products, Food Products, Timber Sawing etc.
Infrastructure	
Total electricity Consumption	1.24 Million Units.
Villages Electrified	745 Nos. (80% villages)
Total Road Length	1,455.23 Kms.
Metalled Road	249.45 Kms.
National Highway	93 Kms. (NH-44 & NH 151)
Number of Colleges	10
No. of Secondary/H.S. Schools	107
No. of Elementary Schools	1,429
No. of Govt. Hospitals	17
No. of Bank Branches	54 (Commercial-31, Rural-17, Coop-6)
Major Railway Stations	Badarpur, Sribhumi
Nearest Airport	Kumbhirgram (Near Silchar) (83 Kms. From Sribhumi Town)

2. DISTRICT DISASTER MANAGEMENT AUTHORITY:-

- i. District Commissioner- Chairperson.
- ii. Chairperson, Zilla Parishad- Co-Chairperson.
- iii. Chief Executive Officer of the District Authority- ADC, Rev. & D.M.
- iv. Superintendent of Police- Member.
- v. Chief Medical Officer- Member.
- vi. Executive Engineer PWD (Roads and Building) – Member
- vii. Executive Engineer, Water Resources – Member

3. DISTRICT DISASTER MANAGEMENT COMMITTEE:-

- i. The District Commissioner, Sribhumi.
- ii. The Superintendent of Police, Sribhumi.
- iii. The CEO, ZPC, Sribhumi
- iv. The PD, DRDA, Sribhumi.
- v. The Addl. District Commissioners, Sribhumi.
- vi. The Circle Officer, Sribhumi / Badarpur/ Patharkandi/ Nilambazar/ Ram Krishna Nagar.
- vii. The Joint Director of Health Services, Sribhumi.
- viii. The District Agricultural Officer, Sribhumi.
- ix. The Executive Engineer, PWD (Road), Sribhumi
- x. The Executive Engineer, PWD (Blds), Sribhumi
- xi. The Executive Engineer, CPDC Ltd, Sribhumi
- xii. The Assistant Executive Engineer, Water Resources, Sribhumi
- xiii. The Project Officer, ASDMA, DCs Office, Sribhumi
- xiv. The District Manager, Telecom, Sribhumi
- xv. The Station Supdt. Sribhumi, NF Rly Stn.
- xvi. The Divn. Forest Officer,(T) and (SF) Sribhumi
- xvii. The Chairman, Sribhumi Municipal Board
- xviii. The Chairman, Badarpur Town Committee.
- xix. The Asstt. Manager, Central Inland Water Transport Corp. Sribhumi
- xx. The Supdt, ASTC, Sribhumi
- xxi. The District Transport Officer, Sribhumi
- xxii. The District Information and Public Relation Officer, Sribhumi
- xxiii. The District Vety. Officer, Sribhumi.
- xxiv. The Supdt. Food & civil Supplies, Sribhumi
- xxv. The Inspector of School, Sribhumi
- xxvi. The District Elementary Education Officer, Sribhumi
- xxvii. The DI of Schools, Sribhumi
- xxviii. The Chairman IMDT, Sribhumi
- xxix. The Divisional Environment & Forest Officer, Sribhumi
- xxx. The Deputy Director, Town & country Planning Officer, Sribhumi

- xxxi. The Officer In charge, Fire Brigade, Sribhumi
- xxxii. The Asstt. Director Handloom & Textiles, Sribhumi
- xxxiii. The District Sports Officer, Sribhumi
- xxxiv. The Commanding Officer, 4 , Assam Bn. NCC, Sribhumi
- xxxv. The District Youth Coordinator, Nehru Yuba Kendra, Sribhumi
- xxxvi. The Platoon Commandant, Home Guard, Sribhumi
- xxxvii. The Commandant 136 BN, BSF, Masimpur, Cachar.
- xxxviii. The Commandant 115 BN, BSF, Maizdhi, Sribhumi
- xxxix. The Commandant 63 BN, BSF, Dhalcherra, Cachar
 - xl. The M.P, Sribhumi
 - xli. The President, Zilla Parishad, Sribhumi
 - xl.ii. The MLA, Badarpur/ Ratabari/ North Sribhumi / South Sribhumi / Patharkandi
 - xl.iii. The BDOs, Sribhumi District
 - xl. iv. The Secretary/President, Red Cross Society, Sribhumi
 - xl.v. The Secretary/President, Lions Club, Sribhumi
 - xl.vi. The Secretary/President Rotary Club, Sribhumi
 - xl.vii. The secretary/president, Bharat Bikash Parishad, Sribhumi

4. District Disaster Management Team (DDMT):-

Sl. No.	District Disaster Management Team	Agency responsible at the District Level
a.	Early Warning & Dissemination	a) Project Director, DRDA.
		b) EE, Water Resources
		c) EE, PWD (Roads and Building)
		d) EE, Irrigation
		e) Dist./ Platoon Commandant, HG
		f) DTO
		g) DIPRO/ SDIPRO
b.	Search & Rescue	a) ADC(DM)
		b) SP / ASP
		c) Commandant, Home Guard
		d) EAC
		e) SO, IWT
		f) VDP
		g) NDRF/ Army, if requires.
c.	Shelter Management	a) PD, DRDA
		b) Inspector of Schools
		c) DEEO
		d) EE PWD (Bldg)
		e) DFO,(T) and (SF)
d.	Supervision of Rolling reserved Stock.	a) ADC(Supply)
		b) DDS, F&CS
e.	Relief Coordination	a) CEO, ZP
		b) ADC(DM)
		c) Superintendent , F&CS
		d) COs & Staff
		e) ASOs & Staff
		f) B.D.OS & Staff
f.	First Aid & Medical Services and Trauma counselling.	a) Jt. Director of Health Services
		b) Superintendent of Civil Hospital
		c) IRCS (Local Unit)

g.	Carcass disposal & Veterinary Services	a) DVO
		b) Chairman Sribhumi Municipal Board
		c) Chairman Badarpur M.B.
		d) EE, PHE
h.	Patrolling & Public Safety	a) S P
		b) Concerned CO
		c) EE, PWD (B)
		d) Manager, APDCL
		e) ULB Heads
		f) EE, PHE
i.	Damage Assessment	a) ADC (Revenue & DM)
		b) Circle officers
		c) PWD (Roads & Building)
		d) D.A.O
		e) EE, Irrigation
		f) AEE, WR
		g) Dist. Fisheries Dev. Officer.
		h) DVO
		i) BDOs
j.	Water & Sanitation	a) EE, PHE
		b) Dist. Commandant, Home Guard
		c) Jt. Director of Health Services.
		d) Surveillance Staff

5. Circle Level Relief Management Committee:-

Name of the Revenue Circle	Name of the Circle Officer & Chairman	Co-Chairman & Nodal Officer	Members of the Committee
Sribhumi Sadar	Smti. Jagriti Kalwar, ACS, Circle Officer, Sribhumi Sadar. Mobile No. - 8287175700	BDO, North Sribhumi & SDO, Agriculture, Sribhumi.	1. Executive Officer, KMB, Sribhumi 2. Supdt., Civil Hospital, Sribhumi 3. Commandant, 133 BN. BSF, Maizdhi 4. E.E., PWD (Roads), Sribhumi 5. D.V. & A.H.O., Sribhumi 6. SDM & HO. Girishganj P.H.C. 7. AEE, W.R. Sub-Dvn., Sribhumi 8. AEE, PHE Sub-Dvn., Sribhumi. 9. Asstt. Manager, APDCL Sribhumi 10. BEEO, North Sribhumi. 11. Inspector, FCS & CA, Sribhumi
R.K. Nagar	Sri Souvik Dutta, ACS, Circle Officer, R. K. Nagar. Mobile No. - 7577941542	BDO, R.K.Nagar, BDO, Dullavcherra & O.C., R.K. Nagar P.S. & O.C. Ratabari P.S.	1. Executive Officer, MB, R.K.Nagar 2. E.E., PWD (Roads), R. K. Nagar 3. SDM & HO., R.K.Nagar PHC 4. Vety. Officer, R.K. Nagar 5. AEE, W.R. Sub-Dvn., R.K. Nagar 6. AEE, PHE Sub-Dvn., R.K. Nagar 7. ADO (Agri) R. K. Nagar. 8. BEEO, R. K. Nagar 9. Asstt. Manager, APDCL, R.K.Nagar 10. Inspector/A.O. , FCS & CA, R. K. Nagar
Badarpur	Smti. Joy Christina Ngamlai, ACS, Circle Officer, Badarpur. Mobile No. - 9435279736	BDO, Badarpur & O.C. Badarpur P.S.	1. Executive Officer, M.B, Badarpur 2. Dy. Supdt. Srigouri CHC 3. SDM & HO., Kachuadam PHC 4. Vety. Officer, Badarpur 5. AEE, PHE Sub-Dvn., Badarpur 6. AEE, PWD (Roads), Badarpur 7. AEE, Cachar Inv.(WR) Dvn., Badarpur 8. ADO (Agri.). Badarpur 9. BEEO, Badarpur 10. Asstt. Manager, APDCL, Badarpur 11. Inspector/A.O., FCS & CA, Badarpur

Nilambazar	Sri K. Eshan Singh, ACS, Circle Officer, Nilambazar. Mobile No. - 9008083911	BDO, South Sribhumi & O.C. Nilambazar P.S.	1. SDM & HO, Nilambazar PHC 2. Vety. Officer, Nilambazar 3. AEE, PWD (Roads), Nilambazar 4. AE, PHE Sub-Divn., Nilambazar 5. J.E., W.R. Deptt. Nilambazar 6. ADO (Agri.), Nilambazar 7. BEE0, South Sribhumi 8. Fishery Officer, Fishery Deptt., Nilb. 9. Asstt. Manager, APDCL, Nilambazar 10. Inspector/A.O., FCS & CA, Nilambazar
Patharkandi	Sri Balin Baba Balari, ALRS, Circle Officer, Patharkandi Mobile No. - 7002088394/985401180	BDO, Patharkandi, BDO, Lowairpoa & O.C. Patharkandi P.S. & O.C. Bazaricherra P.S.	1. SDM & HO, Patharkandi PHC 2. Vety. Officer, Patharkandi 3. AEE, PWD (Roads), Patharkandi 4. AEE, W.R. Deptt., Patharkandi 5. AEE, PHE Sub-Divn., Patharkandi 6. ADO (Agri.), Patharkandi 7. BEE0, Patharkandi 8. Asstt. Manager, APDCL, Patharkandi 9. Inspector/A.O. FCS & CA, Patharkandi

6. HAZARD RISK ANALYSIS:-

Risk/ Hazard Analysis (Seasonality of Hazard) :-

Type of Hazards	Jan-March				April-June				July-Sept				Oct-Dec			
	H	C	A	I	H	C	A	I	H	C	A	I	H	C	A	I
Cyclone	N	N	N	N	Y	Y	Y	Y	Y	Y	Y	Y	N	N	N	N
Flood	N	N	N	N	Y	Y	Y	Y	Y	Y	Y	Y	N	N	N	N
Earthquake	Y	Y	Y	Y	Y	Y	Y	Y	Y	Y	Y	Y	Y	Y	Y	Y
Fire	Y	Y	Y	Y	Y	Y	Y	Y	Y	Y	Y	Y	Y	Y	Y	Y
Boat capsize	N	N	N	N	Y	N	N	N	Y	N	N	N	N	N	N	N
Accident	Y	N	Y	N	Y	N	Y	N	Y	N	Y	N	Y	N	Y	N

H:- Human, C:- Crop, A:- Animals, I:- Infrastructure, Y:-Yes, N:- No.

Risk Assessment :-

Type of Hazards	Time of Occurrence	Potential Impact	Vulnerable Areas
Cyclone	March to August	1. Damage of house. 2. Loss of property 3. Loss of lives.	Entire District
Flood	May to September	1. Damage of house. 2. Loss of property 3. Loss of lives.	Entire District
Earthquake	January to December	1. Damage of house. 2. Loss of property 3. Loss of lives.	Entire District
Fire	January to December	1. Damage of house. 2. Loss of property 3. Loss of lives.	Entire District
Boat capsize	May to September	Loss of lives, property	Entire District
Accident	January to December	Loss of lives, property	Entire District

7. VULNERABILITY ANALYSIS:-

List of most critical/ vulnerable reaches under W.R. Divn., Sribhumi:-

Sl No .	Name of Location	Name of Embankment Threatened	Name of River	Causes of vulnerability with length of vulnerable reach	Number / Name of villages vulnerable	Remarks
1	1000-1450 M Tapadarpara,	Embankment along B/B of river Longai from Patherkandi to Nilambazar Ph-I (R/B)	Longai	Erosion, Overtopping, Seepage, Inadequate section (450 M)	Tapadarpara	
2	3560-3800M, Dullavpur			Erosion, Overtopping, Seepage, Inadequate section(240 M)	Dullavpur	
3	At village Moiramgaon (Ch 770-805m,R/B)	Extension of Embkt. Along B/B of river Longai from ChandkhiraPWD Bridge to KatabariCh. 0-1190m(R/B)	Longai	Slumpdown/Slo ughening along river side. No offset of the dyke from the river. (35 M)	Moiramgaon	
4	4170-5680 M Nalibari	Extension of Embankment along both banks of river Longai from Chandkhira P.W.D. bridge to Katabari	Longai	Slump down / Sloughening (1510 M)	Nalibari	
5	920 - 1200 M Kachubari	Flood Protection and drainage in Patherkandi Ph – II L/B Longai	Longai	Overtopping (280 M)	Kachubari	
6	950-1070M, Separgaon, 2230-2770M, Jamirala	Flood Protection and drainage in Patherkandi Ph – II R/B Longai	Longai	Bank erosion (660 M)	Speargaon, Jamirala	
7	1645-2000M Forest Office	Flood Prevention in & around Patherkandi Ph – I R/B Longai	Longai	Overtopping (355 M)	Forest Office area	
8	12900-19000 M Issaganj Tehghori Cherrarbazar, Bahadurpur	Embankment along B/B of river Longai from Patherkandi to Nilambazar Ph-II (R/B)	Longai	Erosion, Overtopping, (6100 M)	Issaganj Tehghori Cherrarbazar, Bahadurpur	
9	350M Jabainpur, 300M Bakarshal, 500 M Kuripatty, 400M Sadarashi, 300M Chandsrikona , 400M Jagannathi, 150 M Sherulbagh	Embankment along L/B of River Kushiyara from Tillabazar to Lakhibazar Ph-II	Kushiraya	Erosion, Sliding, sloughening (2400 M)	Jabainpur, Bakarshal, Kuripatty, Sadarashi, Chandsrikona , Jagannathi, Sherulbagh	
10	200 M Sheralipur, 200M Aurangabad,	Embankment cum road along L/B of River Kushiyara from Haritikar B.O.P. camp	Kushiraya	Erosion, Sliding (800 M)	Sheralipur, Aurangabad, Lamajuar	

	400M Lamajuar	to Kachua confluence. (Mirjapur 0 Point)				
11	Ch. 4000- 5200 M	Protecting the area from Phanairband to Dullavpur from flooding of River Shingla. (L/B)	Shingla	Slumping, Sloughening (1200 M)	Panchdali	
Total length:				14,030 M		

List of most critical/ vulnerable reach under Cachar Inv. W.R. Divn., Badarpur.

Sl No.	Location/Area	Name of the embkt. threatened	Name of River	Cause of Vulnerability with length of vulnerable reach (in M)	Number / Name of villages vulnerable (preferable)	Remarks
1	Srigouri (under Sribhumi)	Dyke along L/B of river Borak from Badarpur to Bhanga Phase-II	Barak	National Highway affected due to Vertical settlement around 280M[Recently developed]	Srigouri	The National Highway is the only the connecting road to Tripura state and major cities of Sribhumi Town,
2	Srigouri (under Sribhumi)	Dyke along L/B of river Borak from Badarpur to Bhanga Phase-II	Barak	Bank Sloughing & erosion 200M	Srigouri	Srigouri market area and thickly populated area under the treat of Breach
3	Umarpur (under Sribhumi)	Dyke along L/B of river Borak from Badarpur to Bhanga Phase-II	Barak	Severe Bank Sloughing around 250m	Umarpur	Severe Bank Sloughing, many homested under threathning under grasp of river Borak .
4	Chaitnyanagar (under Sribhumi)	Dyke along L/B of river Borak from Badarpur to Bhanga Phase-II	Barak	Severe Bank Sloughing & erosion around 250M	Chaitnya nagar	Matter was very serious during the flood of 2022.
5	Jagganathpur (under Sribhumi)	Dyke along L/B of river Borak from Badarpur to Bhanga Phase-II	Barak	Overtopping reach due to Inadequate Section of embankment from Ch. 5300m to 7360m= 2060M	Jagganathpur	Matter was very serious during the flood of 2022.
6	Masly (under Sribhumi)	Dyke along L/B of river Kushiyara from Haritikar BOP Camp to Kachua Confluence	Kushiyara	Overtopping reach due to Inadequate Section of embankment from Ch.2050- 2150m=100M Near Bhanga BOP Camp	Masly	Overtopped during the flood of 2022Ch.2050- 2150m=100m Near Bhanga BOP Camp

7	Rosulpur [Krishnapur] (under Sribhumi)	Dyke along L/B of river Kushiyara from Haritkar BOP Camp to Kachua Confluence	Kushiyara	Erosion 350M	Rosulpur [Krishnapur]	U/S 150m & D/S 200m Anti-erosion work is highly required.
Total length:			3490 M			

8. River Carrying Capacity:

Sl. No	Name of the River	Gauge Station	Danger Level (in Mts.)
1	Kushiyara	Lime Factory, Deopur, Sribhumi	14.94
2	Longai	Chankhira P.W.D. Bridge	22.00
3	Singla	Anipur P.W.D. Bridge	17.98
4	Barak	Badarpur Ghat	16.85

15.Checklist for District Commissioner, Sribhumi:-

A) PREPAREDNESS & MITIGATION

1. Once in a quarter check that the data base for multi hazard district DM plan is updated. The ADC (Rev)/DEOs to update & report to collectors on 10th of April, July, October & January every year.
2. Once a month check that all equipment in the District Control Room (presently renamed as DEOC) is functional & the maintenance is carried out as per the maintenance manual of each equipment (each equipment like SAT phone, VHF-radio set, FAX, computer with printer & E-mail, generator, telephone, mobile phone & any other equipment in DCO must have a maintenance manual & all records on maintenance up to date duly authenticated with of DEO). All the boards, maps, charts, registers & documents are laid out as per the SOP (SOP must give out every aspect of DCO in great details including duties & responsibilities of each functionaries, clear guide lines for handling & maintenance of all equipment, check list of all maps, boards & charts, registers, documents & manuals etc). An inspection register will be maintenance for this purpose & the DEO after each inspection will enter the date of inspection, name & sign.
3. Monthly review meeting of all line Deptt. in respect of all disaster preparedness & mitigation activities like strengthening of embankments, construction/strengthening of vulnerable roads, construction of multi purpose safe shelters, installation / renovation/ repair of tube wells with raised platforms for drinking water, arrangements for stocking of relief materials, medicines, hygiene& chemicals before flood season.
4. Fresh Training for all newly posted /refresher training of all old officials in disaster management, who are part of DMC & DMT to be carried out in a planned manner once a year. A register will be maintained in the DMIC where the names of trained personnel will be recorded giving the dates of training duly signed & authenticated by the DEO. Whenever the officer is posted out a note to this effect will be recorded in his/her relieve

- order giving the details of training attended so that the person is available in the new location for disaster management duplication of effort for training is avoided..
5. Training of officials who will man the DMIC in the 24-hour cycle for the entire disaster season to be completed in time
 6. The NGO/volunteers/NCC/NSS/NYKS/Zilla Sainik Board meetings are held every month & their activities especially for DM is fully coordinated based on their experience & expertise. The area of each NGO should be clearly known to each NGO as well as dist admin. The activities to be co-coordinated right up to village level. The list of NGOs/specialized NGOs/Volunteers to be available in the area of operation from village to dist a master list giving details of each area to be maintained in the DMIC.
 7. Lat-Long of vulnerable areas, schools/shelters, helipads& dropping zones should be available with the DCO.
 8. Awareness campaign strategy before the disaster season in terms of warning dissemination procedures, individual/house hold safety tips etc planned.
 9. Co – ordination meeting of stockiest is held every quarter emergency level of stocks to be maintained by each stockiest for food stuff, medicines, blood, kerosene, diesel, patrol, house hold goods of daily use like candles, match boxes etc are updated in the data base.
 10. Meeting of transporters is held every quarter & database of transport requirement, the minimum number of vehicles to be provided by each transporter is up dated.
 11. Media Management awareness Campaign Strategy meeting to be reviewed every six months for co-ordinate & implemented before every disaster season actual disaster periods.

B) PRIOR TO COMMENCEMENT OF DISASTER SEASON.

1. The multi hazard disaster management plans of the dist to be completed in all respects with latest up to date database. Certified reports to be submitted by BDOs that all village, GP & block DM plans with up to date database are ready.
2. Fully equipped & operational DMIC equipments are checked for functionality. Communications tested & established with IMD, Revenue DMIC or SRC DMIC, Blocks. All batteries are fully charged & generators at DMIC/DCO put to trial run for at least continuous 2 to 4 hours. Report to the extent that all actions are complete the DMIC & its equipments are fully operational is given to Collector by ADC(Rev.)/ DEO.
3. All members of dist DMC & DMT are fully trained made aware of their roles responsibilities as per the DM plan. Certified report from BDOs to collectors on the above for the villages, GPs Block.
4. All persons to man the DMIC are fully trained & aware of their responsibilities.
5. Duty roaster for DMIC prepared all concerned informed.
6. All storage go-downs & safe shelters of all the vulnerability pockets are cleaned, maintained, fully stocked as per the DM plans. Certified fortnightly reports to this effect given by BDOs to the collector in respect of all villages, GPs blocks.
7. Meetings of dist, block, GP village DMCs are conducted all functionaries fully apprised of their roles as per the DM plans.
8. All equipments like boats, dozers, earthmovers, road clearance equipment sets are operational placed at most vulnerable points by the concerned line departments/DEO in consultation with the collectors as per the appreciation carried out in the DM plan.
9. Preparedness activities of all line departments like strengthening of embankments, sinking/repair of tube wells & ensuring raised plat forms/raised grounds so that they do not get submerged, stocking of medicines allocation of medical/para-medical staff as per the DM plan, operationalization of flood gauges rain gauges with communication facilities etc are completed in all respects certified completion report submitted to the collector.

10. Mock drills conducted at all levels report furnished to dist collector (some Govt. officers are designated for each mock drill who supervise & report to the authority with recommendations for any additions /deletions.)
11. Co-ordination with the NGO is complete each NGO is aware of their areas of operation level of participation.
12. Co-ordination meeting of all the stockiest held & each one given the level of emergency stocks that they have to maintain during the disaster season (dry foods, kerosene, patrol, diesel, medicines, blood, candles, match boxes, daily house hold items etc.
13. Awareness campaign launched as per plan.

C) ON RECEIPT OF WARNING

72 HOURS PRIOR (All are warned, normal activities to continue, movement of vulnerable community like fisher men are restricted if special warnings issued)

1. DMIC activated made functional on 24-hour cycle. Message IN OUT registers are maintenance collectors kept informed on minute-to-minute basis.
2. Exact details of the implications of the warning checked from the IMD Revenue DMIC.
3. Warning with clear directions for the Govt. officials, PRI members the community especially for the vulnerable community like the fishermen are passed through the fastest means of communication checked back for accuracy at the other end.
4. Duplicated communication is established with the Revenue DMIC, SRC, IMD all the blocks.
5. Meeting of the DMC, line depts. & PRI members involved in DM is held clear directions for each one's responsibilities are spelt out as per the DM plan
6. Warning issued to disaster managers to check their men, material & equipments as per the checklist vulnerable communities check their response mechanism as per the household & individual checklist in accordance with DM plan.
7. Stocking of all safe shelters is checked & those NOT stocked are immediately stocked.
8. Strengthening of all individual & community houses completed.
9. Areas for animals cleaned & re earmarked if required. Animal fodder& feed stocking done.

48 HOURS PRIOR TO DISASTER (Preparation to move by disaster managers& vulnerable community commences& outdoor movement in most vulnerable areas restricted if warnings received)

1. All the equipments of the DMIC especially the communication equipments are thoroughly checked all back-up battery fully charged positioned. Generator sets are re checked for functionality fuel checked stored properly.
2. Connectivity status of each block, vulnerable points rechecked chart at DMIC up dated with information to Revenue DMIC. Duplicated communication including police channels tested.
3. The entire stockiest are warned to keep assured level of stocks to move at short notice.
4. All transporters warned to keep the assured vehicles to be hired at short notice.
5. All rescue & Evacuation moved to most vulnerable pockets located in far-flung areas.
6. All disaster managers complete preparations to move. Disasters managers with men, materials & equipments moved to inaccessible pockets.
7. All preparations for move to safe shelters by vulnerable community completed.
8. All dist admin for mutual aid scheme complete preparations as per checklist to move men, material & equipments.
9. All NGOs/volunteers/NCC/NSS/NYKs/Dist Sainik Board personnel briefed about their area of operations & ready to move. Move to inaccessible pockets starts.

12 HOURS PRIOR (Move to safe shelters by vulnerability community, move of disaster managers & volunteers with complete equipment, material & men completed to designated vulnerable areas & outdoor movement restricted).

1. All vulnerable personnel are asked to shift to safe shelter.
2. All the task forces are put into operation.
3. All the NGOs & volunteers are put into operation as per their area of responsibility & their activities monitored through the concerned Govt officials.
4. The stockiest warned to keep their stocks ready to move at short notice.
5. Media/public briefing systems activated on 6hourly basis.
6. The transports as per the plan are hired as per requirement. Other transport is kept warned in a state of readiness.
7. The progress is constantly monitored.
8. The dist. not likely to be affected & planned to provide mutual aid during disaster stage forward their resources & operationalize their support process.
9. In case of a warning that the cyclone has abated or changed course the same should be confirmed from authentic sources like the IMD or Revenue Control room & information passed to all to stand down.
10. In most vulnerable pockets OIC disaster site/incident commanders notified.

D) ACTIONS ON DISASTER

1. Nominated incident commanders/OIC disaster site at each of the sites start operations to supervise rescue& Evac, relief & restoration operations
2. Co-ord all activities through incident commanders/OIC disaster site.
3. Those requiring immediate medical treatment are moved to dist/medical college hospitals as per the priority of evacuation spelt out by the attending doctors.
4. The incident commanders/OIC disaster site assisted by the PRI members/ NGOs carry out an immediate assessment after reconnoitre & survey to identify the damages, casualties, gaps/short falls in terms of food, water, medical aid, clothing, shelter & send the demand to the DMIC.
5. The men, material & resources are moved as per the requirements & priority laid out by the OIC/ incident commander & short falls are moved from the other dists/state..
6. Temporary shelters, kitchens, water points are organised & operationalised.
7. Sanitary checks & disease surveillance are put into operation.
8. Arrangements for animal camp & fodder organised.
9. Carcass disposal teams if required are activated.
10. A detailed assessment is carried out for damage, casualties, resource shortfall by deploying additional officers with support from the NGOs/Volunteers, PRI &community after reconnoitre & survey.
11. Continuous flow of information & State authorities kept informed of latest details.

E) POST DISASTER ACTIVITIES.

(Depending on the situation but preferably after three days)

1. Community are encouraged to return to their houses at the earliest.
2. Assistance in terms of food material, medicines, and clothing, cooking utensils provided to the affected population controlled through DMIC & incident commander/OIC of the disaster site.
3. All stores & materials are moved as per the detailed assessment & distributed under the supervision of Govt. officers, volunteers, PRI members & responsible representatives from the community.
4. All drinking water sources are disinfected & activated.
5. Disinfections of the disaster site carried.
6. Disease surveillance to check occurrence of epidemic if any & preventive measures.
7. Trauma counselling if required is carried out for affected population.

8. A team of Govt. officials, PRI, NGOs/ local senior citizens consisting of specialists from all fields is immediately asked to prepare a detailed report starting from the activities from pre disaster season to the disaster & post disaster period bringing out all aspects of preparedness, response, restoration, rehabilitation, the detailed causes of damages &, casualties & deficiencies noticed in the plan. The detailed report must be completed in all respects & submitted within 30 days.

F) POINTS FOR CONTINUOUS PLANNING, INNOVATIVE THINKING & IMPLEMENTATION

1. All developmental plans approved by dist/block authorities are checked from disaster mitigation angle.
2. Continuous planning & execution of plans for providing sustainable livelihood for most vulnerable communities.
3. Implementation of the coastal eco system management is continuously monitored & all violations checked.
4. Alternate safe housing technology along with rainwater harvesting structures is constantly encouraged & mainstreamed for long-term vulnerability reduction.
5. Continuous Awareness campaign & encouragement for Disaster proof Habitat planning at community level including shifting from low lying areas to safe raised grounds.(with some incentives if feasible).
6. Disaster management including first-aid & rescue & evacuation as a compulsory part of school, college, educational institutions (both techno-tech) curriculum starting from primary level.
7. Equipping each PHC/CHC/Dist hospitals to provide training in first-aid round the year & making it compulsory for all citizens to learn first –aid. (Test on first-aid compulsory for any entrance exam including entry into +2 level college/school, as part of test for driving license for two wheeler up wards etc)
8. One centre school/college in each GP, two at block & four at dist equipped to provide training in rescue & evacuation round the year.

16. STANDARD OPERATING PROCEDURE (SOPs) FOR THE CONCERNED GOVT. LINE DEPARTMENTS AT THE DISTRICT LEVEL

1) Superintendent of Police

(A) Normal time activities:

- i) In the District level, the Addl. Supdt. Police or a DSP will coordinate all the works of disaster management as nodal officer. He will prepare a separate and comprehensive plan of the whole district regarding the department of police and also prepare details of resources as a part DDMP. He will consider the following in it:-
 - a) Details of contacts of all the staff members under the SP, Sribhumi.
 - b) Details of buildings, vehicles, contractors and the vehicles used by them in their jurisdictional area.
 - c) Maps and statistical data of all the Police stations.
 - d) Resources and Human Resources useful at the time of Disasters.
 - e) Details of police staff and retired officers / staff of the police and control room.
 - f) Details of function and of staff of District Police control room.
 - g) Appointment of nodal officer in the control room.
 - h) Traffic arrangements towards the disaster affected areas.
 - i) Details of anti-social elements.
 - j) Security arrangements at relief camps and food storage.

- k) To assist the DC to control the black marketers of the district.
- l) Security of the transportation of relief materials.
- m) Immediate police procedures for human death.
- n) To assist the authorities for the evacuation of people from disaster affected areas.
- o) Adequate equipments for communication.
- p) List of swimmers.
- q) Wireless stations in the whole district and communication network.
- r) To update the related details of disaster management plan.
- ii. To appoint control room in charge at the time of disaster.
- iii. To maintain the traffic towards disaster affected areas.

B) On receiving the warning:-

- a) Will contact the DC/ADC/Emergency Officer.
- b) Make advance preparation to implement the action plan for search & rescue.
- c) Will prepare a plan for police personnel for search and rescue operation.
- d) Will arrange to communicate the message through all the equipments of communication and vehicles as per the necessity.

C) Post Disaster Activities:-

- a) Will arrange law & order against theft in the disaster affected areas.
- b) Will co-ordinate the search and operation through NCC/ DMTs/NGO/VDP/HG etc.
- c) Will arrange for security at the relief camps / relief materials storages.
- d) Will see that law & order is maintained at the time of distribution of relief material.
- e) Will assist the authorities for evacuation of people to the safe places.
- f) Will make due arrangements for post mortem of dead person, and legal procedure for speedy disposal

2) Executive Engineer, Water Resources

A) Normal Time Activities:

- a) Prepare a separate plan including list of available resources, staff members etc for water resources to face any kind of disaster.
- b) Identify weak & vulnerable embankments of the district.
- c) Identify the River Carrying Capacity with Zero level & Danger level.
- d) Identify alternate route structure to the vulnerable area.
- e) Maintain the equipments of the department which can be used during emergencies and will ensure that these are in working condition.

B) On Receiving the Warning:

- a) Contact the District Control Room and assist in the work.
- b) Ensure that all the staff members remain on duty at the head quarters.
- c) Ensure the resources available and establish contacts for the same to deploy

those at the time of emergency.

- d) Set up a temporary control room for dissemination of information during the disaster.

C) Post Disaster Activities:

- a) Carry out the duty assigned for search and rescue work.
- b) Contact the higher authority
- c) Dispatch the task forces with necessary equipments for maintenance of weak & vulnerable embankments.
- d) Utilize the external resources and manpower allotted in a planned manner for disaster management.
- e) Immediately undertake the emergency repairing work as mentioned in the action plan.
- f) Prepare a primary survey report regarding the area affected and send the same to District Control Room & Deputy Commissioner immediately.

3) Joint Director of Health Services:-

A) Normal time activity:

- I. While preparing the DDMP/ updating the same, the Health Department shall take care to include the following particulars carefully:
 - a) A separate plan for disaster management regarding health.
 - b) Arrangements for exchange of information in the control room at mother PHCs.
 - c) Appointment of nodal officer.
 - d) Advance arrangements for life saving medicines, insecticides and vaccines.
 - e) Maintain of vehicles such as ambulance, jeep and other equipments such as generator etc.
 - f) Distribution of work by forming of staff during emergency.
 - g) List of private practicing doctors/ medical facilities.
 - h) Arrangement for survey of disaster.
 - i) Mobile dispensary units.
 - j) Information regarding proper places for on the spot medical services in various villages during disaster.
 - k) Dissemination of information among the people regarding the death, injury etc.
 - l) Primary information of disaster related relief activities to all the staff members.
 - m) Training to primary health centre / community health centre staff to prevent spreading of diseases people, animals, and advance for the same.
 - n) Blood group wise list of blood donors with contact telephone numbers and addresses.
- II. Formulate special programme to generate sympathy and awareness among the staff / officers of health for disaster management.
- III. Training to DMTs (Village Task Forces) regarding first aid.
- IV. To prepare an action plan for the availability of equipments to be useful at the time of

disaster management for medical treatment.

- V. Co-ordination with various Govt. agencies – schemes to meet the necessity of equipments in emergencies.
- VI. To see that all the vehicles like ambulance, jeep and equipments like generators and equipments essential for the health care with Primary Health Centre are in working condition.

B) On receiving the warning:

- a) Will ensure the availability of important medicines, life saving medicines, insecticides and if necessary contact the higher authorities for additional supply.
- b) Round the clock control room at mother health centre/Hospital at district level.
- c) Will send the health staff for duty in their areas as per the plan of disaster management.
- d) Activate the mobile health units for the post disaster situation.
- e) Will organize in advance to mobilize the local doctors and local voluntary agency for emergency work.
- f) Will establish the live contact with district control rooms.
- g) Will contact the blood donors for blood donation, on the bases of lists prepared.

C). Post Disaster Activities:-

- a) Provide first aid to the injured and shifting of seriously injured people to the nearby hospital / primary health centre.
- b) Send sufficient stock of medicines to the affected areas immediately.
- c) Will make arrangements for the available additional health staff in the affected areas deputed by the state / district authority.
- d) Will organize to sprinkle the insecticides to prevent spreading of disaster, through people's participation in the affected areas.
- e) Will ensure the purity of drinking water by testing the sources of water.
- f) Will depute the mobile units for first aid.
- g) Distributions of chlorine /halogen tablets including other necessary medicines from house to house through health staff and DMT members.
- h) Will shift the seriously injured people to the hospital.
- i) Will immediately start the procedure for post mortem of the dead persons as per rules.

4) Executive Engineer , Public Health Engineering

A) Normal time activities :

While preparing/ updating the DDMP, the PHE deptt. shall ensure the following to be included in it:

- a) Setting up of control room and arrangement for control room operator.
- b) Assign the responsibility as nodal officer to the Executive Engineer or any other

officer next to him/her.

- c) Prepare an alternative contingency plan to provide drinking water in case of failure of regular water distribution system during disaster.
- d) Detailed information of available water resources in all the villages of the District.
- e) Arrangement of Govt. / Private Tankers to provide water temporary and immediately.
- f) Preventive measures for water born diseases and chlorination of water.
- g) Availability of safe drinking water in the affected areas.
- h) Inform staff about the disaster.

B) On receiving the warning :

- a) Organize the teams to check the sources of water / drinking water.
- b) Stand by arrangement of tankers for drinking water through tankers or any others available sources.
- c) Will arrangements for DG sets for electric supply due to possibility of disruption of the electric supply same at the time of disaster.
- d) Will make available chlorine tablets in sufficient quantity and arrange to distribute through DMTs.

C) Post Disaster Activities :

- a) Implement the alternative contingency plan to provide drinking water in case of failure of regular water distribution systems during disaster.
- b) Will start work for immediate repairing of water pipes in case of damage.
- c) Will arrange to check the water tanks, overhead tanks, and pumps, reservoirs and other water sources.
- d) Will contact the electricity authorities to re-establish the electric supply in case of failure .
- e) Will provide chlorinate water either by activating group water supply schemes, individual schemes or through tankers.
- f) Will provide drinking water to the relief camps / relief kitchens, shelters etc. through available resources.

5) Executive Engineer, Irrigation

A) Normal time

While preparing / updating the DDMP, the irrigation department shall carefully include the following particulars:

- a) Contact addressed and phone numbers of all the staff / officers, vehicles and swimmers of the District
- b) Details of irrigation related factors in the District such as rivers, ponds, canals, large and medium dams etc.
- c) Control room arrangements in the head quarter and appointment of Nodal Officer.
- d) Details of damage prone places, villages and the approach roads in District.
- e) Location of water level gauge station for flood situation.
- f) Set up to disseminate information / warning to the control rooms of DC office /district irrigation control room and to the damage prone villages in case of flood situation.
- g) Details of immediate action to be taken in case of leakage in large water storage reservoirs.
- h) Supervision over major storage/ reservoirs.
- i) Very clear explanation of disaster and priorities during disaster to all staff.
- j) Effective working of control room at every major dam.
- k) Enough and ultramodern equipments for communication.

- 1) Periodical checking of dam/ waste weir, canal-tunnel, roads leading to dam etc. for maintenance during normal time.

B) On receiving warning:

- 1) Ensure that communication equipments like telephone, mobile phone, wireless set and siren etc. are in working condition.
- 2) Keep the technical / non technical staff under your control ready and alert them.
- 3) Get status reports of ponds, dam, canal and small dams through technical persons.
- 4) Will take decision to release living in low – lying areas through control room of district in case of increasing flow of water or overflow.
- 5) Keep the alternative safety arrangements ready in case of damage to the structure of dam/ check dam due to or overflow in the reservoirs.
- 6) Make due arrangements to disseminate the information about the increasing and decreasing water level whatever it may be to the community. Media and the district control room.
- 7) A senior officer will remain and work accordingly at large storage, reservoirs.
- 8) Will arrange to provide the de watering pumps, generators, trucks and bulldozers, excavator, boats for search and rescue operations wherever are required.

C) Post disaster activities:

- 1) Will obtain the clear picture of the condition of all the reservoirs through teams of Technical Officers.
- 2) Ensure about no overflow or no leakage through Officer Level.
- 3) If overflow or leakage is found, start immediate action to avoid adverse effect to the reservoir as per the action.
- 4) Will keep the district control room informed about reservoir wise water level and related conditions. If there is no possibility of risk, keep people and media informed about “ everything is safe”.
- 5) If overflow or any leakage is found, he will immediately warn the people living in low lying areas through sub-divisional/ district control room.
- 6) Will take due care for the transportation of drinking water if drinking water is provided through irrigation scheme.
- 7) Will assist the local administration to use boats, de watering pumps etc. for search & rescue operations.

6) Executive Engineer, Public Works Department (Roads / Building) Division:-

A) Normal time activities:

- 1) While preparing a separate plan and details of resources of R & B Department as a part of DDMP the following should be included.
 - a) Details of all the staff members under their control in the District
 - b) Details of buildings / vehicles and equipments under the control of Divisional office
and also the names of contractors with vehicles and equipments used by them.
 - c) Maps of the areas in the District with the statistical data related to available resources.
 - d) The position of approach roads and other road of all the villages including bridges, railway crossing etc.
 - e) They will also take care of too see the strictly observe the rules during the constructions regarding earthquake, flood and cyclone proof materials.
 - f) The R & B Department will inspect periodically the buildings, residences, high rise building under their control.
 - g) Damage prone road bridges and arrangement for their inspections.

- h) Action plan from emergency repairs.
- 2) Will appoint an officer not below the rank of Asstt.Exe. Engineer to co-ordinate during emergency at the District control room.
- 3) Will maintain the departmental equipments such as bulldozers, tractors, water tankers, dumpers, earth movers, excavator, de-watering pumps, generators, cutters, tree cutters, ladders, ropes, flood light, shovels, axes, hammers, RCC cutters etc., which can be used during emergency and will quarterly check up these to ensure in working condition.
- 4) Will make due arrangement for water drainage, latrine etc. at public shelters and such others building which can be used for housing the evacuees.
- 5) Will prepare a list of public properties, which could get damaged during disaster & take due advance action to minimize such damage.

A) On receiving the warning :

- a) Will immediately contact the District control room for assistance.
- b) Will ensure that all the staff members remain on duty at the head quarters.
- c) Will send the officers and staff assigning them specific duties for the DDMP.
- d) Under take all action for the disaster management required to be done by the R & B department after receiving instructions from District Liaison Officer /Nodal officer.

C) Post disaster activities:

- a) Will follow the instructions of the District liaison officer.
- b) Will remain active for search and rescue activities.
- c) Will provide all the available resources and manpower for disaster management.
- d) Will implement the action plan included in the DDMP.
- e) Will mobilize the service of technical personnel for the damage survey work to help the District Administration.
- f) Will prepare a primary report of damage in the affected area within 12 hrs. / 24 hrs looking to the emerging situation.
- g) Will make arrangement for water and latrine in the temporary shelters. He will also inspect the approach roads leading to the temporary shelter and repair the same if so required.
- h) Will make arrangement for the repair roads, bridges etc; ensure free flow of vehicles.

7) Senior Manager , Assam Power Distribution Company Limited , Central Assam Zone.

A) Normal time activities:

- 1) While preparing a separate plan regarding ASEB, the EE will prepare the list of following available resource as a part of DDMP. He includes the following.
 - a) Details of the staff members under him with their contact addresses and telephone numbers.
 - b) Details of buildings, vehicles and equipment under his control as well as the name of contractors and the vehicles and equipment used by them.
 - c) Maps showing the power stations, sub- stations , diversification of power units (DPs), transformers and major electric lines with detail information.
 - d) Other important details like water supply scheme depending in electricity, drainage systems, railway stations, bus- depots, strategically important places,

- army, air force,
major hospitals and for that he will check and ensure of electric supply during emergency.
- e) Prepare an action plan for repairs / alternative arrangement in the case of electricity disruption as a part of DDMP.
Inspect at every 3 (three) months the power stations, sub- stations etc. which are damage prone.
 - g) The plan should include for timely supply of electric poles, DPs transformers etc;
at the time of line disruption.
 - h) He will prepare an action plan for immediate procurement of the required tools and equipments for restoration of electric supply on temporary bases.
 - i) The technical personnel from the near by districts which are not affected.
- 2) He will appoint an officer not below the rank of AEE to co-ordinate at the District control room during emergency.
 - 3) He will also maintain the inventory of equipment under him/her such as bulldozers, tractors, water tankers, dumpers, earth move machines, de-watering pumps, generator, cutters , tree cutters, ladders, ropes, flood lights, shovels, axes, hammers, RCC cutters etc.; which can be used during emergencies and will ensure that these are in working condition. He will also check up once in every three months.
 - 4) He will take due care to see that the electric supply is not disrupted at the place of emergency services mentioned in point (1) (d), shelters, emergency hospital etc.
 - 5) He will prepare a list of public properties related to ASEB, which are in the damage prone areas and will make advance arrangement to minimize the damage.

B) On receiving the warning:

- 1) He will contact the District control room and assist in their work.
- 2) He will ensure that all the employees under him remain present on duty at the District Headquarter.
- 3) He will assign work to all Officers/ employees under him related to ASEB under the DDMP.
- 4) He will receive the information for the District liaison Officer and will immediate undertake all the actions, which are necessary.
- 5) He will ensure to make available the resources available and will establish contact for he same to deploy those at the time of emergency, which are included in the DDMP.
- 6) He will consult the DC or District Emergency Officer to discontinue the supply in case of damage in the line or for the safety of the people and property.
- 7) He will make groups having vehicles for the emergency work and will assign the areas.
- 8) He will immediately set up a temporary control room in his office for dissemination of information during the disaster and will appoint a nodal officer from ASEB for this work.

C) Post disaster activities:

- 1) He will follow the instruction of the DC/Emergency Officer.
- 2) He will perform the duties assigned to him for the search and rescue work.
- 3) He will deploy the resources and manpower required for the disaster management.
- 4) He will review the electric supply position, which has got disrupted and ensure that the same is restored as soon as possible.
- 5) He will dispatch the task forces with necessary equipments to the place where the electric supply is disrupted and ensure that the same is restarted at the

- earliest..
- 6) Contact the Circle officer or the Central control room of ASEB to procure the machines and equipments , vehicles, manpower, technical personnel for restoration of the electric supply.
 - 7) He will utilize the external resources and manpower allotted to him in a planned manner for disaster management.
 - 8) He will prepare a primary survey report regarding damage in the area under his charge and send the same to the district control room and to his own administrative head immediately.
 - 9) He will make temporary arrangement for electric supply to the places like District control room, hospitals, shelter, jail, police stations, ports, bus depots etc; with DG sets if necessary.
 10. He will immediately undertake the emergency repairing work as mentioned in the action plan.

8) The Divisional Engineer, Telecom.

A) Normal time activities :

- 1) While preparing a separate plan regarding telecommunication in his jurisdiction / district as a part of DDMP. He will include the following details of resources.
 - a) Details of all the staff members under him.
 - b) Details of building, vehicles, and equipments under him including the contractors and the vehicles and equipments used by them.
 - c) Maps showing the details of telephone exchanges, DPs important telephone lines, hot lines, telex lines, microwave towers under him with statistical data.
 - d) Details of telephone numbers of water supplies, control room, hospital, drainage system, railway stations, bus depots, strategically important places, army, air force , jail, police and other sensitive places, major industrial units, and other communication channels which can be used during emergency.
 - e) Action plan for repairs of alternative arrangement in case of disruption of telephone line and microwave towers.
 - f) Inspect of the telephone exchanges/ sub- exchanges in the damage prone area at every 3(three) months.
 - g) He will make an action plan to avail immediate and timely, telephone, poles, DPs transformer to establish the communication system.
 - h) He will prepare an action plan to avail temporarily, technical personnel from the near by district, staff and vehicles from the district office which are not affected in consultation with district authority.
- 2) He will appoint an officer not below the rank of SDE to co- ordinate the district control room during emergency.
- 3) He will maintain the equipment under them such as diesel generators, dumpers, generator, cutters, tree cutters, ladders, ropes, flood lights, shovels, axes, hammers, RCC cutters, cable wire, fire equipments, de- dusting equipment etc; which can be used during emergency and ensure every month that these are in working condition.
- 4) He will ensure that the telephone lines at the shelters, emergencies hospital, police stations, control room and other place of emergencies services which can be used during disaster are not disrupted.
- 5) He will prepare a list of public the properties related to the telephone department which are in the damage prone areas and will make advance arrangement to lessen the damage.

B) On receiving the warning :

- 1) He will contact the district control room and assist in the work assigned to him as a part of his duty.
- 2) He will ensure that the staff under his control are on duty at the headquarters.
- 3) He will assign work to his sub- ordinate officers/ employees as per the DDMP and send them to the sites.
- 4) He will receive instructions from the district liaison officer and will do the needful.
- 5) He will ensure the availability of resources included in the DDMP and establish contacts for the same during emergency.
- 6) Consult the DC/Emergency Officer to discontinue the units which are damage prone or for the safety of the people and the property.
- 7) Make groups having vehicles for emergency work and will assign the areas out of affected areas to them.
- 8) He will set up a temporary control room for the exchange of information for emergency work and will appoint a nodal officer.

C) Post disaster activities:

- 1) He will follow the instruction of the DC/ District liaison officer.
- 2) He will perform the duties assigned to him for search and rescue work.
- 3) He will deploy the resources and manpower available to manage the disaster.
- 4) He will review the situation regarding disconnected telephone lines due to safety majors and re-establish the communication network as soon as possible.
- 5) He will send the disaster management teams (task forces) with necessary equipments for restoration of the telephone lines speedily where the lines are disrupted and to such places; which are strategically important.
- 6) He will contact the Circle Officer or the District control room to obtain the equipments, machines vehicles, manpower, and technical personnel to restore the telephone lines.
- 7) He will arrange to obtain external help to manage the disaster.
- 8) He will prepare a primary survey report of damage in his area and will send the same to district control room and also to his administrative head shortly.

Check List: (Do's and Don'ts)

➤ **Flood**

Floods, which are a natural hazard, need not become a disaster, if we are prepared to deal with them. Some preparedness measures that we need to carry out at the individual level to minimize the hazard and losses that arises out of flood.

(Be aware of flood hazards no matter where you live, but specially if you live in a low-lying area.)

DO'S	DON'TS
Stay tuned to Doordarshan, All India Radio for flood	Don't go into water of unknown depth

bulletins/weather reports broadcast in the monsoon period. Plan & prepare for moving to higher grounds/raised platforms available nearby. Determine how you would care for household members who may be elsewhere but might need your help in a flood. First aid kit should be ready with extra medicines for snakebite, diarrhea and fever. Tie up all valuables at the top of the roof. Radio with extra batteries, torch, ropes to be kept ready. Store dry ration, kerosene, biscuits, baby foods, etc atleast for 7 days. Water proof bags, politeness to store clothes and valuables. Be ready with umbrella and bamboo sticks (to protect yourself from snakes). Prepare to survive on your own for at least 3 days. Arrange your own transportation means (Boats). Keep a stock of extra drinking water and halogen tablets. Shut off electricity, gas and water at main switches and valves. Identify a highland / mound for the cattle and sufficient fodder for them. As soon as you receive warning message from the District Authority, evacuate the place and take the route of the nearest safe shelter. Keep vigil on water level on the riverside of the embankment for any eventuality of flood. Co-ordinate with the District Administration for over all management of the situation. Drink boiled water or put Halogen tablets.	and current. Don't spread rumors. Get authentic data and then announce it. Don't make blockade in the route. Keep embankment crest level free for moving transport vehicles during flood. Keep food covered. Don't take heavy meals and eat food that is hot and cooked openly. Don't let children stay in empty stomach and play with floodwater. Avoid entering floodwater. Stay away from water, which is above knee depth. Don't move from the shelter camp without Government message. Avoid touching any loose electric wire. Inform immediately to your ASEB authority. Don't let the children to eat raw or heavy and spicy foods. Follow the instructions given by the local P.H.E or Health Departments. If any accidents happen, immediately contact with your local Doctor
Use raw tea, rice water, coconut water or ORS during Diarrhoea. Be careful of snakebites, as snakebites are common. Maintain your personal health & hygiene up to best extent possible. Coordinate and cooperate the District Administration and Donor agencies during relief operation with a sense of social commitment and integrity. Use recommended routes by the district Authority to return back to your home Dry all electrical equipments before using it. Beware of snakebites. Clean the house and disinfectant the surroundings by using bleaching powder and line. Wash all the furniture's, assets and utensils and then use it.	

Use boiled water or put halogen tablets.
Use Mosquito net to sleep.

Some individual preventive measures to cope with flood hazard:

- Raised Houses/flood proof buildings.
- Raised Granary
- Houses with bamboo protected plinth.
- Using of elongated and more space length boats.
- Hand pump raising.
- Reforest bare land.
- Replant Mangroves.
- Relocation to safer places.
- Prevent deforestation.
- Improve farming practices.
- Multiple cropping.

Map of Sribhumi District Showing Flood Affected Areas

Conclusion

Disaster is a serious disruption of the functioning of society, causing widespread human, material or environmental losses, which exceed the ability of the affected society to cope with its own resources. In the state like Assam in general and the district like Sribhumi in particular, flood is a recurring disaster, which affects the men and infrastructure both in a massive scale every year. Moreover, the whole North Eastern region is located in most dangerous Seismic Zone-V. So, the occurrence of a high intensity Earthquake cannot be ruled out at any time. In addition to this, other disasters such as cyclone, hail storm, fire incidents, boat capsizing, rail & road accidents etc. lead to a loss of thousands of lives, public property worth corers of rupees every year.

Therefore, Disaster Management is the prime concern of the society now a days. And in this regard the role of the District Disaster Management Committee (DDMC) is very important to improve the coping mechanism of the society. Disaster Management encompasses the range of activities designed to mitigate the effects of disaster and emergency situations and to provide a framework for helping people at risk to avoid or recover from the impact of the disaster. Managing disaster includes steps to be taken prior, during and after the disaster and involve preparedness, mitigation, response and recovery.

And in this regard, the Flood Contingency Plan will act as an handy reference paper to carry out the functions/activities of the members of the DDMC in a coordinated and comprehensive manner to mitigate the human sufferings.

**Come lets be all
together, to
combat
disaster.**
