

GOVERNMENT OF ASSAM

OFFICE OF THE DISTRICT COMMISSIONER:: CHIRANG:: KAJALGAON

ECF:DM-20/255/2023-RDM-CHR/ 179094

From: Shri P. Vijaya Bhaskar Reddy, IAS
District Commissioner,
Chirang, Kajalgaon.

To: The Dy. Secretary & SPC,
Assam State Disaster Management Authority,
Assam Secretariat, Dispur, Guwahati-06.

Sub: Regarding submission of DDMP for the year 2024.

Ref: No. ECF No. 293675/32 Dated:: 03.01.2024

Sir,

With reference to the above & the letter under reference, I am to enclose herewith the revised District Disaster Management Plan in respect of Chirang District for the year 2024 for favour of your information & necessary action.

Enclo:: As stated above,

Yours faithfully,

Signed by

Vijaya Bhaskar Reddy Pathakota
District Commissioner,
Chirang, Kajalgaon.

Date: 15-02-2024 14:30:47

District Disaster Management Plan, 2024 for Chirang District

Prepared by

**DISTRICT DISASTER MANAGEMENT AUTHORITY (DDMA),
CHIRANG, KAJALGAON**

***DDMA , Chirang Control Room Number
Landline:: 03664-242316
Mobile:: 94351-05936
Toll Free No:: 1077***

Foreword

The District Disaster Management Plan (DDMP), Chirang is a comprehensive document with the district profile and the battery of activities and functions of the District Administration along with other Officials of the Line departments in order to tackle any kind of disaster that may strike the district. This document has highlighted a set of guidelines for some of the Govt. departments who are the first responder before, during and after a disaster. Furthermore, other departments/ organizations/ NGOs will also discharge their responsibilities as per direction of the District Disaster Management Authority (DDMA), Chirang based on situational demand.

A close coordination and synergy amongst all the Government departments as well as Non Government agencies is of utmost necessity for successfully carrying out the rescue & relief works in the event of any disaster. It is expected that all the departmental officials will carefully go through the Plan and remain alert to any emergent situation that may arise in the course of the year and also prepare their own departmental plan to tackle any kind of disaster.

Further, I hope, this revised and updated plan (Year 2024) will act as a guiding tool for the officials of the Govt. departments of Chirang District in particular and the common public in general.

Signed by

Vijaya Bhaskar Reddy Pathakota

Date: 15-02-2024 14:33:34

(Shri P. Vijaya Bhaskar Reddy, IAS)

District Commissioner,

Chirang, Kajalgaon.

CHAPTER-1

1.1.1 :: About Chirang District::

Chirang district is one of the five districts of BTAD (Bodoland Territorial Area District) under the govt. of Assam. The district was created vide notification No. GAG (B). 137/2002/Pt/117 Dated 30/10/2003 within Assam under clause 6 of Article 332 by the 90th Amendment Act, 2003 of the Constitution of India under the provision of Sixth schedule. The district has been functioning with effect from 4th June, 2004. The district is carved out of the districts namely Kokrajhar, Bongaigaon and Barpeta. The district head quarter is located at Kajalgaon. It is around 240 KMs away from state capital i.e Dispur.

Transport facility ::

- A. **Road Connectivity::** The 31 NH road passes through the district connecting the district headquarter, Kajalgaon.
- B. **Air Connectivity::** The nearest airport is the Lokapriya Gopinath Bordoloi International Airport, Guwahati.
- C. **Rail Connectivity::** Bijni and Basugaon are the 2 (two) Nos. of railway stations that fall in the railway map under Chirang District. Besides New Bongaigaon railway station of Bongaigaon District is around 12 KM from the district head quarter Kajalgaon.

General information about the district:

1	Geographical Area	1468.42 Sq KM
2	Total Population	4,82,162 (As per 2011 Census) ✓ Male Population :: 2,44,860 ✓ Female Population :: 2,37,302 Average Literacy Rate:: 63.55 % ✓ Male Literacy Rate :: 59.56% ✓ Female Literacy Rate:: 48.05 %
3	Sub-Divisions <i>02 (two)</i>	Kajalgaon (Sadar) and Bijni (Civil)
4	No. of Revenue Circles <i>03 (three)</i>	1. Sidli Revenue Circle. 2. Bijni Revenue Circle and 3. Bengtal Revenue Circle.
5	No. of Developmental Blocks <i>03 (three)</i>	1. Sidli Block 2. Borobazar TD Block and 3. Manikpur Block (Part)
6	No. of Health Institutions	1. Distt/ Civil Hospital:: 01 2. CHC:: 03 3. BPHC:: 02 4. PHC::03 5. MPHC:: 06 6. SDCH:: 01

		7. SHC:: 03 8. UHC:: 0 9. SC:: 87
7	No. Of Town Committees 03 (three)	1. Bijni Town Committee 2. Basugaon Town Committee and 3. Kajalgaon Municipal Board
8	Total Police Stations 07 (seven)	1. Bijni Police Station 2. Kajalgaon Police Station 3. Basugaon Police Station. 4. Sidli Police Station 5. Amguri Police Station 6. Runikhata Police Station and 7. Panbari Police Station.
9	Total Out Posts 07 (seven)	1. Dangtal OP 2. Rowmari OP 3. Bengtal OP 4. Borobazar OP 5. Ballamguri OP 6. Koilamoila OP 7. Garubhasa OP
10	Total Patrol Posts 02 (two)	1. Dadgiri PP 2. Shantipur PP
12	No. of Revenue Villages	479
13	No. Of Forest Villages	17
14	No. of VDCs	62
15	No. of Tea Garden	Nil
16	No. of BTC Constituencies 07 (seven)	1. 13 Chirang (ST) 2. 14 Chirang Duars (ST) 3. 15 Kajalgaon (ST) 4. 16 Nichima (ST) 5. 17 Subhaijhar (ST) 6. 18 Manas Serfang (ST) 7. 19 Thuribari (Open)
17	No. of Assembly Constituency 02 (two)	1. 19 Sidli (ST) LAC 2. 20 Bijni (ST) LAC
18	Major Rivers	Aie, Champa, Beki, Manas
19	No. of Railway Stations 02 (two)	1. Basugaon Railway Station 2. Bijni Railway Station
20	No. of Fire & Emergency Services Station 02 (Two)	1. Kajalgaon Fire Services 2. Bijni Fire Services 3. Basugaon Fire Services

1.1.2 :: About Disaster Scenario in Chirang District:

Assam is situated in zone-v in the seismological map. This zone is most vulnerable from earthquake point of view. This region has experienced the devastating effect of the earthquakes of 1857 and 1950 in addition to other earthquakes. Assam also gets the taste of annual floods that take away the lives and property of the people with the loss of thousands of cattle heads. Disaster refers to serious disruption of normal functioning of the society, causing widespread loss of lives and property which exceeds the ability of the affected society to cope using its own resources.

Disasters may be there in Chirang district due to the following:

Natural

Earthquake
Flood
Heavy Rain
Cyclone
Drought
Forest Fire
Pest Infection
Hailstorms

Man made

Road Accident
Communal Violence
Riots
Railway Accidents
Crude leak from BGR
Gas leak from LPG Plant
Explosion Heat Wave

1.1.3.:: Aims and Objectives of the District Disaster Management Plan

The main objectives of the District Disaster Management Plan are:

1. To minimize the impact of both manmade and natural disaster through preparedness at the District Level, Block Level and at the Village level.
2. To provide all necessary help to the concerned individuals, departments during the time of disaster.
3. To help in training and capacity building programmes of Govt. officials /VCDCs / NGOs/CBOs/Clubs/SHGs, teachers and others concerned on various aspects of disaster.
4. To establish linkage with civil society response groups at various levels for any emergency response.
5. To design both short term and long-term support plan for the vulnerable community of the society in the district.
6. To generate awareness among the masses about impact of disasters and their role in preparedness, prevention, mitigation, relief, rehabilitation and reconstruction process.
7. To ensure active participation of Govt. administration, communities, people, NGOs, and volunteers for effective and efficient utilization of resources.

1.1.4 :: Administrative Arrangement for Disaster Management in Chirang

In order to ensure smooth and prompt response to any disaster situation, several disaster management teams have been formed comprising different department level officials. The team members shall coordinate among themselves as and when any disaster situation arises in the district.

1. District Disaster Management Authority (DDMA), Chirang.

Sl. No	Designation	Position
1	District Commissioner	Chairperson.
2	Chief Executive Member, BTAD or his representative	Member
3	Addl. District Commissioner	Chief Executive Officer
4	Superintendent of Police	Member
5	Joint Director, Health	Member
6	Executive Engineer, PWD (R&B)	Member
7	Executive Engineer, WRD	Member

2. District Level Crisis Management Group

Sl. No	Designation	Position
1	District Commissioner	Chairperson
2	Addl. District Commissioner & CEO, DDMA	Co-Ordinator
3	Superintendent of Police	Member
4	Joint Director, Health	Member
5	Project Officer, ASDMA	Member
6	Sub-Divisional Officer (Sadar)	Member

3. Quick Response Team

Sl. No	Designation	Position
1	Superintendent of Police	Co-Ordinator
2	Joint Director, Health	Member
3	Station Officer, Kajalgaon Fire & Emergency Services	Member
4	Station Officer, Bijni Fire & Emergency Services	Member
5	Station Officer, Basugaon Fire & Emergency Services	Member
6	Nazrat Officer, DC's Office	Member

4. Early Warning Dissemination Team::

Sl. No	Name	Position	Phone Number
1	Shri Arup Choudhury, ACS	ADC (DM) & CEO, DDMA	99540-30230
2	Shri Pranjit Borah, APS	Superintendent of Police	94350-58722
3	Mrs. Dorodi Dev Roy, ALRS	Circle Officer, Bijni	98595-72271
4	Shri Jnandeep Kr. Neog, ALRS	Circle Officer, Sidli	70023-53039
5	Shri Pranjal Sarmah Baruah, ALRS	Circle Officer, Bengtol	60010-15821
6	Shri Arup Kalita	SO, Kajalgaon Fire Service	9365897216/ 03664-242285
7	Shri Subal Das	EE, WRD	9954301627
8	Shri Hemanga Nobis, ACS, i/c	DIPRO	8638600125

5. Rescue & Evacuation Team::

Sl. No	Name	Position	Phone Number
1	Shri Arup Choudhury, ACS	ADC (DM) & CEO, DDMA	99540-30230
2	Shri Pranjit Borah, APS	Superintendent of Police	94350-58722
3	Shri Atawar Rahman	DYC, NYK, Chirang	91014-03391
4	Shri Dasarath Brahma	District Sports Officer	81338-46092
5	Shri Dipak Patowary	District Transport Officer	94351-47568
6	Shri Arabinda Rabha	DRDA I/c	91010-56489
7	Shri Abani Sarma	EE, PWD (R&B)	98640-48189
8	Shri Brahmananda Patiri	DFO	94351-27055
9	Shri Arup Kalita	SO, Kajalgaon Fire Service	9365897216/ 03664-242285
10	Shri Anil Kr Rajbonshi	SO, Bijni Fire Service	60031-12020
11		SO, Basugaon Fire Service	

6. Emergency Health Management Team::

Sl. No	Name	Designation	Phone Number
1	Shri Rehana Begum	Joint Director, Health	90850-81622
2		District Malaria Officer	
3	Dr. Paltenga Brahma	Superintendent, Kajalgaon Civil Hospital	94351-70292
4	Shri Manjeet Das	DSWO, Chirang	70990-14352
5	Shri Bijay Baishnab, AES	DEEO	98645-63665
6	Shri Dhanjit Kr Das	PO, ASDMA	98540-13187.
7	Shri Ranjit Sharma	DVO, Chirang	94353-83731

7. Shelter Management Team

Sl. No	Name	Designation	Phone Number
1	Shri Arup Choudhury, ACS	ADC (DM) & CEO, DDMA	99540-30230
2	Shri Arabinda Rabha	PD, DRDA, Chirang I/c	91010-56489
3	Dr. Rashmi Rekha Sarmah, APS,	Addl. SP (HQ), Chirang	9957774247
4	Shri Jnandeep Kr. Neog, ALRS	Circle Officer, Sidli	70023-53039
5	Mrs. Dorodi Dev Roy, ALRS	Circle Officer, Bijni	98595-72271
6	Shri Pranjal Sarmah Barua, ALRS	Circle Officer, Bengtol	60010-15821
7	Shri Bikram Kalita	GM, DICC	94351-46566
8	Shri Bijay Baishnab	Inspector of Schools	98645-63665
9	Shri Subhadeep Bhattacharjee	Assistant Director, Town & Country Planning	9957054243
10	Shri Bapan Kr Paul	AGM, APDCL, Bongaigaon	98645-64795
11	Shri Abani Sarma	EE, PWD (R&B)	98640-48189

8. Water and Sanitation Team ::

Sl. No	Name	Designation	Phone Number
1	Shri Arabinda Rabha	PD, DRDA I/c	91010-56489
2	Shri Jainal Abdin Ahmed	EE, PHED	86381-48165
3	Shri Dhrubajyoti Tamuli	EE, Sidli Division (Irrigation)	60039-84642
	Shri Anichur Rahman	EE, Bijni Irrigation Division	94350-26373
4	Shri Upendra Mushahary	Chairman, Kajalgaon Town Committee	70869-99120
5	Shri Guneswar Goyary	Chairman, Bijni Town Committee	99543-34183
6	Shri Sadhan Ch. Mandal	Chairman, Basugaon Town Committee	96788-18445

9. Relief Coordination Committee::

Sl. No	Name	Designation	Phone Number
1	Shri Arup Choudhury, ACS	ADC (DM) & CEO, DDMA	99540-30230
2	Shri Pranjit Bora, APS	Superintendent of Police	94350-58722
3	Shri Jnandeep Kr. Neog, ALRS	Circle Officer, Sidli	70023-53039
4	Mrs. Dorodi Dev Roy, ALRS	Circle Officer, Bijni	98595-72271
5	Shri Pranjal Sarma Barua, ALRS	Circle Officer, Bengtol	60010-15821
6	Shri Subhadeep Bhattacharjee	Assistant Director, Town & Country Planning	9957054243
7	Shri Ranjit Sharma	DVO	94353-83731
8	Shri Dipak Patowary	DTO	94351-47568
9	Shri Manjeet Das	DSWO	70990-14352
10	Shri Mukut Sarma	DFDO I/c	94350-23480
11	Shri Brahmananda Patiri	DFO	94351-27055

Chapter -II

2.1.1:: District Emergency Operation Centre::

An emergency Operation centre (Control Room) with **telephone No 03664 – 242316, (M) 94351-05936, & 1077** has been set up as a SPOC (single point of contact) in the time of crises for day to day monitoring of the rescue and relief operations. The control room gathers all necessary information from the designated officials and keeps updated information for a streamlined feedback and response mechanism.

The DEOC shall operate under the control of the Deputy Commissioner and he may exercise the emergency power and issue directives to all the departments to provide necessary relief service. He may also coordinate with the State Relief Commissioner, Dispur, Assam for all kind of support and assistance to bring the normalcy in the district.

2.1.2:: Purpose of the District Emergency Operation Centre (DEOC) ::

The District Control Room under the control of Deputy Commissioner will operate round the clock and will be the nerve centre to::

- ✓ Monitor
- ✓ Co-ordinate
- ✓ Implement the actions/ activities for disaster management.

Chapter -III

3.1.1:: Roles & Responsibilities of Various Government Department::

A typical disaster management continuum comprises of six elements i.e. Prevention, Mitigation and Preparedness in Pre-disaster phase and Response, Rehabilitation and Reconstruction in Post-Disaster phase that defines the complete approach to disaster management.

I. Role of District Disaster Management Authority (DDMA)::

Preparedness	<ol style="list-style-type: none"> 1. Coordinate with ASDMA on all preparedness activities. 2. Establish infrastructure and human resources support at Department Level to undertake DM functions. 3. Periodic check of state of readiness for all hazard risks/ conduct preparedness audit and direct actions. 4. Annual reporting to SEOC on preparedness level of departments.
Prevention & Mitigation	<ol style="list-style-type: none"> 1. Establish District Disaster/ Hazard Mitigation fund. 2. Annual review of mitigation and prevention measures taken by the department and line agencies. 3. Annual review of hazard risks and vulnerability assessment of the district and direct actions for next year and set targets. 4. Vulnerability reduction in rural areas in the district.
Alert & Warning Stage	<ol style="list-style-type: none"> 1. Establish early warning systems in the district for hazard risks. 2. Establish warning relations ship with various warning agencies . 3. Establish protocols for dissemination of warning information received from State. 4. Continuously monitor the field situation and determine activation/ deactivation of disaster response. 5. Prepare situation reports and update DDMA members and all line departments. 6. Dispatch/ preposition teams in high risks prone areas which is under the influence of certain intensity of the hazard.
Response	<ol style="list-style-type: none"> 1. Coordinate and manage response actions (Incident/ Disaster) 2. Address the injured and minimize casualties, take immediate actions to reduce exposure to hazard condition. 3. Deploy rapid damage assessment to gather field information. 4. Take support from agencies equipped with disaster information systems to share satellites data and related analysis indicating the level of hazard or vulnerability or potential risk. 5. Conduct assessment of damage and estimate relief needs. 6. Distribution of relief materials and direct restoration of basic services to the affected community/ region. 7. Direct agencies to set up temporary elements to the affected population, ensure departments cater to minimum operating standards for distribution of relief. 8. Coordinate with all the possible stakeholders including donors, NGOs, INGOs, Media, Private & voluntary Sector.

Recovery & Rehabilitation	<ol style="list-style-type: none"> 1. Undertake complete restoration of basic services. 2. Ensure supply of clean water supply, food, sanitation, medical supplies and clothing requirements. 3. Prepare detailed damage reports and determine the package for rehabilitation and reconstruction package. 4. Coordinate with agencies and institutions extended support. 5. Documentation of lessons learnt and sharing of practices with institutions across the district.
---------------------------	--

II. Role of Health & Family Welfare Department::

Preparedness	<ol style="list-style-type: none"> 1. Review district health emergency preparedness. 2. Update District Level Health Emergency Plan. 3. Develop a roster of experts and establish networking of key hospitals in the district and adjacent district. 4. Develop additional action plan for mass casualty management. 5. Ensure that all the health intuitions in the district have a functional DM Plan. 6. Undertake hospital safety assessment and identify shortcomings / gaps to be addressed. 7. Ensure emergency supply of stock to cater peak demand. 8. Establish base for field hospitals along with the basis / support services. 9. Impart skills and training to medical practioners to function in disaster situations/ post disaster situations. 10. Work towards developing a cadre of volunteers trained in basic first aid. 11. Impart skill and training for private medical practioners to function during/ post disaster situations.
Prevention & Mitigation	<ol style="list-style-type: none"> 1. Evaluate and undertake action towards prevention of water and vector borne diseases after severe rainfall/ flood etc. 2. Evaluate all facilities to hazard risks, conduct district-wise vulnerability assessment of health infrastructure and define approach for mitigation and preparedness. 3. Create state of the art disease surveillance system to prevent outbreak. 4. Create communication network among select medical facilities across the state. 5. Establish necessary power breakup measures for primary and select secondary and tertiary tier medical facilities.
Alert & Warning Stage	<ol style="list-style-type: none"> 1. Assess current preparedness level at sector level and initiate actions towards mobilization. 2. Pre-stock supplies, redistribute/ concentrate flow supplies to disaster prone areas. 3. In case of disaster outbreaks undertake vaccination drive or initiate actions as per the advice/ established protocol. 4. Protect the facilities in hazard prone areas and activate the building level emergency response plan. 5. Arrange for additional services such as backup generator for

	<p>electricity supply.</p> <p>6. Establish command and control, activation of the entire health system in the state.</p> <p>7. Activate communication lines within the sector for coordination.</p>
Response	<p>1. Activation of Health Sector Contingency Plan.</p> <p>2. Set up relief camp from District to PHC level and other important health institutions.</p> <p>3. Mobilize pre-determined teams to address specific health care needs.</p> <p>4. Provide basic medical assistance to the injured and who are in need of first aid.</p> <p>5. Prioritize patient management.</p> <p>6. Activate triage system as per the established procedure.</p> <p>7. Transport severely sick & severe injured to main hospitals.</p> <p>8. Establish field hospitals if need arise.</p> <p>9. Mobilize psycho social stabilization team to the affected areas.</p> <p>10. Activate mass casualty plan if need arise.</p> <p>11. Undertake steps towards networking among practioners and hospital network/ health facilities.</p> <p>12. Ensure emergency communication is functional at all times, network medical services.</p>
Recovery & Rehabilitation	<p>1. Provide support in recovery operations.</p> <p>2. Carry out impact assessment on health infrastructure.</p> <p>3. Provide support to line departments in recovery and rehabilitation efforts of communities.</p> <p>4. Provide support of experts counselling of disaster victims, psychosocial support.</p> <p>5. Documentation of actions taken by the department and incorporate lessons learnt in sector plan.</p>

III. Role of Public Works department (Building)

Preparedness	<p>1. Develop departmental level disaster management plan.</p> <p>2. Identify core teams for technical/ engineering support/ decision making in disaster.</p> <p>3. Develop manuals and guidelines for safe construction practices.</p> <p>4. Conduct training of staff in latest advancements of engineering, demolition techniques, health monitoring of infrastructure assets seismic strengthening and retrofitting of buildings, critical infrastructure protection.</p> <p>5. Maintain inventory list of all key equipments and tools in the state that can be mobilized for response and recovery efforts.</p>
Prevention & Mitigation	<p>1. Integrate risk reduction as a component in design and construction practice of the department.</p> <p>2. Identify weak lifeline buildings and develop strategy for strengthening/ retrofitting so as to minimize damage/ disruption.</p> <p>3. Undertake vulnerability assessment of buildings and determine mitigation options.</p>

	<ol style="list-style-type: none"> 4. Establish mitigation fund within the department. 5. Ensure/ undertake checks to ensure infrastructure remains in operational condition, should the disaster occur. 6. Preposition emergency supplies and equipments / tools in high risk concentration areas. 7. Undertake prevention/ protection/ structural rehabilitation / retrofitting measures of lifeline buildings. 8. Provide regular capacity building/ training for staff to undertake vulnerability assessment of critical lifelines, develop mitigation options. 9. Ensure all design and construction in the department are in compliance to BIS code and National Building Code. 10. Work towards performance based seismic design. 11. Establish building clinic with adequate trained staff to advise on strengthening and retrofitting of lifeline buildings/ infrastructure.
Alert & Warning Stage	<ol style="list-style-type: none"> 1. Undertake emergency repairs. 2. Secure tools and equipments in safe locations, preposition if needed. 3. Establish emergency communication network.
Response	<ol style="list-style-type: none"> 1. Direct department engineering cadre for emergency response operations. 2. Coordinate temporary repairs to buildings and related infrastructure. 3. Undertake damage assessment of buildings and other related infrastructure. 4. Undertake emergency repair and shoring of buildings. 5. Undertake construction of temporary structures and supporting structures to provide basic services to the affected population. 6. Controlled demolition and shoring up of buildings which have turned hazardous due to severe damage/ tilting/ settlement etc.
Recovery & Rehabilitation	<ol style="list-style-type: none"> 1. Participate in conduct of structural damage assessments. 2. Guide urban authorities and line agencies on structural repair works and package development of repair/ reconstruction scheme for housing and related social infrastructure. 3. Undertake detailed assessment of buildings. 4. Advise reconstruction/ recovery of buildings and community infrastructure. 5. Coordinate monitor progress and prepare report-repair, reconstruction and strengthening/ retrofitting of buildings. 6. Prepare estimates and undertake repair/ strengthening works. 7. Provide technical guidance / guidelines for construction of new buildings. 8. Supervise the civil work activities and ensure safe construction practices are streamlined during Recovery/ Reconstruction phase.

IV. Role of Public Works Department (Roads & Bridges)::

Preparedness	<ol style="list-style-type: none"> 1. Develop Departmental Level Disaster Preparedness Plan. 2. Identify core teams for technical / engineering support/ decision making in disaster situations. 3. Develop manuals and guidelines for safe construction practices. 4. Conduct training of staff in latest advancements of engineering, demolition techniques, health monitoring of infrastructure assets, seismic strengthening and retrofitting, critical infrastructure protection. 5. Maintain inventory list of all key equipment and tools in the state that can be mobilized for response and recovery.
Prevention & Mitigation	<ol style="list-style-type: none"> 1. Integrate risk reduction as a component in design and construction practice of the department. 2. Identify weak lifeline buildings and develop strategy for strengthening/ retrofitting so as to minimize damage/ disruption. 3. Undertake vulnerability assessment of buildings and determine mitigation options. 4. Establish mitigation fund within the department. 5. Ensure/ undertake checks to ensure infrastructure remains in operational condition, should the disaster occur. 6. Preposition emergency supplies and equipments / tools in high risk concentration areas. 7. Undertake prevention/ protection/ structural rehabilitation / retrofitting measures of lifeline buildings. 8. Provide regular capacity building/ training for staff to undertake vulnerability assessment of critical lifelines, develop mitigation options. 9. Ensure all design and construction in the department are in compliance to BIS code and National Building Code. 10. Work towards performance based seismic design. 11. Establish building clinic with adequate trained staff to advise on strengthening and retrofitting of lifeline buildings/ infrastructure.
Alert & Warning Stage	<ol style="list-style-type: none"> 1. Undertake emergency repairs. 2. Secure tools and equipments in safe locations, preposition if needed. 3. Establish emergency communication network.
Response	<ol style="list-style-type: none"> 1. Direct department engineering cadre for emergency response operations. 2. Coordinate temporary repairs to buildings and related infrastructure. 3. Undertake damage assessment of buildings and other related infrastructure. 4. Undertake emergency repair and shoring of buildings. 5. Undertake construction of temporary structures and supporting structures to provide basis services to the affected population. 6. Controlled demolition and shoring up of buildings which have turned hazardous due to severe damage/ tilting/ settlement etc.

V. Role of Public Health Engineering Department (PHED)

Preparedness	<ol style="list-style-type: none"> 1. Develop departmental Disaster Management Plan. 2. Identify in advance emergency ground water resources resistant to natural and manmade disasters that could replace damaged public and domestic drinking water supplies. 3. Develop guideline for consumption/ purifying of water in disaster situation. 4. Departmental and public awareness, encourage economic use of water. 5. Training of Departmental Engineers in Disaster Management. 6. Plan for movement of staff to disaster affected areas, delegation of responsibilities. 7. Restoration plan for damaged facilities. 8. Maintain emergency stock of supplies.
Prevention & Mitigation	<ol style="list-style-type: none"> 1. Undertake assessment of existing infrastructure. 2. Undertake risk assessment of the departmental facilities and cite recommendations. 3. Protect/ strengthen the supply network with alternative/ complementary source. 4. Undertake protection measures of distribution infrastructure (pumps, motors etc.)
Alert & Warning stage	<ol style="list-style-type: none"> 1. On receipt of warning, make provisions for acquiring water supply tankers. 2. Undertake chlorination programme. 3. Protect vital water supply infrastructure from contamination. 4. Arrange for alternate energy source should be electricity grid fail.
Response	<ol style="list-style-type: none"> 1. Provide immediate safe drinking water supply in disaster affected areas. 2. Provide immediate safe drinking water supply for conduct of response activities at hospitals, emergency shelters, schools designated as shelters, relief camps.
Recovery & Rehabilitation	<ol style="list-style-type: none"> 1. Assist line departments and agencies in identification sources of potable water. 2. Undertake swift actions to restore damages. 3. Undertake regular checks to determine key potable parameters of the water supplied. 4. Restore all services to pre-disaster phase and maintain check on vital quality including bacteriological parameters.

VI. Role of Transport Department::

Preparedness	<ol style="list-style-type: none"> 1. Carry out survey of all routes and determine risk spots and actions taken. 2. Determine possible routes for evacuation for all settlements located in severe hazard prone areas. In the district. 3. Check availability of vehicle/ resources for evacuation. 4. Develop departmental disaster management plan. 5. Prepare inventory of vehicles that can cater for evacuation, dispatch of response teams or emergency supplies. 6. Train drivers to operate in extraordinary times and difficult/ missing routes, provide training in GPS enabled navigation system.
Prevention & Mitigation	<ol style="list-style-type: none"> 1. Allocate resources for undertaking structural mitigation activities of the departmental facilities. 2. Coordinate other concerned departments to take actions on identified risk spots or vulnerable stretches, strengthen if required.
Alert & Warning Stage	<ol style="list-style-type: none"> 1. Make a quick assessment of population that requires evacuation or movement to safe locations/ shelters. 2. Control and restrict vehicular traffic to risk prone areas. 3. Keep emergency vehicles on standby at pre-identified locations. 4. Ensure sufficient supply of fuel and resources for departmental person to function/ undertake activities.
Response	<ol style="list-style-type: none"> 1. Facilitate movement of emergency personnel and equipment to affected site. 2. Facilitate movement of emergency supplies i.e. food, water, fuel etc. 3. Facilitate movement of emergency medical supplies and first responders to the affected areas. 4. Movement of population to safer places. 5. Facilitate smooth movement of services in disaster affected areas without causing disruption along regular routes. 6. Maintain and operate round the clock connectivity to all areas. 7. Control and restrict vehicular traffic movement to disaster affected areas.
Recovery & Rehabilitation	<ol style="list-style-type: none"> 1. Provide recovery support to line agencies. 2. Assess damage to transport infrastructure. 3. Coordinating the reinstatement of transport services and infrastructure.

VII. Role of Food & Civil Supplies Department::

Preparedness	<ol style="list-style-type: none"> 1. Stock pile resources throughout the year for emergency needs. 2. Monitor the stock and undertake periodic checks of stored items. 3. Prepare department wise preparedness and operational Plan for distribution of supplies to the people.
Prevention & Mitigation	<ol style="list-style-type: none"> 1. Undertake mitigation and strengthening of all facilities, storage godowns across the district.
Alert & Warning Stage	<ol style="list-style-type: none"> 1. Keep updated on weather bulletins and warning related information. 2. Estimate the population at Risk and would be needing support. 3. Identify mechanism for safe transport of food items to the affected

	<p>population.</p> <p>4. Designate locations for pre-stock of supplies in relief camps.</p>
Response	<ol style="list-style-type: none"> 1. Coordinate with local authorities and transport essential supplies to disaster affected and pre-determined locations. 2. Provide tailored food packets to people with special needs. 3. Mobilize air/land/inland water transport for supply to far off destinations or regions which are inaccessible.
Recovery & Rehabilitation	<ol style="list-style-type: none"> 1. Provide food supply to relief centres and kitchens. 2. Issue duplicate ration cards. 3. Maintain price of basic commodities in disaster affected areas. 4. Curb unfair practices.

VIII. Role of Information and Public Relations Department ::

Preparedness	<ol style="list-style-type: none"> 1. Undertake education & awareness programme among masses, build societal awareness. 2. Take steps towards enhancing department level preparedness to hazard risks in the district. 3. Guide media houses on the coverage/ reporting on disaster situation, through guidelines or through order. 4. Coordinate with telecom operators in the district to ensure communication support during early warning/ disaster period.
Prevention & Mitigation	<ol style="list-style-type: none"> 1. Step up departmental level activities focusing on mitigation. 2. Periodically check the communication line to ensure connectivity at all times.
Alert & warning Stage	<ol style="list-style-type: none"> 1. Disseminate warning to communities based on established warning protocol. 2. Flash warning message on radio and television network. 3. Gather authentic information about situation on the field. 4. Mobilise personnel to areas prone to disaster. 5. Curb spread of wrong information, rumours, non scientific/ non verified forecasts.
Response	<ol style="list-style-type: none"> 1. Coordinate a large scale response to disaster. 2. Collect reliable information from the field. 3. Remain as a focal point for release of official and updated information to the media and public. 4. Regular sharing of information about the disaster and highlight actions undertaken or planned. 5. Broadcast essential information through radio and television. 6. Provide key information and messages through public loud speakers. 7. Establish media information centre if necessary. 8. Liaison with media agencies-print or electronic media. 9. Coordinate with information centre. 10. Undertake press briefings and provide official version. 11. Provide regular updates to departments, key personnel/ decision makers and public.

Recovery & Rehabilitation	<ol style="list-style-type: none"> 1. Provide support to the recovery operation. 2. Document recovery and rehabilitation efforts. 3. Oversee efforts towards restoration activities undertaken by telecom operators and other service providers. 4. Document cases/ lessons from the field and dissemination of findings.
---------------------------	---

IX. Role of Social Welfare Department.

Preparedness	<ol style="list-style-type: none"> 1. Integrate DM concerns in the ongoing welfare development schemes in the state. 2. Identify vulnerable population and social groups which require special attention during disaster times. 3. Undertake training of communities and build awareness of local environment and associated hazard risks, community measures which can reduce vulnerability within their location, promote community based disaster risk management. 4. Identify/ communicate resource management at local level/ community level to assist themselves to meet immediate needs of water, food, clothing and shelter (promote self-help group)
Prevention & Mitigation	<ol style="list-style-type: none"> 1. Develop social safety nets taking into consideration of the hazard risks in the area where the welfare schemes are under implementation.
Alert & Warning Stage	<ol style="list-style-type: none"> 1. Identify evacuation points/ centres for communities. 2. Facilitate provision of services to meet people's needs in risk prone areas.
Response	<ol style="list-style-type: none"> 1. Provide welfare services to disaster affected people. 2. Ensure proper care of the uncared. 3. Facilitate the process of financial assistance.
Recovery & rehabilitation	<ol style="list-style-type: none"> 1. Participate and involve in recovery efforts and community rehabilitation. 2. Administer relief/ financial assistance is made eligible to disaster affected individuals/ communities. 3. Create an environment which is conducive to the all round development of children, women and physically challenged persons.

X. Role of Agriculture Department::

Preparedness	<ol style="list-style-type: none"> 1. Undertake skill upgradation of departmental staff and farmers. 2. Prepare statewide preparedness plan to manage, other hazards suchas floods, pest attack etc. 3. Generate awareness on hazards, weather monitoring and suggest actions.
Prevention & Mitigation	<ol style="list-style-type: none"> 1. Drought monitoring system. 2. Pest and disease monitoring system. 3. Provide information to undertake crop insurance. 4. Identify storage houses/ godowns for early harvest. 5. Establish early warning mechanisms.

Alert & warning Stage	<ol style="list-style-type: none"> 1. Gather information related to warning of impending floods, droughts or pest attacks. 2. Take necessary precaution actions, including moving of farm equipments/ tools to safe locations. 3. In case of pest attack, determine the source/ disease and take measures for protection of standing crop. 4. Advice for harvest if permits, this will reduce losses which otherwise could be higher.
Response	<ol style="list-style-type: none"> 1. Assessment of damage to crops. 2. Estimate needs for recovery. 3. Discuss with the farming community through agriculture extension cell and support to conduct cleaning operations.
Recovery & Rehabilitation	<ol style="list-style-type: none"> 1. Provide technical support to prevent further damages and help restart agriculture/ farming operations, restore soil conditions. 2. Quantify loss estimate due to the event and suggest remedial/ prevention measures. 3. Depending on intensity of the damage, establish a programme for agriculture rehabilitation. 4. Ensure farmers are connected to the market (restore agriculture produce market) 5. Equip farmers with knowledge to deal with drought risks/ hydro-meteorological and climate related disaster. 6. Plan for establishment of climate field crops.

XI. Role of Water Resources Department:

Preparedness	<ol style="list-style-type: none"> 1. Update departmental level contingency plan in consultation with the district administration. 2. Update embankment maintenance manual. 3. Activate flood monitoring in all flood prone areas, gather information through flood bulletins. 4. Establish coordination linkages with village teams for embankment strengthening and safety. 5. Undertake mapping of vulnerable areas and risks spots.
Prevention & Mitigation	<ol style="list-style-type: none"> 1. Undertake flood protection and erosion management measures. 2. Construction/ strengthening / maintenance of embankment. 3. Undertake measures and direct action towards ensure embankment safety. 4. Conduct pre-monsoon preparedness meeting (April) to take stock of current status, discuss about critical areas, revisit protocol and operating procedures checks etc. 5. Identify active channel causing erosion and take remedial measures.
Alert & Warning Stage	<ol style="list-style-type: none"> 1. Associated with the IMD (to know the rainfall pattern and short term forecasts) and CWC (flood information to know the flood level) 2. Maintain flood bulletin chart in all stations. 3. Embankment maintenance manual. 4. Watch flood protection work all times with support of locals .

	5. Observe and collect local data to determine flash flood.
Response	<ol style="list-style-type: none"> 1. Translate department action based on rainfall forecast and flood. 2. Activate response plan on the basis of flood bulletin. 3. Ensure safety of embankments, take immediate protection measures to prevent breach.
Recovery & Rehabilitation	<ol style="list-style-type: none"> 1. Undertake possible interventions to minimize further damage. 2. Undertake emergency and long-term flood protection works, embankments.

XII. Role of Power Department::

Preparedness	<ol style="list-style-type: none"> 1. Undertake DM plan preparation for department and guide support agencies in formulation of their plans. 2. Undertake condition survey of existing infrastructure and pin point areas for intervention. 3. Skill upgradation and training of staff in DM. 4. Restoration Plan of supply following an interruption across services, communication to all service agencies for preparedness measures and installation to back up measures.
Prevention & Mitigation	<ol style="list-style-type: none"> 1. Conduct vulnerability assessment of buildings and power infrastructure. 2. Determine fragility of infrastructure to hazard risks and determine mitigation and non-structural mitigation measures. 3. Establish mitigation fund and prioritize actions for risk reduction within the power sector. 4. Identify weak spots in allied/linked infrastructure or power dependent sectors and recommend actions.
Alert & Warning Stage	<ol style="list-style-type: none"> 1. On receipt of advisory, maintain vigil and undertake inspection works wherever necessary. 2. Undertake emergency restoration works if necessary.
Response	<ol style="list-style-type: none"> 1. Undertake rapid assessment / inspection of damage to power infrastructure . 2. Undertake emergency repair of damage poles, other equipments. 3. Dispatch quick response teams for restoration of power lines. 4. In association with the lien agencies address disruption of lifelines water and sewerage service, transport, arrange for alternate power supply arrangement at critical facilities. 5. Restore power supply to key lifeline/ emergency services such as health care, decision support buildings industries etc.
Recovery & Rehabilitation	<ol style="list-style-type: none"> 1. Undertake detailed damage assessment to power infrastructure. 2. Take steps towards speedy recover and complete restoration of services. 3. Document lessons learnt and incorporate / update in the power sector DM Plan.

XIII. Role of Education Department::

Preparedness	<ol style="list-style-type: none"> 1. Develop departmental DM Plan. 2. Ensure all schools/ Institutions within the department jurisdiction (Govt or Private) have building Level Emergency / Response Plan. 3. Undertake training of teachers in preparation of School Disaster Management Plan. 4. Undertake training of children and school staff in basic first aid, select search & rescue methods. 5. Organize rally and education programmes to raise awareness. 6. Encourage to volunteers and participate in DM activities, conduct preparedness drills.
Prevention & Mitigation	<ol style="list-style-type: none"> 1. Undertake vulnerability assessment of education infrastructure and publish analysis/ findings. 2. Identify structural and non structural risk reduction/ mitigation measures. 3. Develop state level mitigation plan. 4. Work towards developing safety policy and safety rules that can be applicable to Govt and Private run institutions. 5. Ensure hazard resistant design is an integral part of design and construction of new buildings/ new rooms or expansion activity.
Alert & warning Stage	<ol style="list-style-type: none"> 1. Convey appropriate information to the administration staff in the department, further relay of information based on established protocol.
Response	<ol style="list-style-type: none"> 1. Undertake rapid damage assessment of health facilities. Declare facilities fit for continuing operations. 2. Notify continuation of activities or temporary closure till situation is normalized. 3. Based on the notification/ disaster declaration, provide necessary support for schools to function as temporary shelters/ relief distribution centres.
Recovery & Rehabilitation	<ol style="list-style-type: none"> 1. Detailed damage assessment of education infrastructure. 2. Ensure DRR concerns are considered in design of new facilities/ strengthening of existing facilities.

XIV. Role of Panchayat & Rural development::

Preparedness	<ol style="list-style-type: none"> 1. Analyse type of hazard risk in the area. 2. Form various committees of the youth for effective response. 3. Organize drill practices to raise awareness and test the local plan. 4. Develop DM plan for the department. 5. Undertake training and capacity building of staff, elected representatives and other officials. 6. Promote the concept of village cluster DM plan.
Prevention & Mitigation	<ol style="list-style-type: none"> 1. Ensure all developmental schemes routed through the department or through various schemes directed for implementation, take into consideration of DM requirements. 2. Undertake measures to strengthen the department buildings across the district.

Alert & warning Stage	1. Coordinate with the officials to relay information and activation of the plan (based on threat levels)
Response	1. Coordinate support from the line agencies to undertake response activities. 2. Coordinate with the line agencies/ departments and ensure supply of relief materials.
Recovery & Rehabilitation	1. Ensure that beneficiary receives the benefit of rehabilitation and reconstruction schemes. 2. Strengthen the capacity by involving people in R & R efforts.

XV. Role of Animal Husbandry & Veterinary Department::

Preparedness	1. Determine livestock population risk to various hazards. 2. Identify list of possible shelter points. 3. Maintain livestock update and list down essential supplies/ equipment required in case of disaster. 4. Train staff on Disaster Management aspects. 5. Planning for response and recovery operations.
Prevention & Mitigation	1. Encourage farmers for insurance of livestock. 2. Establish monitoring mechanism for disease control.
Alert & warning Stage	1. Identify shelter, fodder requirements and veterinary requirements. 2. In case of disease outbreak follow necessary instruction and protocol identified by the department. 3. Detection, diagnosis, assessment of risk and surveillance of the disease. 4. Vector control, quarantine control.
Response	1. Eradicate and control of animal diseases. Deploy team to do quick assess of damage and identify requirement for relief/ rescue, equipment and fodder. 2. Assessment of injured stock and undertake treatment measures and treatment of animals. 3. Manage livestock population in emergency period, provide treatment to injured animals. 4. Coordinate with agencies for supply and distribution of fodder and other materials. 5. Draw assistance from line agencies to dispose of carcasses in a scientific manner, disinfection of contaminated areas. 6. Draw measures for protection and care of abandoned livestock. 7. Establish infrastructure support include cattle camps, feeding centres and veterinary aid centres.
Recovery & Rehabilitation	1. Ensure relief distribution and administer financial assistance. 2. Undertake detailed damage and loss assessment, determine financial assistance. 3. Continue giving veterinary advice till business returns to normal. 4. Continue undertaking assessment of injured animal stock, coordinate disposal of carcasses.

CHAPTER-IV FLOOD MANAGEMENT

4.1.1:: Management of Flood in Chirang::

Flood is a perennial problem in the State of Assam so as in the district. The district experiences the havoc of flood every year resulting loss of life and property. Besides flood, erosion is also one of the biggest problem in the district. A large number of people are rendered homeless every year due to erosion. Flood management requires huge investments and some of them are::

- ✓ Embankment and bunds.
- ✓ Dams, reservoirs and other water storages.
- ✓ Channel improvement
- ✓ De-silting and dredging of rivers.
- ✓ Drainage improvement.
- ✓ Diversion of flood waters.
- ✓ Catchment area treatment and afforestation.
- ✓ Anti-erosion works.

4.1.2:: Measures for management of flood::

1. Water Resources Department needs to undertake GIS mapping of all vulnerable points, flood protection measures clearly indicating the points which need immediate repair/restoration. It will ensure that all breach closing works and flood protection works of immediate nature are completed before the onset of monsoon.
2. Involvement of local community members is very important. It can be done by sharing complete information about the status of embankments and protection structures and likely threat and evacuation plan in case of situations turn hostile.
3. A flood control room will be made operational in the district w.e.f 15th May to 15th October. The WRD Department will develop a credible communication and ensure prompt flow of information to the Control Room. All information regarding the flood situation will be received and disseminated to all concerned stakeholders from the Control Room on daily basis.
4. The WRD department must have an information sharing protocol with all the authorities concerned regarding release of water from reservoirs of dams.
5. Gratuitous Relief (GR) and financial assistance under SDRF and State Government norms are to be provided to the flood affected people during floods. For the purpose necessary arrangement regarding their procurement should be made in advance. The DDMA, Chirang should fix the rates of various items well in advance needed to be provided to the affected people during floods, ensure sufficient stock of food grains, cattle feed and the like and have an transportation plan in place. To avoid last minute scramble for boats available in the district, it should have an inventory of boats and involve the owners of the boats in planning.

6. The weather forecasts will be shared with all the concerned shareholders once received from the competent authority for necessary precautions.
7. The DDMA, Chirang will send a daily district flood report to the State Control Room during flood season by 12 Noon.
8. The DDMA, Chirang will within the scales prescribed to provide GR in cash or kind to the deserving affected people.
9. The DDMA, Chirang will arrange proper distribution of relief materials received as donation among the deserving affected people.
10. Relief camps will have to be set up for the flood affected people.
11. The DDMA will arrange pre-identified shelter places for evacuation purposes.
12. Assessment of loss of lives and property by floods is very important and it should be done meticulously and it must be done in a time bound manner.
13. The proposals for repair/ restoration of infrastructure works should be based strictly on the Damage Assessment Reports and the DDMA will recommend only those proposals that are in immediate need of repairment.
14. Rehabilitation of the severely affected people need not to be confined to the financial assistance under SDRF. There are several other schemes of the Government that can be diverted for their assistance.
15. It is equally important to have bank account of all the people in the flood prone areas opened, so that financial assistance can be routed to their bank accounts.
16. Prevention of the spread of diseases in the immediate aftermath of floods is important challenge. Special attention needs to be paid to the disposal of dead bodies and carcasses of animals, treatment of water and rigorous health check ups.

4.1.3:: Flood Early Warning System::

The North East Space Application Centre (NESAC), Shillong under which flood early warnings are issued. ASDMA received those warnings from NESAC and from ASDMA, the DDMAAs received those warnings. The warnings are disseminated to all concerned line departmental officials at the district level immediately after receipt of the same from ASDMA through SMS, Whatsapp Messages etc.

4.1.4:: Indicative list of Roles & Responsibilities of various Agencies in Flood Management::

A. Role of District Commissioner/ DDMA

Pre Flood	<p>1) To convene flood preparedness meeting by 15th February in order to act and advise on the following::</p> <ul style="list-style-type: none"> • Maximum number of relief camps to be set up. • facilities to be available at each centre. • Maximum number of likely relief parties. • The manner in which voluntary organizations are to be involved. • The manner in which VCDCs are to be associated with relief operation. • List of protection works to be completed by 30th April by the WRD/ PWD/ DRDA/ Irrigation. • Adequacy or otherwise of the preparations made by various departments concerned for dealing with floods as required. <p>2) Take up for implementation all the decisions as per recommendation of the DDMA by the various departments. By 30th April, the Chairperson of the DDMA will:</p> <ul style="list-style-type: none"> • Divide the district into compact zones each comprising a group of villages falling under both "Very Vulnerable" and Vulnerable areas . • Select responsible officers not below the rank of Circle Officer to be designated as Relief Officer (RO) for placing him in charge of each zone. • Select sites for evacuation centres and relief centres in safe areas. These sites sheltering livestock may be decided in consultation with the DVO. <p>3) Prepare::</p> <ul style="list-style-type: none"> • A sub-division wise list of officers and staff available for deployment of relief duty as and when called for. • A list of vehicles needed for transportation of relief materials in consultation with the DTO. • A list of boats/ mar boats/ bailey bridges available from PWD, IWT etc. <p>4) The Chairperson, DDMA will undertake a joint Inspection of by 10th May along with EE, WRD, SP as a precautionary measure against breaches in embankments, bunds, drains, nullahs and other flood protection works to see if necessary repairs and the like have been done and they are in good condition.</p>
During Flood	<ol style="list-style-type: none"> 1. DDMA to convene weekly meeting to review flood management during flood season. 2. On receipt of flood warning, the DDMA will take action as per SoP prepared by ASDMA. 3. On occurrence of flood the DDMA will ensure that the concerned officials visit the affected places , ascertain the nature and extent of damages, make prompt decisions, assess requirement of men and material for relief operation and mobilise resources accordingly. To supervise arrangement in evacuation centres and relief camps, arrange

	<p>to collect donation in cash and kind from voluntary organizations, requisition of services of different responding agencies as and when necessary. The DDMA will make arrangement for constructing shelter in Relief camps if required and will maintain proper cleanliness, hygiene etc through PHED. It will ensure that GR reaches to the affected people as per the prescribed scales. Details of GR items distributed to be displayed in a notice board in the relief camp for public information and maintenance of transparency. The DDMA will arrange proper distribution of relief articles received as donation through authorized persons/ agency. The DDMA will also ensure proper care of the infirm, destitute, orphans etc. through the assistance of the distribution of Social welfare Office. Supply of cooked food generally be discouraged.</p>
Post Flood	<ol style="list-style-type: none"> 1. The DDMA will collect information regarding crop damage affected by flood from the agricultural department. 2. Immediately after the flood water recedes comprehensive report on losses and damages is to be submitted by the concerned department to the DDMA for onward submission to the Government. 3. Make assessment of requirement and arrangement for distribution through agriculture department such as seeds, seedlings as grant in aid., agricultural loan in cash/ kind, grants for construction/ repairmen of houses in deserving cases among the affected people. <p>Contraction & Closure of Relief While it is necessary to provide all kinds of relief required, it is equally essential that strict economy is exercised so that resources of the State do not get strained unduly.</p>

B. Role of water Resources Department::

Pre-flood	<p>The EE, WRD will visit the generally flood affected areas and shall::</p> <ol style="list-style-type: none"> 1) By the 31st of December, <ul style="list-style-type: none"> ✓ Classify the different areas and localities of the district on the basis of the flood hazard atlas. ✓ Re-prepare/ update the map if there is any change in classification of areas shown in the map. ✓ Suggest DDMA for undertaking village work on:: Digging link drains and other drains to prevent water congestion in localized depression , Construction of bunds or repairmen of bunds to protect agricultural lands against flood, prepare detailed plans and estimates for works as may be required by DDMA/ DC and render necessary assistance to DC/ DDMA in execution of works. 3. By 30th April <ul style="list-style-type: none"> ✓ Prepare a tentative list of flood control personnel for flood fighting, patrolling on embankments, dykes and other flood protection structures. ✓ Required materials should be arranged and stored in suitable
-----------	---

	<p>places.</p> <ul style="list-style-type: none"> ✓ Keep all departmental assets in running condition. ✓ Ensure that the embankments, dykes and other structures are in good condition. ✓ By the 10th May, accompany DC/ SP for a joint verification of vulnerable areas.
During flood	<p>The EE, WRD will::</p> <ol style="list-style-type: none"> 1. Follow the flood early warning system. 2. As soon as the river water level rises, start vigorous patrolling at the reach of the embankments/ dykes and other flood protection structures. 3. Keep in close touch with the DDMA/ DC. 4. On occurrence of flood, the department will examine the physical condition of the embankments/ dykes and ensure that leakages, seepages if any are promptly attended to. 5. Take protective measures without loss of time in case of any signs of breach.
Post flood	<p>As soon as flood water recedes, the department shall:</p> <ol style="list-style-type: none"> 1. The DDMA/DC in order of priority, the works to be taken up. 2. Prepare plans & estimates of those items of works as may be required. 3. Finalize and start labour oriented departmental works in consultation with DC/ DDMA. 4. Restore tools, equipment, vehicles and other stores. 5. Repair/ replace damaged tools/ equipment. 6. Prepare plan & estimate for repairing damaged structures and place it before the DDMA for onward submission to the Government for necessary approval under SDRF.

C. Agriculture Department::

Pre-flood	<p>The DAO shall:</p> <ol style="list-style-type: none"> 1. Undertake measures relating to the latest result of research available from the Assam Agricultural University or from other sources on various varieties including flood tolerant varieties. 2. Advise the dates after which seed transplantation should not be undertaken. 3. Advise on suitable cropping patterns. 4. By 30th of April, the DAO will visit the generally flood affected areas and make assessment along with the revenue staff regarding crop area and cultivators likely to be affected. 5. Prepare a block wise agricultural map showing areas under different crops in the flood affected areas and share a copy of the same with the DC/ DDMA. 6. Assess requirement and arrangement of pesticides for protection of crops after floods and tools & plants etc. 7. Make arrangement for raising seedling in specific government agricultural farms/ nurseries in adequate quantities.
-----------	---

During flood	<p>On receipt of flood warning the DAO shall:</p> <ol style="list-style-type: none"> 1. Alert all the sub-ordinate officers and field staff. 2. Check stock seeds, manures implements and make arrangement for raising seedlings. 3. Draw up a tentative programme for relief works on occurrence of floods. 4. Immediately collect agricultural statistics along with the Revenue Staff about crop damage, cultivators affected etc. 5. Arrange distribution of agricultural inputs. 6. Render technical assistance to the needy cultivators. 7. Arrange for spraying of pesticides, wherever necessary. 8. Collaborate with the Soil Conservation Department for removal of excessive deposits from the agricultural fields which can not be removed by an individual farmer.
Post flood	<p>After the flood relief operation, the DAO shall:</p> <ol style="list-style-type: none"> 1. Restore the tools and plants. 2. Repair the damaged tools and plants. 3. Dispose of undistributed seeds and manures which can not be kept for use beyond a particular crop season.

D. Role of Education Department (DEEO/ IS)::

Pre-flood	<p>The IS/ DEEO shall by the 30th April::</p> <ol style="list-style-type: none"> 1. Prepare a list of Government and aided schools in the very vulnerable & vulnerable areas showing particulars of buildings i.e location, accommodation etc. 2. Prepare a list of teachers and other staff who may be available from each Schools for flood relief work. 3. Collect a list of suitable NCC cadets/ Scouts/ NSS volunteers from the District Sports officer who shall be available for flood relief work.
During flood	<p>On receipt of flood warning, the IS/ DEEO shall :</p> <ol style="list-style-type: none"> 1. Alert the teachers/ Staff/ NCC cadets/ Scouts/ NSS volunteers as per the list already prepared by the Education Department. 2. Order closure of a School, building which has been requisitioned by the DDMA. 3. Order for closure of Schools in the flood affected areas after obtaining approval from the higher authority. 4. Visit the flood affected areas and assess if any educational assistance is required to be given to the flood affected students/ institutions. If so draw up scheme on priority basis and submit it to the Government through the DDMA for sanction/ allotment of funds.
Post flood	Submit details of damaged infrastructures.

E. Role of Health Services::

Pre-flood	<p>The JDHS will visit generally flood affected areas by the 30th April and::</p> <ol style="list-style-type: none"> 1. Prepare a list of health institutions located in these areas along with a list of doctors, paramedical staff already available in each of the areas and number of additional hands that may be required in each of the areas in case of acute floods. 2. Ensure that adequate stocks of medicines, vaccines and disinfectants are kept at the district/ sub-divisional level. 3. Keep adequate provision for augmenting the hospital beds. 4. Adequate arrangement for immediate mobilization of medical teams for deployment in the affected areas. 5. Prepare detailed plan for utilizing the doctors and other voluntary organizations in the district during flood. 6. Take measures for prevention of epidemic and arrange for necessary vaccinations of the people in these areas. 7. Ensure that ambulances are kept in running condition.
During flood	<p>On receipt of flood warning, the JDHS shall:</p> <ol style="list-style-type: none"> 1. Alert the doctors & paramedical staff. 2. Inform the DDMA for arranging transport for staff and ambulance services to be available at short notice, if departmental vehicles are not available. 3. Check personnel, equipment and medical Stores on occurrence of flood. 4. Maintain close coordination with DDMA. 5. Immediately visit the flood affected areas along with one medical team. 6. Make immediate arrangement to open dispensary camps in the affected areas if the existing health institutions can not cover the areas. 7. Decide immediately whether isolation of certain patients is necessary and desirable and if so, construct temporary isolation daybeds in the PHC/ Dispensary etc along with required facilities. 8. Utilize the services of Red Cross Society and other voluntary organizations in rendering relief in the flood affected areas.
Post flood	<p>After the flood, the JDHS shall:'</p> <ol style="list-style-type: none"> 1. Restore equipment and stores. 2. Repair/ replace damaged equipment. 3. Arrange for disposal of unutilized medicines and disinfectants. 4. Pre plan & estimates for repairing damaged structures and place it before DDMA for onward submission to the Government for necessary approval for SDRF.

F. Role of Irrigation Department::

Pre-flood	<p>The EE, irrigation shall visit all irrigation works in his jurisdiction with special emphasis on the vulnerable areas and he will by the 30th April:</p> <ol style="list-style-type: none"> 1. Check and ensure that canals and other structures of irrigation in these areas are in good condition. 2. Check against unauthorized construction likely to damage any structures of irrigation department. 3. Assess requirements and arrangement of tools and plants and other stores. 4. Keep vehicles in running condition. 5. Prepare tentative list of works and coordinate with other department i.e WRD/ DRDA/agriculture to carry out necessary works without which the existing irrigation infrastructures may be damaged by flood.
During flood	<p>On receipt of flood warning, the EE, Irrigation shall:</p> <ol style="list-style-type: none"> 1. Keep close touch with the DDMA. 2. Alert staff. 3. Check tools and plants, vehicles etc. 4. Visit irrigation works in the flood affected areas. 5. Assess requirements and deploy staff and suggest the DDMA for undertaking irrigation works. 6. Take necessary measures for protection of irrigation canals and other irrigation works. 7. Frequently visit the flood affected areas and ensure measures for safety of irrigation structures. 8. Take up labour intensive items for approved plan schemes in the areas by engaging flood affected people.
Post flood	<p>After the flood operation, the EE, Irrigation Shall:</p> <ol style="list-style-type: none"> 1. Restore tools, plants and stores. 2. Repair/ replace damage tools and plants. 3. Prepare plan & estimates for repairing damaged structures and place it before DDMA for onward submission to the Government for necessary approval for SDRF.

G. Role of Public Works Department::

Pre-flood	<p>The EE, PWD (Roads) will visit the generally flood affected areas within jurisdiction and shall by 30th of April:</p> <ol style="list-style-type: none"> 1. Ensure the road side debris/ materials are staked in proper places so that they are not washed away during floods. 2. The passage of all cross-drainage works is clear and free from obstructions to allow easy flow of flood water. 3. The existing protective works have been repaired as necessary. 4. Materials for constructing temporary bridges and camps for PWD workers are available in stock. 5. Assess and prepare list of staff of different categories for duties and make necessary arrangements. 6. Arrange reserve stock of tools and plants and other stores at scales prescribed by the Chief Engineer, PWD.
-----------	---

During flood	<p>On receipt of flood warning, the EE, PWD shall::</p> <ol style="list-style-type: none"> 1. Alert subordinate staff. 2. Keep in close touch with the DDMA. 3. Draw up tentative programmes of measures to be taken up. 4. Immediately visit the flood affected areas. 5. Assess requirements and deploy staff accordingly. 6. Restore communication within the shortest possible time in all the major roads in the district. 7. Report about submergence of roads to the DDMA. 8. Report the nature and extent of damages during flood. 9. Render technical assistance as may be required by DDMA in constructing temporary huts in relief camps.
Post flood	<ol style="list-style-type: none"> 1. Restore tools and plants. 2. Repair/ replace damaged tools and plants. 3. Take steps to repair damaged roads, culverts, bridges, buildings and other structures of PWD. 4. Prepare detailed plan & estimate for the restoration of the road surface/ structures to the original condition and submit it to the DDMA for onward submission to the Government for assistance under SDRF.

H. Role of Public Health Engineering Department (PHED)::

Pre-flood	<p>The EE, PHED shall visit the generally flood affected areas by the 30th April and:</p> <ol style="list-style-type: none"> 1. Assess measures likely to be required for safe water supply in the areas. 2. Prepare a list of engineering personnel of different categories available in the department. 3. Arrange for immediate mobilisation of field teams and for deployment in affected areas, 4. Ensure adequate stock of equipment and materials for the flood affected areas. 5. Preposition of departmental assets and equipment as per requirement. 6. Keep the departmental vehicles in running condition.
During flood	<p>On receipt of flood warning, the EE, PHED shall:</p> <ol style="list-style-type: none"> 1. Alert subordinate officers and staff regarding floods. 2. Check vehicles, equipment etc. 3. Draw up tentative programme for action. 4. On occurrence of floods, visit the affected areas immediately and start measures for water supply and pit/ sanitary latrines. 5. Assess extent of water supply measures required and deploy necessary staff. 6. Constantly visit the flood affected areas and ensure adequate safe water supply measures and sanitation in the relief camps.
Post flood	<p>After the flood relief operation, the EE, PHED shall:</p> <ol style="list-style-type: none"> 1. Restore tools and equipments, stores etc. 2. Repair/ replace damaged tools and equipments. 3. SDRF proposals for damaged water supply pipelines and infrastructures.

I. Role of Police Department::

Pre-flood	<p>The Superintendent of Police (SP) will visit the generally flood affected areas and he will visit the areas by 15th of May:</p> <ol style="list-style-type: none"> 1. Prepare a list indicating the number of police personnel, Civil Defence and Home Guards likely to be deployed in addition to the Police Personnel in the existing Police Stations and outposts in each area for purposes like Law & Order, Rescue & Evacuation. 2. Keep the Police Vehicles and equipment in good working condition. 3. Prepare a list of vehicles likely to be required for requisition. 4. Arrange for required number of police wireless sets to be kept in readiness for temporary installation in the affected area.
During flood	<p>On receipt of the flood warning, the SP shall::</p> <ol style="list-style-type: none"> 1. Alert the police personnel for relief operation. 2. Collect intelligence reports about incidences of crime following the flood and take effective measures to prevent and investigate such crimes. 3. Assist on rescue operation of affected people to relief camps. 4. Help strayed persons to re-establish contact with members of their families or relations. 5. Post police guard at vital installations and arranging guard for relief materials at the relief camps. 6. Render assistance in restoration of means of communications. 7. Arrange patrol on lines of communications along with relief materials when carried. 8. Disseminate information through Police Radio Communication if required.
After Flood	<p>After the flood relief operation, the SP shall:</p> <ol style="list-style-type: none"> 1. Restore vehicles equipments and camp materials. 2. Repair/ replace damaged equipment.

J. Role of Animal Husbandry & Veterinary Department::

Pre-flood	<p>The DVO will visit the generally flood affected areas by the 30th of April and</p> <ol style="list-style-type: none"> 1. Assess requirement of veterinary measures to be taken in the affected areas. 2. Identify suitable high places for sheltering livestock from flood affected areas. 3. Arrange to mobilize veterinary teams for immediate deployment in the affected areas. 4. Keep prescribed scales of all essential items/ medicines/ vaccines/ disinfectants are in ready condition. 5. Measures for prevention of combating widespread diseases from among animals.
During flood	<p>The DVO on receipt of flood warning shall,</p> <ol style="list-style-type: none"> 1. Alert the subordinate officers and field staff. 2. Check and arrange personnel, stores, equipment, vehicles . 3. Draw up tentative programme of relief work. 4. Visit the flood affected areas immediately with a veterinary relief

	<p>team and start relief measures.</p> <ol style="list-style-type: none"> 5. Assess extent of veterinary services required and deploy necessary staff accordingly. 6. Open first aid centres and dispensary camps as and when required. 7. Assist public in taking preventive measures to vaccinate all susceptible livestock against such diseases. 8. Constantly visit the flood affected areas and ensure effectiveness of the measures.
Post flood	<p>After the flood, the DVO shall:</p> <ol style="list-style-type: none"> 1. Restore equipment and stores. 2. Repair or replace damaged equipment. 3. Arrange for the disposal of balance medicines or replenish stock of medicines and stores. 4. Take steps for repair of damaged veterinary buildings. 5. SDRF proposals to be prepared if any.

K. Role of Food Civil Supplies & Consumer Affairs Department::

Pre-flood	<p>The DDS or any other officer responsible in the district shall by 30th of April,</p> <ol style="list-style-type: none"> 1. Arrange for procurement of controlled commodities like rice and maintain a reserve stock of required quantities of these items in specified places during flood on a requisition by the DC/ DDMA. 2. Hold discussions with the representatives of Chambers of Commerce, local traders and cooperatives and ensure that adequate stock of other non controlled essential commodities. 3. Arrange for procurement of the controlled and essential non controlled items which can not be locally procured within the district. 4. Arrange with the FCI and other federation/ traders for lifting by DC/ DDMA from each of these agencies not exceeding 500 quintals each of atta and rice as necessary without prior allotment of the GoI or Director of Supply. Such lifting of atta or rice will be adjusted against quota of the next month or regularised by obtaining formal allotment.
During flood	<p>The DDS or any other authorised officer of the department shall:</p> <ol style="list-style-type: none"> 1. Ensure adequate supply of essential commodities, particularly the controlled commodities not only in the affected areas but also in the other areas of the district. 2. Keep constant vigil by the departmental officers so that traders do not take advantage of the situation by creating artificial scarcity and inflate the price of the commodities. 3. Take steps on priority basis for arranging additional supplies from within or outside the district, if the reserve stock of the controlled commodities is not enough for relief due to widespread floods. 4. Arrange to open the retail outlets whenever necessary in the affected areas as per direction of the DC/ DDMA. 5. Deploy staff for relief in the affected areas.
Post flood	<p>The DDS or any other authorised officer shall</p> <ol style="list-style-type: none"> 1. Obtain the particulars from the government agencies regarding the quantity of each of the commodities released from the reserve or other stock for relief and submit a complete return within one month from

	<p>the date of expiry of the emergency to DDMA/ DC and to the Director of Supply.</p> <p>2. Allow with the approval of DDMA/ DC the balance of reserve stock, with different government agencies to be utilized for general purposes as soon as the flood relief is over.</p>
--	---

L. Role of Social Welfare Department::

Pre-flood	<p>The DSWO will visit generally flood affected areas under jurisdiction and shall by the 30th of April:</p> <ol style="list-style-type: none"> 1. Make arrangement for Mobile units of maternity and child welfare centres likely to be necessary in the affected areas. 2. Draw up nutrition programmes for children below 6 years and expectant/ nursing mothers in the flood prone areas through Anganwadi Centres. 3. Provide community education on promoting early initiation and exclusive breast feeding and timely quality complementary feeding for young children and also special nutritional needs of pregnant and lactating mothers, hand washing, safe water, hygiene and sanitation. 4. Make arrangements for taking care in the relief centres of orphans old infirm and destitute. 5. Make a list of facilities of voluntary social welfare organizations and AWCs which may be associated for rendering services in the relief centres. 6. Keep vehicles in good running condition.
During flood	<p>On receipt of flood early warning, the DSWO shall:</p> <ol style="list-style-type: none"> 1. Alert personnel about flood. 2. On occurrence of flood the DSWO shall see that orphans, old, infirm and destitute accommodated in the relief/ evacuation centre are promptly taken care of. 3. Requisition of the services of the voluntary social organizations for rendering assistance as and when required. 4. Organize running kitchens whenever necessary. 5. Shift destitute whenever necessary to the destitute homes. 6. Ensure optimal infant and young child feeding practices. 7. Ensure appropriate management of moderate to acute malnutrition of children and supplementary feeding for vulnerable groups including pregnant and lactating women according to identified needs. 8. In coordination with the health department support identification of severely acute malnourished children and refer them to health facilities/ nutrition rehabilitation centre. 9. Ensure the intake of iodized salt among women and children.

4.1.5 Flood Response at District level::

Sl. No	Task	Responsibility
1	On receipt of Flood Warning, DDMA will pass the information for taking necessary measures to: SDO (Civil), Revenue Circle Officers. Superintendent of Police Executive Engineer, WRD Executive Engineer, PWD (Roads) Station Officer, Fire Services, I/c of SDRF, NDRF if available in the district. Deputy Director, FCS & CA Department. Jt. Director, Health Services. District Veterinary Officer, DIPRO (for public announcement for evacuating people from vulnerable areas)	District Commissioner (DC) will direct the ADC & CEO, DDMA.
2	SP will instruct Sr. Station Officer, Fire & Emergency Services/ SDRF to assist the Circle Officer in rescue, evacuation and relocation process	Superintendent of Police.
3	Sr. Station Officer, F&ES will mobilize teams of SDRF and boats available in their custody and coordinate with DDMA/ Circle Officer for response.	Sr. Station Officer, F&ES
4	Executive Engineer, WRD shall mobilize man, material to strengthen weak embankment, keep constant vigil on water Levels and take necessary temporary measures to avert any breaches in embankment	Executive Engineer, WRD.
5	Take adequate measures to ensure that the road communication is not disrupted. Repair any breaches on roads for evacuation and supply of relief to the affected people	Executive Engineer, PWD (Roads)
6	Jt. Director, Health Services on receipt of information will initiate to mobilize medical response team, ambulance and alert all government hospitals in the area likely to be affected. The JDHS shall also direct SDMHOI/s PHCs of the concerned area to form a team of doctors equipped with necessary medical equipment and move to the affected area or relief camp/ centre as required by the Circle Officer	Jt. Director, Health Services
7	Take periodic report of the situation and instruct Circle Officers. The JDHS, EE, PWD, PHED, WRD, Irrigation, Police, F&ES to take necessary measures as required for dealing with the situation.	District Commissioner/ DDMA.

8	Deputy Commissioner will also inform State HQ about prevailing situation and action taken	District Commissioner
Response at Revenue Circle Level		
9	On receipt of warning, mobilize the Lot Mondal, Gaon Burah, SDRF and other agencies and resources available under Circle Officer's Jurisdiction	Circle Officer of the concerned Revenue circle.
10	Go to the specific location immediately and inform the villagers on the probability of any flood event and ask them to take necessary precautionary measures	Lot Mondal/ Gaon Burah
11	In case of probability of high intensity flood, evacuation of people from vulnerable areas to pre-identified safe locations and preposition of QRT/ SDRF/NDRF/ Police Force/ Sand bags/ Boats/ Tarpaulin/Tents etc)	Circle Officers of the concerned Revenue Circle.
12	Keep DC/ SDO (Civil) informed on an hourly basis about the situation on the ground level and may request additional resources of man, material and machines if required from DC or SDO (civil)	Circle Officers of the concerned circle.
13	Inform BDOs, so that the BDOs can inform VCDC members for appropriate action	Circle Officer of the concerned Circle.
14	Open relief camps if required and give requisition for GR to Dc	Revenue Circle Officer
15	Arrange for distribution of Relief	Revenue Circle Officer

CHAPTER- V

MANAGEMENT OF STORMS & CYCLONES

The district Chirang is highly prone to storms/ winds and is likely to experience wind speed of 50 m/s. The severity of storm/ wind is more during monsoon.

5.1.1 :: Roles & responsibilities of various line departments/ agencies::

A. Deputy Commissioner/ DDMA	
Pre-storm (before 1 st March of every year)	<ol style="list-style-type: none"> DDMA will conduct adequate awareness programmes on storm safety measures. Before the storm season, instruct ASEB/Forest to trim the branches and remove dead tress/ branches. Liase with the Power department to check the condition of transmission lines/ poles. DDMA shall check the safe operational procedure followed by boats plying through IWT/ Private ferries. Randomly check all the vessels during lean season for compliance of safety norms. DDMA shall coordinate with IWT and ensure that the QRTs are equipped and trained.
During Storm	<ol style="list-style-type: none"> On receipt of warning of impending storm, DDMA shall disseminate the warnings to all concerned. Activate the DEOC for undertaking response operations. Impose restrictions on the movement of boats if required. Mobilize SDRF team and if necessary requisition NDRF and ARMY to conduct Search & rescue operation in the event of any accident. Instruct PWD (Roads), Forest and Electricity Department for road clearances, debris clearances falling trees and restoration of power respectively. Send incident briefing to State HQ/ SEOC regularly. Open relief camps and shelter places if required. Provide GR to the affected population if required.
Post Storm	<ol style="list-style-type: none"> Conduct damage assessment through the Circle Officers/ Committee constituted for the purpose and submit details of the damages to the Government. Undertake rehabilitation work for the affected population. Submit RG proposal for recovery and reconstruction to the Government.
B. IWT (Inland Water Transport Department)	
Pre Storm	<ol style="list-style-type: none"> Designate ghat Managers. Establish control Room in linkage with ghat managers. Disseminate daily weather report received from IMD to the Ghat Managers. Check the safety of the boats and availability of life buoy and life jackets in the boats. Equip and train QRTs.
During Storm	<ol style="list-style-type: none"> Restrict movement of the boats, if required. Keep rescue vessels and QRTs in readiness to respond and send immediately in case of boat capsize.

	3. Coordinate with DDMA for response activities.
Post Storm	1. Review events for taking necessary corrective measures.
C. Fire & Emergency Services/ SDRF	
Pre Storm	1. Prepare response plan and update resources inventories. 2. Prepare logistic plan for the responders. 2. Coordinate with DDMA for any storm warnings.
During Storm	1. Mobilize and deploy team with deep divers for operation in case of boat capsizes. 2. Set up own communication network. 3. Carry out rescue operation for trapped victims, if required.

CHAPTER-VI

INCIDENT RESPONSE SYSTEM

6.1.1:: Incident Response System in the District::

Incident Response is a part of the emergency management process and it relates to actions taken in order to mitigate the consequences of an incident. The IRS is essentially a management system which is used for organizing the human and material resources which is pressed in to service while responding to disasters. IRS is guided by a thorough planning ensures that the critical resources which are used while responding to disaster s are deployed in its rightful positions, are mobilized & demobilized in a timely manner to avoid wastage and further emphasis on a detailed documentation of use of resources, actions and decisions.

6.1.2:: Features of Incident Response System::

- ✓ It is a temporary team and shall handle only response.
- ✓ It can be implemented irrespective of size, location, type and complexity of disasters.
- ✓ Develop a common understanding of the mission.
- ✓ Develop a common operational picture.
- ✓ It provides participatory, well structured, fail safe, multidisciplinary, multi departmental and systematic approach to guide administrative mechanisms at all levels of the Government.
- ✓ Appoint persons with appropriate delegation of decision making.
- ✓ Create appropriate structures and process for coordinating operational decisions to be taken at the lowest possible level and scale to highest necessary level.
- ✓ The team members trained in their function, role and IRS operation for maximum effectiveness.
- ✓ Once the IRS team or the individual members are demobilized they return back to their original job/ role & responsibility.
- ✓ Continuous training of the identified staff enhances their role clarity and effectiveness and hence to performance of the team.

6.1.3 ROLES & RESPONSIBILITIES OF VARIOUS INCIDENT RESPONSE TEAM MEMBERS

SL. NO.	POSITION	RESPONSIBILITIES
COMMAND STAFF		
1	RESPONSIBLE OFFICER	The role & responsibilities of RO are as follows: <ul style="list-style-type: none"> i) Monitor operation from the State Emergency Operation Centre (SEOC)/ District Emergency Operation Centre (DEOC) ii) Give directions to any department or authority regarding actions to be taken iii) RO will ensure that active participation of all departments in response iv) Incident Commander will brief him about the situation & response time to time
2	INCIDENT COMMANDER	<ul style="list-style-type: none"> • Obtain information on: <ul style="list-style-type: none"> a) Situation status like number of people and the area affected etc. b) Availability and procurement of resources c) Requirement of facilities like ICP, Staging Area, Incident Base, Camp, Relief Camp etc. d) Availability and requirements of Communication system

		<ul style="list-style-type: none"> e) Future weather behaviour from IMD and f) Any other information required for response from all available sources and analyse the situation • Determine incident objectives and strategies based on the available information and resources • Establish immediate priorities, including search & rescue and relief distribution strategies • Assess requirements for maintenance of law and order, traffic etc. if any at the incident site, and make arrangements with help of the local police • Brief higher authorities, i.e. Responsible Officer about the situation as per IRS incident briefing and request for additional resources, if required • Establish Incident Command Post (ICP) at a suitable place from where the response will be coordinated • Ensure that the Incident Action Plan (IAP) is prepared • Ensure that planning meetings are held at regular intervals. The meetings will draw out an implementation strategy and IAP for effective incident response. Ensure that all Sections or Units are working as per IAP • Ensure that adequate safety measures for responders and affected communities are in place • Ensure proper coordination between all Sections of the IRT, agencies working in the response activities and make sure that all conflicts are resolved • Consider requirement of resources, equipment which are not available in the functional jurisdiction, discuss with Planning Section Chief and Logistic Section Chief and inform Responsible Officer regarding any procurement • Approve the deployment of volunteers and such other personnel and ensure that they follow the chain of command • Authorise release of information to the media • Ensure that the record of resources mobilized from outside is maintained so that prompt payment can be made for hired resource • Ensure that Incident Status Summary (ISS) is completed and forwarded to the Responsible Officer • Recommend demobilization of the Incident Response Team, when appropriate • Perform any other duties that may be required for the management of the incident • Perform such other duties as assignment by RO
3	INFORMATION & MEDIA OFFICER	<ul style="list-style-type: none"> • Prepare and release information about the incident to the media agencies and others with the approval of IC • Monitor and review various media reports regarding the incident that may be useful of incident planning • Organise Incident Action Plan (IAP) meetings as directed by the IC or when required • Coordinate with IMD to collect weather information and disseminate it to all concerned • Maintain record of various activities performed • Jot down decisions taken and directions issued in case of sudden disasters when the IRT has not been fully activated and hand it over to the Planning Section on its activation for incorporation in the Incident Action Plan • Perform such other duties as assigned by IC
4	LIAISON OFFICER	<ul style="list-style-type: none"> • Maintain a list of concerned line departments, agencies (CBOs, NGOs, etc.) and their representatives at various locations • Carry out liaison with all line dept. & concerned agencies including NDRF and

		Armed Forces <ul style="list-style-type: none"> • Monitor Operations to identify current or potential inter-agency problems • Participate in planning meetings and provide information of response by participating agencies • Keep the IC informed about arrivals of all the Government and Non-Government agencies • Maintain record of various activities performed
5	SAFETY OFFICER	<ul style="list-style-type: none"> • Recommend measures for assuring safety of responders and to assess or anticipate hazardous and unsafe situations • Ask for assistance and assign responsibilities as required • Participate in planning meetings for preparation of IAP • Obtain details of accidents that have occurred within the incident area if required or as directed by IC and inform the appropriate authorities • Review and approve the Site Safety Plan, as and when required
GENERAL STAFF		
6	OPERATIONS SECTION CHIEF	<ul style="list-style-type: none"> • Manage all field operations for the accomplishment of the incident objectives • Ensure the overall safety of personnel involved in the OS and the affected communities • Deploy, activate, expand and supervise organizational elements • Assign appropriate personnel, keeping their capabilities for the task in mind and maintain On Duty Officers list • Brief the personnel in OS at the beginning of each operational period • Prepare Section Operational Plan in accordance with the IAP; if required • Determine the need for additional resources and place demands accordingly and ensure their arrival • Consult the IC from time-to-time and keep him fully briefed
7	STAGING AREA MANAGER	<ul style="list-style-type: none"> • Establish the SA with proper layout, maintain it in an orderly condition and ensure that there is no obstruction to the incoming and outgoing vehicles, resources etc. • Organise storage and dispatch of resources received and dispatch it as per IAP • Report all receipts and dispatches to OSC and maintain their records • Manage all activities of the SA • Ensure that communications are established with the ICP and other required locations e.g. different SAs, Incident Base, Camp, Relief Camp etc. • Utilize all perishable supplies expeditiously • Request maintenance and repair of equipment at SA • Demobilize SA in accordance with the Demobilization Plan
8	PLANNING SECTION CHIEF	<ul style="list-style-type: none"> • Ensure that decisions taken and directions issued in case of sudden disasters when the PS has not been activated are obtained from the IMO (Command Staff) and incorporated in the IAP • Ensure collection, evaluation and dissemination of information about the incidents including weather, environment toxicity, availability of resources etc. from concerned departments and other sources • Coordinate by assessing the current situation, predicting probable course of the incident and preparing alternative strategies for the Operations by preparing the IAP • The major steps for preparing IAP are as follows: <ol style="list-style-type: none"> a. Initial information and assessment of the damage and threat; b. Assessment of resources required; c. Formation of incident objectives and conducting strategy meetings; d. Operations briefing; e. Implementation of IAP; f. Review of the IAP; and g. Formulation of incident objectives for the next operational period, if required • Ensure that incident Status Summary is filled and incorporated in the IAP

		<ul style="list-style-type: none"> • Plan to activate and deactivate IRS organisational positions as appropriate, in consultation with the IC and OSC • Determine the need for any specialised resources for the incident management • Provide periodic projections on incident potential • Report to the IC of any significant changes that take place in the incident status; • Compile and display incident status summary at the ICP
9	LOGISTIC SECTION CHIEF	<ul style="list-style-type: none"> • Coordinate with the activated Section Chiefs • Provide logistic support to all incident response effort including the establishment of Staging Area, Incident Base, Relief Camp, Helipad etc. • Participate in the development and implementation of the Incident Action Plan (IAP) • Keep Responsible Officer (RO) and Incident Commander (IC) informed on related financial issues • Ensure that Organizational Assignment List is circulated among the Branch Directors and other responders of his Section • Request for sanction of Impress Fund, if required • Supervise the activated Units under his Section • Ensure the safety of the personal of his Section • Assign work location and preliminary work tasks to Section Personnel • Ensure that a plan is developed to meet the logistic requirement of the Incident Action Plan (IAP) • Anticipate over all logistic requirements for relief Operations and prepare accordingly • Constantly review the Communication Plan, Medical Plan and Traffic Plan to meet the changing requirements of the situation • Assess the requirement of additional resources and take steps for their procurement in consultation with the RO and IC • Provide logistic support for the victims as approved by the RO and IC • Ensure release of resources in conformity with the number of victims • Ensure that the hiring of the requisitioned resources is properly documented and paid by the Finance Branch • Assign appropriate personal keeping their capabilities for the tasks to be carried out and maintain on duty officer list • Ensure that cost analysis of the total response activities is prepared • Ensure that record of various activities performed by member of Branches and Units are collected and maintained in the Unit log

CHAPTER-VII

RELIEF CAMP MANAGEMENT

Camp management is dynamic in nature and strives for promoting a holistic approach for physical, psychological, cultural, social and emotional well-being of camp inhabitants by establishing and maintaining an inclusive overview of many aspects and stakeholders involved in the life of a camp. Therefore, the following guidelines have been formulated to assist district and sub-divisional civil administration and civil society for effective and smooth management of relief camps. These guidelines are illustrative and decisions may be taken by the Camp Authorities as per demand of the situation, within the larger framework of guiding principles incorporated in the manual.

7.1.1 Setting up of a Relief Camp:

- (a) On receipt of report from Revenue officials, the DC/SDO(C) will order to setup a relief camp at pre-decided location as per District/ Sub-divisional disaster management plan. As far as possible, relief camps should not be set up in educational institutions.
- (b) In case new location is to be selected for the camp due to unavoidable circumstances, following points should be considered for arriving at a decision.
 - Camp should preferably be set up in an existing built up accommodation like a community hall.
 - It should be located at a safe place which are not vulnerable to landslides, flood etc.
 - It should be accessible by motor vehicles, if possible.
 - Adequate space for roads, parkings, drainage, should also be there. The area should not be prone to endemic disease like malaria.
- (c) Wide publicity should be given about the location of the camp and affected people should be evacuated and brought to the camp directly.
- (d) Emergency relief materials which include drinking water, food, bedding (mattress, sheets & blankets), baby food, mosquito repellents etc should be arranged as early as possible.
- (e) Control room/ help desk should be setup in the relief camp immediately.
- (f) Proper planning and preparedness to make the arrangement smoother.

7.1.2. Shelter

- (a) The shelter should be such that people have sufficient space for protection from adverse effects of the climate.
- (b) Ensure sufficient warmth, fresh air, security and privacy for their health and well being.
- (c) The covered area available per person should be on an average 3.5 to 4.5 square meter.

- (d) Each family should be provided separate tent, if possible.
- (e) In warm & humid climates, proper ventilation & protection from direct sunlight must be ensured.
- (f) If plastic tents or sheeting are available, provision of an insulating layer or a double skinned roof may be considered.
- (g) Tents should not be constructed too closely together and reasonable distance should be kept between the camps to provide some form of privacy.
- (h) Priority should be given to widows and women headed households, disabled and elderly people in tent/room distribution.
- (i) Temporary shelter should neatly be planned and made.
- (j) Tents with slanting sides should be avoided as they leave no space for mobility. Tents with ventilation facilities may be provided to the people.

7.1.3 General Administration of the Camp

- (a) One responsible officer preferably ADC, SDO or CO should be designated as Camp Officer by the DC/SDO(C) who will ultimately be responsible for general management of the Relief Camp. He will co-ordinate & supervise the works of other officers in the camp.
- (b) One Assistant Camp Officer should be designated to help the camp officer.
- (c) Administrative structure of the camp should be as follows:

Camp Officer (ADC/SDO/CO)

Assistant Camp Officer

All relevant line departments for camp management like PWD (B), PHE, Health, ASEB etc

- (d) Camp Officer will co-ordinate with all the officers detailed for management of various facilities in the camp.
- (e) A separate order should be issued by DC/SDO(C) to detail the above officers in the camp with clear defined roles & responsibilities.
- (f) Officers of line department detailed in the camp may be allowed to further engage the assistants from their offices to help them.
- (g) An inspection and observation register should be maintained in the camp and it should invariably be made available to visiting team of the senior authorities.
- (h) Deputy Commissioner /SDO(C) should visit the camp as frequently as possible and hold meeting with all the officers responsible for management of the camp. They should record their observation about management of the Camp in inspection register for future reference.
- (i) As per Disaster Management (DM) Act 2005, district authority can direct any Government officer to assist in providing relief to the person affected by natural calamities. If the officer fails to comply the order he may be prosecuted and punished as per provision of the Act.
- (j) District Authority as per DM Act 2005 can requisition any resources, premises

& vehicles needed for rescue & relief of disaster affected persons and suitable compensation may be provided to the owners of the same.

(k) Negligence in assigned work should not be tolerated and immediate action should be taken against the erring officer.

(l) One spare vehicle should be kept on standby basis for 24 hrs in the camp.

(m) One help desk/ control room/ officer room should be designated where inhabitants can register their complaints

(n) Loudspeaker system should be installed in the camp. Announcement may be made from camp office regarding distribution of relief aid, food, arrangement of medical and other facilities etc.

(o) BSNL may be asked to arrange offer telephone/ mobile facilities in the camp for inhabitants.

(p) Camp Officer will maintain a Master Register in the Relief Camp in the prescribed format

(q) Gaon Burah, School Teacher, Lot Mondal or any trust worthy local person may be asked to prepare the preliminary list which can be scrutinized and cross checked by the camp Officer.

(r) Each head of family should be given a ticket at the time of entry/ registration of the family in the relief camp. Any adult member of the family will have to produce the Ticket to receive any article or aid of relief. Distribution Officer will enter the amount given along with date of issue in the Ticket and put his signature on it.

(s) All the Expenditures for setting up Relief Camp and providing facilities to the camp population is admissible under the norms prescribed by the National Disaster Response Fund (NDRF) and State Disaster Response Fund (SDRF).

D. Guiding principles for Management of the Camp

a) Camp Officer should easily be accessible to the camp inhabitants.

b) Treat every inhabitant of the camp with dignity and respect.

c) Ideally camp management should strive to provide facilities so that inhabitants feel comfortable

d) Make effective arrangement for distribution of food and aid to the people in the camp

e) Special care should be taken to ensure that vulnerable people like disabled, elderly, pregnant women and children get adequate aid and supply of food and other facilities.

f) Sufficient nos. of women officers should be engaged in management of the camp and they should interact with women inhabitants to assess their special needs.

g) Arrangement should be made to prevent abuse against women and children in the camp.

h) Voluntary Organization & leading citizens may be encouraged and involve in management of relief camp.

i) Psychological counselling must be arranged for the families who have lost their family members.

j) Inhabitants should be involved in management of camp.

k) Inhabitants should be kept engaged by arranging for TV, Books, News Papers, Carom Board and other means of entertainment.

l) It should be ensured that no officer is required to work for unreasonably long hours.

- m) Officers responsible for management may be made aware that misappropriation of money or materials meant for the relief will invite prosecution and
- n) Special drive should be taken against illicit liquor sale in and around the camp.
- o) Press Release should be issued by giving contact nos. of Nodal Officer who will accept and co-ordinate with NGOs & public regarding donation in cash & kind.
- p) People should be made aware about rehabilitation program, financial support and other compensation to be provided against the loss of house, crop, cattle etc.
- q) People should also be educated about NREGA & other employment generating schemes which are available in their locality as they need not migrate to cities for Job opportunities.

7.1.4 Basic Facilities in Relief Camp

(a) Lighting Arrangement and Generator Set

- A technical person, preferably from electricity or PWD(E) department should be detailed to supervise the proper lighting arrangement in and around the camp and operation and maintenance of the generator set.
- One big candle and one match box should be provided in every room/tent.
- Petromax or emergency light should be arranged in sufficient numbers in the camp.
- Approach to toilet and water source should properly be illuminated.
- Generator set of required capacity should be installed in the Relief Camp and operator must be detailed for 24 hours.
- A register should be maintained by the operator in the prescribed Format
- Adequate arrangement for illumination inside and outside of camp should be made.

(b) Water Facilities

- Total requirement of drinking water, water for toilets, bath & washing of clothes and Utensils should be assessed and proper arrangement should be made accordingly.
 - Most of the diseases in the camps spread due to lack of purified and sufficient drinking water. Therefore, serious effort should be made to ensure supply of adequate clean & purified water to the camp population.
- 20 Ltrs of water should be provided to per person per day.
- One Sr. Officer of PHE Deptt. should be detailed for maintaining water supply in the camp.
- One bucket, one Jeri can or water container and one mug should be provided to every family to store the water for drinking, cooking etc.
 - Ideally one hand pump should be installed for every 200 persons.
- Hand pumps or water tanks should be minimum 20 ft away from the toilets.
- Daily sample of water from tanks, taps & other sources should be collected and analysed in the district lab of PHE Deptt. Corrective measures should be taken as per result of water analyses.
- Commercially available water filter should preferably be installed. Makeshift arrangement for water purification may be avoided.
- Separate bathing units must be constructed for male & female.

C) Sanitation:

- Ideally there should be one toilet for 20 persons.
- Toilet should be minimum 10 mtrs and maximum 50 mtrs away from shelter/tent/room.

- For waste disposal, one communal pit of 2mX5mX2m of size should be dug for 500 persons.
- Each family should be provided one soap of 100 gram per week.
- Separate toilets should be constructed for men & women and these toilet blocks should be separately be located at reasonable distance.
- Sufficient light arrangement should be made in toilets.
- Approach from camp to toilets should be also properly illuminated.
- Sufficient stock of bleaching powder, harpic and others item should be maintained.
- One officer must separately be detailed to supervise regular cleaning and maintenance of the toilets.
- Requirement of disinfectants should be assessed regularly & sufficient stock of it for a week should be maintained in the camp.

d) Food- Storage & Distribution

- Initially for few days, cooked should be provided to the camp inhabitants. Utensils and cook may be hired from open market for cooking of the food.
- Preferably disposable plates and glasses may be used to serve the food and water for hygienic reasons.
 - As for as practicable and as per available space cooked food may be served in hall or at one place for convenience of cleaning, hygiene, disposal of waste and smooth arrangement.
- Distributed food must be of appropriate quantity and fit for human consumption.
- Food must meet nutritional needs and include pulse, cereals, egg & fats sources.
- Food should be culture specific and as per food habits of the community. People of rural area may not like bread & butter.
- Packed food like biscuit, tinned food, ready to eat meals, noodles etc. should be properly checked that they are not expired before distribution.
- As far as possible Food Inspector must be detailed to certify the food items before they are served.
- Reputed and trusted Voluntary Organizations may be allowed to assist in cooking and distributions of meals but the relief Officer / Camp Officer will remain ultimately responsible for all arrangements.
- If cooked meal is not served, dry food like, rice, salt, pulse etc. may be distributed for one week at a time as per prescribed scale
- Even if cooked meal is provided to the inhabitants, above mentioned scale may be maintained.
- Sufficient counters with strong barricade may be made for distribution of relief articles and dry food like rice pulse, salt, etc. as it is made during general election for distribution of election materials.
- Display board should be hanged on each of the counter showing village name or ticket serial numbers of Ticket already distributed to the families during the registration.
- Separate queue may be allowed for women infirm & elderly people to collect relief aid.
- For storage of food items following guidelines should be followed:

- Dry and well-ventilated area may be designated in the Relief Camp for storage of Food items.
- Storage should be free from rodents and insects.
- Boxes/ bags must not lie directly on floor. Use pallets, boards or heavy branches, or bricks underneath piles.
- Keep products at least 40 cm away from the wall and do not stock them too high.
- Pile the bags/boxes two by two crosswise to permit ventilation. In this way, they are steadier and easier to count.
- Keep damaged boxes/bags away from the undamaged ones.
- Observe First In-First Out Expiry First Out Principle.
- Food stock and storage should personally be inspected by the Camp Officer on alternate days.
- Updated stock register should be maintained in a format as prescribed.

e) Clothing

- People in the camp should be provided sufficient clothing to protect themselves from the adverse effects of the climate.
- People should have one full set of clothing in roughly the correct size, appropriate to the season and the climate.
- Culturally appropriate clothing should be made available.
- Women and girls should be provided necessary sanitary protection.
- Mattress, bed sheet, gamosha, dhoti, lungi, mekhlachadar, etc may be provided to the people in the camp.

(f) Medical Facilities & Psycho-social Support

- One Doctor along with team of paramedical staff should be detailed on roster system round the clock in the camp.
- A proper register should be maintained for roster of the duties of Doctors, Nurses & Paramedical staff as prescribed
- A separate room or tent should be made available for the medical team.
- Highest standard of hygiene must be maintained at camp to minimize the chances of people falling sick.
- As far as possible each and every inhabitant of the camp should be screened for presence of any disease immediately upon his arrival or within 24 hrs of his arrival in relief camp without fail.
- A rapid health assessment of all the inhabitants in the camp should be done on weekly basis. They may be divided in 7 groups and weekly rapid health assessment should be done of one group on a fixed day of a week.
- Diarrhoea, gastroenteritis, conjunctivitis, allergies, malaria, viral fever are common diseases in the camp. Preventive measures must be taken in camp and sufficient store of medicine must be maintained to treat them timely.
- If the camp continues for more than a month the regular health services like maternal & childcare services including immunization should be stored in the camp.

- Jt. Director, Health Services should be directed to arrange adequate stock of medicine from district store.
- Detail inventory & stock register of medicine available within store at camp should be maintained.
- No prescription will be given to the patient to purchase any medicine from outside the camp.
- All the medicines should invariably be provided free of charge to the inhabitant. If medicines are not available in the camp these may be purchased from outside by the Medical Officer.
- Some advance fund may be given to the medical team for purchase of medicine from outside, if required. The team will maintain proper account and keep all the vouchers, bills etc for record.
- If there are more than 500 persons in the camp, one ambulance with adviser should be stationed for 24 hrs in the camp.
- Cases of snake bites are also reported from relief camp. Necessary arrangement should be made in nearest health institution for adequate stock of anti-venom injection.
- Everyone who experiences disaster is affected in one way or another physically, emotionally and mentally. Children are among those who are affected most. It is in this regard that psychological support is an important part of response in any disaster situation.
- Psychological support is best obtained from the family. Therefore, even in abnormal conditions, family should be kept together. As a means of psychological support, activities like religious activities, entertainment and recreation etc. should be arranged for the inhabitants of the camp.
- Professional Psycho-social Therapist should be arranged to provide counselling to the affected person. It should be ensured that follow up sessions are conducted, as a onetime session is not be helpful, but may even create unpleasant experiences or memories for vulnerable person.

g) Special Arrangement for women, Children, and Physically Challenged and Elderly persons

- Since women are more vulnerable during disaster, their specific needs must be identified and taken care of.
- Female gynecologist and obstetrician should be available at hand to take care of maternity and child related health concern.
- Ensure that children inoculated against childhood disease within the stipulated time period.
- For safety and security of the women and children, vigilance committees should be formed consisting of women.
- Women Police Officer should be stationed within the camp to record and redress any complaints made by women.
- Security measures should be taken in the camps to prevent abduction of women, girls and children.
- Widows and women headed household usually are unable to access food & other relief aid; therefore, special volunteers may be engaged to take care of such families.

- Self-Help-Groups may be formed among the affected women to give emotional support to each other.
- Women participation in the management of camps is important to ensure that women's needs are met.
- Sanitary pads should be provided to the women and girls. Some women of rural areas may not be used to commercially manufacture sanitary pads therefore clean white cloths & towels may be arranged for them.

h) Vermin control

- Insect and rodents are the unavoidable pests in the relief camp. They spread diseases, spoil foods and other materials. They cannot be totally eliminated but there are measures to minimize the increase in their population and their effects on the lives of the displaced community in the camp.
- Fogging may be arranged to prevent mosquitoes and other insects.
- Traps may be placed for rodents.
- Waste segregation should be promoted and collected on daily basis.
- Enough dustbins should be provided in the camp.
- Breeding places of mosquitoes and rodents should be eliminated by keeping the surrounding clean, dry & free of stagnant water.
- Pits should be dug and waste & garbage food should be disposed of their daily.

I) Security

- Security, peace and order must be maintained in the relief camp. The youths in the camp may be involved for providing better security environment.
- Police personnel should be detailed on roster basis.
- Adequate employment of force should be ensured on the boundary and gate of the camp.
- Police should keep vigil on anti-social elements & criminal around the camp.
- Special police Officers (SPO) may be appointed in the camp.
- Special police arrangement should be made during distribution of the relief materials.
- Home guards may be detailed for patrolling & night watch.
- Store room should properly be guarded by the police.
- Anti-Riot squad with teargas, lathi, body protection etc. should be kept ready in nearest Police station.

j) Media Management and Documentation

- Camp Officer should prepare a daily report and submit to Deputy Commissioner/SDO (C) by 5.00 PM every day.
- Deputy Commissioner/SDO (C) will issue press release to prevent any rumour.
- DIPRO/SDIPRO will visit the camp regularly and take photographs for record. Some of the photographs may be released to the media also.

- DIPRO may arrange tour of media persons to the camp and explain about the facilities and arrangement made there.
- DIPRO should be provided basic information by DC/SDO (C) about the management of the camps and he may provide the same to media person on daily basis.

k)Entertainment, Recreation & IEC Programme

- All the activities in the relief camp will succeed only if inhabitants of the camps are meaningfully involved in the management of the camp.
- Camp Officer should chalk out an IEC to campaign among the inhabitants on:
 - How to maintain hygienic in the camp, how to prevent breeding of flies, mosquitoes, insects, rodents etc.
 - Information about arrangement in the camp, scale of the relief items, health facilities, helpdesk etc.
 - Rehabilitations schemes and entitlement of affected families.
- Literary clubs/ Organizations may be promoted to arrange books & magazines for camp populations.
- Camp population may be kept engaged by providing entertainment & recreational facilities to them.
- Temporary Anganwadi centres may be opened in the camp with the help of ICDS project Officers for small children.
- Temporary schools may be setup in the camp involving volunteers from the camp inhabitants. SSA may provide free textbook, stationary, Siksha Mitra etc. Reputed NGOs may also be allowed to run temporary schools in the camp.
- SIRD & DRDA may be asked to arrange training for women on tailoring, soft toy making, pickle & papad making etc. and for youths on piggery, goatary, poultry, fishery, cane & bamboo items etc.

F. Closure of the Camp

- People in the camp should be encouraged to return to their homes, as the situation improves in the field. Transport facilities may be provided for the purpose.
- Family as a whole should leave the camp. No member of such family should be allowed to stay back in the camp.
- A final report may be prepared and sent to the govt with recommendation to amend the guidelines if required.
- All the registers, reports, bills, vouchers etc should be kept in a box under lock and key and should be shifted to the office of the DC/SDO (C).
- Best practices and innovative interventions should be documented and submitted to the govt.

7.1.5 Role of Various Department in Relief Camp Management::

- A. Circle Officer:-** The Revenue Circle officer will appoint a Relief camp in charge in each of the Relief Camps opened during flood. Relief Camp In-Charge will make a team including local Anganwadi Worker, ASHA worker, VLEW and other field level functionaries of various departments and keep record as per the format.
- B. Control Room:-** The Department Concerned will intimate any emergency information to the control room, already setup in the DEOC at D.C. office, Chirang in the emergency telephone No. 03664-242316 and toll free No. 1077. All departments will set up a control Room with separate telephone number round the clock basis in their respective H.Q. and submit name of officer/ officials entrusted to the Control Room with telephone numbers. (Action:- Department. Concerned)
- C. Issue of GR:-** To provide logistic to Flood affected people, Sub-Divisional level purchase committee will fix purchase rate of the commodities and accordingly open tender will be invited from traders well in advance. The C.O will submit requisition for GR after verification of the actual necessity for issue of GR to the affected people. They will ensure that the genuinely flood affected persons/families should get relief and that no causality occurs due to shortage of food stuff. (Action:- Rev. Circle officer)
- D. Storage of Materials & Rehabilitation measure:-** The Circle Officers/ BDOs will locate godowns in advance for keeping relief materials in their respective Circle areas/ Block areas. They will also identify elevated places for distributing relief materials and high places for sheltering of Man & Animal at the time of need. They will identify suitable places for shifting the flood affected families if need be. (Action:- PD, DRDA/ Rev. Circle officer)
- E. Involvement of PRI/ VCDC members:-** The BDO will convent meeting with VCDC members to involve themselves to aware public what to do and what not to do in the flood period and to help in the relief operation. (Action:- BDOs)
- F. Water Resource Department:-** Water Resource Department will complete minor repairing of the breaches/gaps in the vulnerable areas. They will also complete all the works under SDRF & others schemes especially for breach closing/erosion protection works/ dyke construction etc. before starting of rainy season. The EE, Water Resource will prepare a list of vulnerable points of the embankments and submit the same by 20th April, 2018. He will also submit a report if there is any public interruption while implementing any mitigation measures. They will train to the SOs/SAs and Khalasi's for better alertness and to constitute Vigilance Team in vulnerable areas at S.O.s level. Sector wise plan should be made by the Exe. Engineer. Daily water level record should be maintained and informed regularly by 9.00 a.m. to the District Control

Room / DEOC, Chirang. The EE will prepare an SOP for flood response and act accordingly.

- G. DRDA:** - The P.D, DRDA, Chirang will keep stock / contract for providing Gunny Bag for emergency operations. Apart from the Department. Concerned, P.D, DRDA, Chirang will also take necessary steps to keep Bamboo, sand gravel etc. for emergency.
- H. Health Department :-** The Jt. Director, Health Service will keep ready the available service of Doctors, Nurse, Medical & Para Medical staff etc. in the PHC's & CHC's etc. during and post flood season and prepare action plan for flood measures. He will ensure to keep at least 2 (two) Mobile teams with medicine etc. and sufficient nos. of 108, 102, Adarani etc. team and Rapid action team are to be kept ready to cope with the flood season. First-hand information on possible outbreak of epidemic like diarrhoea etc. should be published through DIPRO/ any local media for general public. He will also take joint action with the PHE Department during post-flood period. They will inform the District administration well ahead (at least one day before) about their operation/ planning and also intimate the respective Rev. Circle officers about sending of Medical teams, requirement of Boats etc. in the field and communicate with the GB's VCDC members in this regard.
- I. PHE Department:-** The EE PHE Department will take necessary steps to ensure disinfection and drinking water facility and to give technical guidance in installation of hand tube well in the flood affected areas. They will keep ready required stock of quality bleaching powder well in advance and provide to the Health Department on demand if necessary. They will also take awareness campaign for not consuming contaminated water. They will give requisition of HTWs to the District Administration and install only after receipt of written order from the District Administration.
- J. Agriculture Department:** - The DAO will divide his staff and prepare flood response team in each ADO Circle. He will take necessary steps for proper distribution of seeds, seedling as immediate post-flood measure to the flood affected people. Any flood damage will be reported to the concerned Circle Officer for onward submission to DDMA. Before submitting any Agriculture report relating to flood, it should be tallied with the report, records available with the Rev. Circle officer. They will also keep all records ready relating to damages supported by videography for the inspecting Team.
- K. A. H. & Veterinary Department:-** The DVO will ensure availability of grass fodder for cattle during the flood session & stock of medicines/ vaccines etc. He will ensure the stock of adequate quantity of cattle feed in the mills. He will constitute flood

response team in each Revenue Circle for timely response. He will also identify the places for carcass disposal in well advanced.

- L. FCS & CA, Department :-** The FCS&CA Department, Chirang will ensure the availability of required stock of essential commodities across all parts of the District. Sufficient stock of S.K Oil should be ensured and made available at nearest locality through depots, Sub- Depots, authorized Agents etc. He will also keep ready the essential commodities from FCI, Market / Supplier if necessary and will instruct the FCI authority to keep adequate stock of Rice ready. For smooth and speedy lifting and dispatch of GR items, Inspector, Sub-Inspector of FCS & CA Department will be deputed Rev. Circle wise. They will take necessary arrangements for keeping necessary / sufficient stock of wheat Bran in the respective Mills. He is also advised to conduct a meeting with traders/ agencies for fixation of rate and keeping available stock of commodities for distribution among the flood affected families at an early date.
- M. APDCL:-** They will ensure an uninterrupted power supply during the flood season and ready their team for checking power supply cable to avoid any unwanted situation. They will also make arrangement for supply of power to the relief camp if need be.
- N. Inspector of Schools/ DEEO:-** They will take action to spare school buildings for sheltering the flood affected people and engage Male teacher of the schools in the relief camp as and when necessary. Department concerned will ensure for cleaning the school premises and repair desk, bench etc. subsequently after leaving of sheltered people.
- O. Transport Department:-** The DTO will provide all the vehicles required for Search & Rescue, Relief distribution etc. on the basis of actual requirement when necessary . He will keep ready the list of vehicle owner/ Driver with their contact number for early operation.
- P. IWT:-** The Director, Inland Water Transport Department is requested to ensure to plying of fit vessels (as per norms of IWT Department.) in the rivers of Chirang District for safety of the commuter. They will monitor the weather situation and inform accordingly to DDMA. If situation arises to stop plying of vessels, they will inform DDMA, for necessary action.
- Q. Police: -** The Superintendent of Police, Chirang will keep monitoring the flood situation in the district. He will provide security to the rescue team whenever a team is deployed. requested for rendering necessary help as and when required in this regard.
- R. Social Welfare:-** DSWO will engage all the field level functionaries (Anganwadi Supervisor, Worker. Helper etc.) of the concerned area for assessment of affected child

population, pregnant women, lactating mother, elderly people etc. and their requirement of food in the relief camps. He will also ensure to provide the baby food as per the need.

- S. RG Proposal:** - All line Departments will engage their field level staff for survey of damages with the headship of Rev. Circle officer and submit RG proposals as per SDRF/ NDRF norms within one month of the date of occurrence of the event.
- T. Submission of Report:** - Revenue Circle Officers will submit the flood SITREP by 11 a.m. to the District Control Room (DEOC). They will convene a meeting with all the officers concerned under their respective jurisdiction for proper response as well as reporting. Concerned Department will engage at least one responsible officer with concerned Rev. Circle officer for early submission of report for timely and regularly submission to the D.C., Chirang (Action:- Rev. Circle officer/ Department. concerned)

All line Departments will report to the Circle officers immediately about occurrence of any damages to infrastructure during flood. The Rev. Circle officers will submit such report after verification to the Deputy Commissioner, Chirang in the daily flood SITREP. (Action :- Rev. Circle officer/ Department. concerned)

.

CHAPTER-VIII

INDUSTRIAL HAZARDS OF IOCL-BGR, DHALIGAON

8.1.1:: Industrial Hazards of IOCL-BGR, Dhaligaon::

Location & demographic Information of Bongaigaon Refinery (BGR).

IOCL, Bongaigaon Refinery is the 8th refinery of IOCL. Situated by the side of NH-31-C at Dhaligaon, Chirang. The site is situated at an altitude of 63 meters above MSL. The location of the refinery is in un-congested and in open surrounding. The main gate is towards the southern side meeting NH-31C that run all along the southern side of the complex. On the other side of NH 31C, ASEB Grid Sub station, residential township of the BGR, Dhaligaon Market and scattered dwelling are there.

Demographic information surrounding the IOCL-BGR, Dhaligaon is as follows::

(a) Population :: Neighbouring population within a 10 KM radius is as under

Area	Appx. Distance from BGR (In KM)	As per 2011 Census
Sidli Chirang	4-5	2,16,974
Bongaigaon Municipal Area	5-9	67,322
New Bongaigaon Railway Colony	4-5	14,896
BGR Township	1-2	6,001
Bhowraguri	5-7	2237
Chapaguri Pt-1 & 2	4-5	4848
Kukurmari Spl	2-3	3469
Dhaligaon Town Spl	1	2470
Bengtoll-1 & 2	6-7	3204

(b) Housing colonies:: Beside NGR township there are other housing colonies around BGR plant premises within the area of consideration. These are ASEB colony, CRPF colony, NE Gases colony, Rly colony, SSB colony etc. Moreover within the radius of 10 KM from the BGR, various institutions are also under consideration such as Educational Institutions, Health facilities, Cattle/ Livestock, natural flora/ fauna .

(c) Inventory of hazardous Products/ Flammable/ Toxic gases/ Chemicals being stored in BGR & Consequences::

Sl. No	Name	Class	Max. Storage Quantity
A	Crude & Petroleum Products		
A.1	Crude Oil	A	140000 KL
A2	LPG	A	3957 MT

A3	Naphtha		46650 KL
A4	Motor Sprit	A	25500 KL
A5	ATF	B	15500 KL
A6	SKO	B	22300 KL
A7	Diesel	B	192100 KL
A8	Bonmex	B	1000 Kl
A9	LDO/LVFO	C	20500 KL
A10	Other class C products:: (CFO, LSHS, IFO, LGO, CR, Hot-Oil, RCO & Slops	C	72700 KL
B	Chemicals & Gases		
B1	Ammonia in cylinders each of 50 Kg	Toxic	3 MT
B2	HCl acid (30% basis)	Toxic	147 MT
B3	Caustic Iye (48 % basis)	Toxic	450 MT
B4	Hydrogen (in 5 bullets each of 15 M3 capacity at 130 kg/ Cm2)	Flammable	870 Kg (75 M3)

(d) Consequences of worst case events::

Catastrophic failure of crude oil storage tank is worst case event which may result in dispersion of flammable materials in the atmosphere. It may generate overpressure to the distance of 7432 meter and affecting the adjacent units and nearby crude oil storage tanks as well as to the outside of plant boundary. Besides this, failure of LPG Horton sphere also can result into dispersion of flammable material in the atmosphere.

(e) Management of On site & Off site Disaster ::

In case of Onsite Disaster (Disaster within the premises of BGR), the Chief Incident Controller (CIC) is the overall in-charge of all activities of the incident inside the BGR. He will act according to the onsite disaster management plan. He is also responsible to inform CDEC in case of a major emergency/ disaster at BGR which is likely to have effect outside the complex.

Again in case of offsite disaster (Disaster that occurs outside BGR premises) the Deputy Commissioner, Chirang will be the Chief District Emergency Coordinator (CDEC) for operating the Offsite Disaster Management Plan. Addl. Deputy Commissioner , I/s of DDMA, Chirang will be the Dy. Chief District Emergency Coordinator. The CDEC will be the overall in-charge of all offsite activities.

ANNEXURES

I . List of Officials in Chirang DC Office, Kajalgaon

Sl. No	Name of the Officer	Designation	Contact Number
1	Shri P Vijaya Bhaskar Reddy, IAS	District Commissioner, Chirang	60028-84793
2	Shri Arup Kumar Choudhury ACS	Addl. District Commissioner & CEO, DDMA, Chirang	99540-30230
3	Shri Ringkhang Mashahary, ACS	Addl. District Commissioner, Chirang	82560-22434
4	Mrs. Shyamashree Saikia, ACS	Assistant Commissioner, Chirang	97064-35592
5	Shri Mrs. Ranjumanu Dutta, ACS	Election Officer, Chirang	6003590325
6	Shri Firdous Alam Sheikh, ACS	Addl District Commissioner, Chirang	99544-95075
7	Shri Bhaskaryya Deka, ACS	Assistant Commissioner, Chirang	6001248216
8		Assistant Commissioner, Chirang	
9	Shri Nabajit Bhagawati, ACS	Assistant Commissioner, Chirang	60030-33983
10	Shri Ranjit Das	DIO, NIC, Chirang	98643-17776

II. List of Officials in Sub-Division (Civil), Bijni Office, Chirang

Sl. No	Name of the Officer	Designation	Contact Number

2	Kuteswar Biswas	No. 2 Majrabari	9954032446	1

Open Spaces for Helipad Purpose

Due to sudden rise in water levels of the major rivers in the district, immediate need for air lifting of flood affected people may arise. Accordingly, some open spaces have been identified in the vulnerable locations so that the affected people can be safely rescued through air lifting.

Sl. No	Name of the Place	Latitude	Longitude	Revenue Circle
1	Sishubari Playground	26.684939	90.591975	Bijni
