

**DISTRICT DISASTER MANAGEMENT AUTHORITY** 

# **DISTRICT DISASTER MANAGEMENT PLAN, 2024-25**

### Office of the District Commissioner, Kokrajhar

Court Para, Ward No-10, Kokrajhar – 783370 BTR, ASSAM, INDIA

Email: deockokrajhar1@gmail.com

Prepared by: District Disaster Management Authority, Kokrajhar

Year of Publication: January, 2024

#### FOREWORD

Assam as well as Kokrajhar district has been traditionally vulnerable to natural disasters on account of its unique geo-climatic conditions. Flood, droughts and cyclones have been recurrent phenomena. On the other hand, earthquakes of any intensity are unpredictable in this landmass since it falls in the seismic zone V.

The Government of Assam has been laying great emphasis and focus on Disaster Management. There is a need to shift from a relief centric response to a proactive prevention, mitigation and awareness approach. The new approach envisages that development cannot be sustainable unless disaster mitigation is built into the development process. This approach also evolves from the belief that investments in mitigation are much more cost effective than expenditure on relief and rehabilitation.

The Disaster Management occupies an important place in Government Policy making framework, as it is the poor and the under-privileged who are worst affected on account of calamities/disasters and these retard socio-economic development, make poor the poorer and lead to diversion of scarce resources from development to rehabilitation and reconstruction.

Although natural disasters cannot be avoided or prevented, yet with our sincere efforts and continuous integrated planning process, we can implement measures for mitigation and to deal with any disaster through advance preparedness.

This District Disaster Management Plan is basically a summary document giving the details about the hazards, its history, vulnerability analysis, risk assessment and flood management strategy and mitigation plan.

Keeping in view the above aspects and under the guidance of the Assam State Disaster Management Authority, Guwahati, the District Disaster Management Authority, Kokrajhar has made an Endeavour to prepare this Disaster Management Plan for Kokrajhar District.

I believe that this document will go a long way in helping the District Administration in tracking any disastrous situation in a systematic manner. Unintentional mistake, if any, in this document may kindly be brought to the notice of District Administration for necessary rectification.

Date: 11-01-2024 Place: Kokrajhar (*Pradip Kr. Dwivedi, IAS*)
District Commissioner cum Chairman
District Disaster Management Authority
Kokrajhar.

#### **CHAPTER-1**

#### INTRODUCTION

Under the DM Act 2005, it is mandatory on the part of District Disaster Management Authority (DDMA) to adopt a continuous and integrated process of planning, organizing, coordinating and implementing measures which are necessary and expedient for prevention as well as mitigation of disasters. These processes are to be incorporated in the developmental plans of the different departments and preparedness to meet the disaster and relief, rescue and rehabilitation thereafter, so as to minimize the loss to be suffered by the communities and are to be documented so that it is handy and accessible to the general public.

#### VISION:

The District of Kokrajhar, situated on the north-west part of Assam has always been at the centre stage of natural calamities like floods, cyclones, earthquake, epidemics etc. Keeping in mind these very probable disasters in the district that cause major setbacks to lives, livelihoods and property (both movable and immovable), the District Administration, Kokrajhar district administration felt the urgency of the need of preparing an emergency response planning. The devastation caused by floods and cyclones has posed a challenge before the Kokrajhar district administration to analyse each and every decision-making process to gear up the rescue and restoration during such situations as well as building up the capacity to face further calamities in future. The District Administration has realized the necessity to compile a plan to prevent/minimize the loss and also to facilitate faster recovery during an emergency of this kind. This booklet is more of a guidebook, which can help the administration, remains better prepared for floods and earthquake to safeguard the lives, livelihood and property.

#### Objectives and Goal of the Plan

**Under Section 31 of Disaster Management Act 2005 (DM Act) makes it mandatory** to have a disaster management plan for every district. DDMP shall include Hazard Vulnerability Capacity and Risk Assessment (HVCRA), prevention, mitigation, preparedness measures, response plan and procedures. An indicative list with possible plan objectives is given below:

- ✓ To identify the areas vulnerable to major types of the hazards in the district
- ✓ To adopt proactive measures at district level by all the govt. departments toprevent disaster and mitigate its effects.
- ✓ To define and assign the different tasks and responsibilities to stakeholders during the pre-disaster and post-disaster phases of the disaster.
- ✓ To enhance disaster resilience of the people in the district by way of capacitybuilding.
- ✓ Reduce the loss of public and private property, especially critical facilities and infrastructure, through proper planning.
- ✓ Manage future development to mitigate the effect of natural hazards in the district.
- ✓ To set up an Emergency Operations Centre at the District level to function effectivelyin search, rescue, response.
- ✓ To develop the standardized mechanism to respond to disaster situation to manage the district efficiently.
- ✓ To set up an early warning system so as to prepare the community to deal with the disaster and responsive communication system based upon fail-proof proven technology.

- ✓ To prepare a response plan based upon the guidelines issued in the State Disaster Management Plan so as to provide prompt relief, rescue and search support in the disaster affected areas.
- ✓ To adopt disaster resilient construction mechanism in the district by way of using Information, Education and Communication for making the community aware of the need of disaster resilient future development.
- ✓ To make the use of media in disaster management.
- ✓ Rehabilitation plan of the affected people and reconstruction measures to be taken by different govt. departments at district level and local authority.

#### Scope of the Plan:

The major scopes of the District Disaster Management Plan are as follows:

- The District Disaster Management Plan (DDMP) is the guide for achieving the objective i.e. mitigation, preparedness, response and recovery.
- This Plan prepared to respond to disasters with sense of urgency in a planned way to minimize human, property and environmental loss in the district.
- The plan helps to develop inter-departmental coordination to combat any disaster in a systematic and structured way in the district.
- The DDMP helps to identify the vulnerability of different parts of the district to different forms of disasters
- The DDMP will guide to achieve mainstreaming DRR into developmental project and activities conducted by the District Administration.
- The DDMP will enhance capacity-building and preparedness measures in the district
- The DDMP will assign the roles and responsibility of each department in relation to prevention, mitigation, preparedness, capacity building, response and rehabilitation.
- The DDMP will also clarify the roles and responsibilities of community-based organizations, international and national non-governmental organizations in activities of capacity building, response and relief.

#### **DISTRICT AT A GLANCE**

#### 1:1 GENERAL

Kokrajhar is one of the 35 (thirty-five) districts of the state of Assam and can be said to be the gateway to the north-eastern region of India. Both road and rail networks touch this district at Srirampur before they go on to other districts in Assam and the other north-eastern states. The district has a total area of 3,169.22 sq. Km and a total population of 8, 86,999 as per Census, 2011 on transfer of some areas under newly created Chirang district in 2003. Kokrajhar district is located on the north bank of the river Brahmaputra that slices the state of Assam into two, identified as north and south banks. Geographically the district lies roughly between 89.46' to 90.38' east longitudes and between 26.19' to 26.54' north latitudes. The district is bounded on the north by the Himalayan Kingdom of Bhutan, by Dhubri district on the south, Chirang district on the east and the interstate boundary of West Bengal on the west.

#### 1:2 HISTORY

Kokrajhar was originally a part of the undivided Goalpara district. Till 1956, it was merely a small village with a railway station that connected it to the rest of the world. In 1957, a new Civil Subdivision was created after carving out the northern part of Dhubri Sub-division and some parts of Goalpara Sub-division. The area covered by the then Kokrajhar Sub-division consisted of five tracts of the Eastern Dooars, viz., Bijni, Sidli, Chirang, Ripu and Guma with a total area of 4,065.88 sq. km.

On the 1st of July, 1983 the Kokrajhar Sub-division was upgraded into Kokrajhar district with the headquarters at Kokrajhar town. There were four police stations in the old district and presently it has eight Police Stations. The area of the district then extended from the river Manas in the east to the Sonkosh to the west.

In 1989, there was further reorganization of the districts and some new districts were created. Thus, about 40% of the total geographical area of Kokrajhar district was carved out for inclusion in the new district of Bongaigaon. The area delineated from Kokrajhar district to Bongaigaon covers the entire Bijni Revenue Circle along with about 347.50 sq. km of Sidli Circle. Later on, 20 villages of Nayekgaon G.P. with a total area of 40.22 sq. km under Chapar Revenue Circle of Dhubri district was transferred to Kokrajhar district. Consequently, upon creation of Bodoland Territorial Council under Sixth Schedule to the Constitution of India in the year 2003, the Kokrajhar district was reorganised by inclusion of villages from Dhubri district. Again, the Chirang district was created after formation of Bodoland Territorial Council. The present geographical area of Kokrajhar district is estimated to be 3,169.22 sq. km. The district now has three revenue subdivisions- Kokrajhar, Gossaigaon and Parbatjhora.

#### 1:3 LOCATIONS

The Kokrajhar District roughly lies between 89°46′ to 90°38′east Longitude and between 26°19′ to 26°54′ N latitude. The northern side of the district is bounded by the Indo-Bhutan International boundary and the southern side by Bongaigaon and Dhubri District. The Chirang and the Bongaigaon District falls in the east and the Dhubri District and West Bengal in the west. (*Figure.1 Map of Administrative Units*)

#### 1:4 AREA, POPULATION AND ADMINISTRATIVE UNITS

Sl. No.	PARTICULARS	DETAILS IN FIGURE
1	Geographical area	3169.22 Sq. Kms
2	Population	8,86,999 (As per 2011 census)
3	No. of Sub-Divisions	03 (Kokrajhar, Gossaigaon, Parbatjhora Hq. at Kazigaon)
4	No. of Circle	05 (Kokrajhar, Dotma, Bhawraguri, Gossaigaon, Bagribari)
5	No. of Blocks	11 Kokrajhar, Dotma, Gossaigaon, Kachugaon, Hatidhura, Golokganj-BTC, Bilasipara-BTC, Chapar- Salkocha-BTC, Rupshi-BTC, Debitola-BTC, Mahamaya-BTC.
6	No. of VCDCs	130
7	No. of Villages	966 inhabited out of total 1010
8	Total Nos. of Police Stations	PS-08, OP-13 Kokrajhar PS, Gossaigaon PS, Fakiragram PS, Kacugaon PS, Serfanguri PS, Dotma PS, Kazigaon PS, Bogribari PS, Salakati OP, Garufella OP, Tulsibil OP, Bishmuri OP, Bhowraguri OP, SapkataOP, Patgoan OP, Karigaon OP, Cithila OP, Simultapu OP, Saraibil BOP, Rupshi OP, Grahampur OP.
9	Major Rivers	Sonkosh, Gurufella, Hell, Gongiya, Saralbhaga, Longa (Loska), Gaurang, Champa
10	Communication Facilities	Road, Railway, Airways (Kokrajhar to Guwahati, 250Kms by Road & 150 by Railway)

#### 1:5 NATURAL CALAMITIES

Flood occurs generally in the low-lying areas of the district during May to August every year. Late flood during the later part of September & October also occurs. The occurrence of flood in the district is due to the a few rivers and its tributaries. During rainy days Kokrajhar town also witnesses localised flood due to poor drainage system. Besides, the district is located in the most seismically active region of the country i.e., zone V.

#### 1:6 POPULATIONS

The district has a total of 8, 86,999 population as per 2011 census. Thus, nearly 97.59% of the total populations of the district live in villages. Out of the total population, 4, 52,965 are Males and 4, 34,034 are Females. Literacy rate of Kokrajhar is 66.63% of which 73.44% are males and 59.54% are females (*Figure 10: Population Distribution Map of Kokrajhar District*)

#### 1:7 GEOLOGY AND GEOMORPHOLOGY

The Soil condition of District is a heterogeneous one. The Soil of the northern part of the district is clayey and loamy whereas middle part is loamy and sandy. The Soil of the southern part of the district is composed of sandy soil.

#### 1:8 PHYSICAL FEATURES:

The entire area of the district is situated at the foothills of Himalayas. The rivers and tributaries of the district originated from the foothills of the Himalayan Range and are wild in nature and have enormous contribution towards the agrarian economy of the district (*Figure 13: Topographic & River Map*)

#### 1.8.1 RIVER SYSTEM OF THE DISTRICT:

The water that flows along natural dongs and canals are the main source of irrigation for the agricultural fields. The Bhutan hills are also the source of a number of rivers that flow through the district and act as tributaries of the mighty Brahmaputra that flows from east to west far from the southern boundary of Kokrajhar district. The important rivers of the district that flow from north to south are the Champamati, the Gaurang, the Tipkai and the Sonkosh. There are other rivulets like the Bhur and the colourfully named Laopani. All the rivers and rivulets flowing through the district have their origin in the Bhutan hills (*Figure 13: Topographic & River Map*).

	Average yield of main rivers flowing through Kokrajhar District.					
SI		GAUGING	ANNUAL YIELD (MCM)			
NO.	NAME OF RIVER	STATION	AVERAGE	MONSOON	NON-MONSOON	
NO.		STATION	AVERAGE	AVERAGE	AVERAGE	
1	Champamati	Sahalpur	3567.40	2391.25	1176.15	
2	Courona	NH Road	4312.26	3576.37	735.89	
	Gaurang	Crossing		4312.20 33/6.3/	/ 33.09

4	Sonkosh	Srirampur	17196.90	12118.49	5078.41	

#### 1.8.2 MAJOR RIVERS UNDER KOKRAJHAR DISTRICT

The Kokrajhar W.R. Division has been established in the year of 1984 which comprises of 2 (two) W.R.Sub-Division viz 1.Kokrajhar W.R. Sub-Division & 2 Gossaigaon W.R. Sub-Division. This Division deals with the flood and erosion problems in the jurisdiction of entire Kokrajhar District. The major river falls under Kokrajhar W.R. Division are 1. Champamoti, 2 Tarong, 3. Gaurang, 4. Saralbhanga, 5. Longa, 6. Hel, 7. Gongia, 8. Guruphella, 9. Sankosh.

**River Champamati**: - The river Champamati originates from Bhutan foothills and traversing through the Chirang reserve forest enters the Kokrajhar District and ultimately outfalls into the river Brahmaputra. The water level at the river started rising from 1" half of June/2022 and reached its peak value 64.02m against DL 65.52m on 16.07.2020. During peak value of water level, the river eroded the villages Kaulabhasha, Majpara and Auzarguri. Palliative measures in the form of bamboo structure & earth filling cement bags were taken up at Kauniabhasha.

**River Tarrang:** -The river Tarang originates from the catchment area of Chirang forest and after meeting with river Gaurang near Kaimari out falls into river Brahmaputra. The water of the river starts rising from 1 week of June/2022 and attains its peak in July/2022 when villages Sonamoyeepara and its adjoining areas got inundated. Also, village Bhramara, Sonamayeepara were eroded while the flood wave receded. Palliative measures are taken up at Ghoramara villages to arrest the erosion.

**River Gaurang:** - River Gaurang originates from Bhutan foothills and after traversing through Chirang reserve forest it meets with river Saralbhanga and Samukha near Chandrapara and ultimately outfalls into the river Brahmaputra. The water level starts rising from 3rd week June/2022 and attains its peak value 42.44m against DL-42.85m on 25/07/2022 and remains below danger level throughout the month. In July the water level again starts rising from 03/07/21/07/2022 and crosses the DL when it reaches value of 43.15m against DI 42.85m on

21/07/2022 During this flood season. The Chechapani village (Kokrajhar Tea Garden), Baruapara village, Mahajanpara got inundated. The roads bund in villages Chechapani and Baruapara were badly damaged and vast area of the villages Chechapani, Baruapara, Mahajanpara, Bamungaon-II & IV were eroded. No major works were taken upto restore the damages. However, Proposal made under BTC head to protect villages Chechapani, Baruapara and a project A/E measure to protect village Bamungaon, is proposed to be takenup under FMP.

**River Saralbhanga:** - River Saralbhanga originates from Bhutan foothills and traversing through deep forest it enters into the plan area of Kokrajhar district and meet with river Gaurang at Chandamari 2 KM U/S of Kokrajhar Town and ultimately outfalls into the river Brahmaputra. As rain fall starts the water level starts rising from June/2020 and attains its peak value 65.95m against DL-65.92m and LR Bridge Patgaon when the embankment from Ranighat to Maoriagaon 4.40km damaged partially due to rain cut etc. and continuous bank erosion occurred at Pakriguri, Mariagaon, Ranighat, Thalitbari and Balapara. Palliative measures taken up.

**Longa:** -The river Longa originates from Bhutan foothills after travelling deep forest it follows through sub plain area of Kokrajhar district and it meets with the river Gangia and falls into river Tipkai which finally out falls into the river Brahmaputra. The river during flood period of 2022 raises its water level in June. The raising of this river is similar with the river Saralbhanga. During last flood, it was observed erosion on its banks at different places like Debrgaon, Laudonga, Guwabari, Habrubarl, Palliative measures taken up at the said places. Severe erosion occurred in July/2022.

**Hel:** - The river Hel originates from Bhutan foothills, after traveling through deep forest. It coincides with the river Gangia at Durabil and flows as the river Gangia and finally outfalls into the river Brahmaputra, as Joyma and Tipkai.

Gangia: -The river Gangia is flashy type of river of high gradient with high velocity which is originates from foothills of Bhutan and travelling deep forest cultivated and homestead land. The river Gangia meets with the Hel River at 1.5 km D/5 of Gangia bridge NH-31 (C), Longa also meets River Gangia near Kachukata village and finally the river coincides with the river Joyma at Asharikandi Kartimari near Sapatgram and outfalls into the river Brahmaputra as river Tipkai. During last flood period (i.e. in 2022) severe erosion observed at Oxiguri, Harinpur (Mukuldang No I), Bamunigaon, Bhutiapara, Alengmari, Luchutbil, Umanagar and Anthihara. Palliative measures taken up to take measures at Luchutbil, Badlagaon, Oxiguri and Umanagar, Toktokipara, Mahishbathan, Khejurbari, Faluguri & Rimijhimi.

**Guraphella:** - After coinciding two rivers namely Jakati and Janali originating from Bhutan foothills the river flows as the river Guruphella travelling through alluvial soil and then the river confluence with river Gangia and finally out falls into the river Brahmaputra

**Sonkosh:** - The river originates from Bhutan foothills, travelling through deep forest of Bhutan, Kachugaon (Assam) and West Bengal border area finally outfalls into the river Brahmaputra as Gangadhar in Bangladesh via boarder from Golokganj of Dhubri district. Raising of flood water level starts from 1" week of June/2020 as flood level record register of the river DL is 48.50m Bajugaon on L/B. During 2020 peak value recorded 48.80m on 27/07/2020. During last flood period severe erosion observed at Simlabari, Khokshaguri, Mazadabri, Haldibari, Dainamari Bund and Garumararchar Protective measure were taken up at Garumararchar under SOPD (BTC) and palliative measures carried out at the damaged portion of the Dainamari bund.

#### 1:9 CLIMATE AND RAINFALL:

Agro-climatically, the district falls under the lower Brahmaputra Valley zone and experiences a humid sub-tropical climate with high rainfall and humidity. The district receives rainfall due to the influence of South West tropical monsoon during the period from April to October with occasional winter showers.

The average rainfall in the district varies between 2400-3000 mm annually.

Average humidity : 78%

Max. Temperature : 35-37 degree C Minimum Temperature : 10-12 degree C

RAINFALL IN KOKRAJHAR DISTRICT				
Year	Rainfall Amount(mm)			
2014	2871.44			
2015	3442.30			
2016	1838.96			
2017	2175.94

### **CHAPTER-2**

### DISTRICT DISASTER MANAGEMENT PLAN (DDMP)

**2.1 Plan Development:**The preparation of District Disaster Management Plan involves the following steps:

STEPS	WHAT IS TO BE DONE	WHO ARE TO BE INVOLVED	HOW IT IS TO BE DONE
I	Review and Analysis	Deputy Commissioner, CEO-DDMA, Project Officer-ASDMA, FO (DM), BDOs, VCDC's, Village Community, NGOs/CBOs, Community/ Village level workers	<ul> <li>Past history of disasters to be discussed and documented</li> <li>Extent of severity and damage to be recorded.</li> <li>The nature of the Warning issued to be analyzed.</li> <li>The nature and extent of the rescue and restoration done, to be revisited.</li> </ul>
II	Situation Analysis	Circle Officer, FO (DM), BDOs, Line Departments, VCDC's, Village Community, NGOs/CBOs, Community/Village level workers	<ul> <li>Mapping the geography and topography of the risk prone areas, block-wise, VCDC-wise and village- wise</li> <li>Demographic details to be recorded</li> <li>Mapping of the habitation in the concerned areas</li> <li>The natural resources to be marked on the maps</li> <li>Listing all the livelihoods and properties</li> <li>The existing risk prone / safe infrastructure to be marked on the map</li> </ul>
III	Hazard Analysis	-do-	<ul> <li>Identification of all possible hazards in the area based on past experience and available records</li> <li>Identification of the most vulnerable areas with relation to threat to life, livelihoods and property</li> </ul>

IV	Vulnerability Assessment	-do-	<ul> <li>Locations of the vulnerable areas are to be mapped separately</li> <li>Identification of the vulnerable people such as the elderly, the disabled, children and pregnant women, families living in thatched houses, fishermen (if any), ailing people, etc.</li> <li>Identification of property or assets which are likely to be affected, such as, cattle and other livestock's, kachcha houses, weak structures, pumpsets, tube wells and other installations, crops, horticulture and plantations, boats, nets, etc.</li> <li>Identification of weak points on embankments (if any)</li> <li>Marking the drainage system in the concerned area</li> </ul>
V	Opportunity Analysis	-do-	<ul> <li>Identification of the existing resources which may help to reduce risks to life and property</li> <li>Identification of the raised platform, safe houses and hillocks for shelter and storage</li> <li>Listing the existing flood/cyclone shelters, if any</li> <li>Identification of the elevated and up-lands which can act as natural barriers to protect livestock</li> <li>Listing of the existing health and sanitation facilities</li> <li>Identification of safe routes for evacuation</li> <li>Identification of the sources of funds to carry out the preparedness activities.</li> </ul>

#### STAKEHOLDERS AND THEIR RESPONSIBILITIES

At State HQ level - the State Disaster Management Authority and the Office of the Commissioner of Relief (CoR), Revenue Department, are the major institutions in the State that deal with all the phases of disaster management. All the major line departments of the State Government and the emergency support function agencies converge into SEOC during disasters.

At the District level, District Disaster Management Authority (DDMA), with the Deputy Commissioner designated as Response Officer (RO), and other line departments at district HQ are responsible to deal with all phases of disaster management within district. The DDMA, Kokrajhar has already notified the Incident Response System (IRS) as well as the Incident Response Team (IRT) in the district to response any kind of emergency situation in the district. (Detail will be annexed).

Other technical institutions, community at large, local self-governments, NGOs etc. are also stakeholders of the District Disaster Management Pan. The role of the stakeholders has been prepared with the sole objective of making the concerned organizations understand their duties and responsibilities regarding disaster management at all levels and accomplishing them.

#### The District Commissioner or DDMA has the following duties:

- To facilitate and coordinate with local Government bodies to ensure that pre and post disaster management activities in the district are carried out.
- To assist community training, awareness programmes and the installation of emergency facilities with the support of local administration, non-governmental organizations and the private sector.
- To function as a leader of the team and take appropriate actions to smoothen the response and relief activities to minimize the adverse impact of disaster.
- To recommend the Commissioner of Relief (CoR) and State Government for declaration of disaster.

# Local Authorities (ULBs, Council etc.) and other Line Departments have the following duties:

- To help the District Commissioner in disaster management activities
- To ensure training of its officers and employees and maintenance of resources so as tobe readily available for use, in the event of a disaster.
- To undertake capacity building measures and awareness and sensitization of the community
- To ensure that all construction projects under it conform to the standards and specifications lay down.
- Each department of the Government in a district shall prepare a disaster management plan for the district. The local authorities need to ensure that relief, rehabilitation and reconstruction activities in the affected area, within the district, are carried out.
- Trust / Organizations managing Places of Worships & Congregation
- Each establishment / organization identified as —critical infrastructure and key resource,

#### **Private Sector:**

- The private sector should be encouraged to ensure their active participation in the predisaster activities in alignment with the overall plan developed by the DDMA or the Deputy Commissioner.
- They should adhere to the relevant rules regarding prevention of disasters, as may be stipulated by relevant local authorities.
- As a part of CSR, undertake DRR projects in consultation with Deputy Commissioner or DDMA for enhancing district 's resilience.

#### **Community Groups and Volunteer Agencies:**

- Local community groups and voluntary agencies including NGOs normally help in prevention and mitigation activities under the overall direction and supervision of the DDMA or the Collector.
- They should be encouraged to participate in all training activities as may be organized and should familiarize themselves with their role in disaster management.

#### Citizens:

It is the duty of every citizen to assist the Deputy Commissioner or such other person entrusted with or engaged in disaster management whenever demanded generally for the purpose of disaster management.

#### How to use the District Disaster Management Plan:

- Section 31 of DM Act 2005 makes it mandatory for every district to prepare a disaster management plan, for the protection of life and property from the effects of hazardous events within the district.
- In significant emergencies or disasters, Deputy Commissioner or the Chairperson of DDMA will have the powers of overall supervision direction and control as may be specified under State Government Rules / State Disaster Management Plan guidelines.
- The district EOC will be staffed and operated as the situation dictates. When activated, operations will be supported by senior officers from line departments and central government agencies; private sector and volunteer organizations may be used to provide information, data and resources to cope with the situation.
- The DDMA may recommend for action under Sec 30 of DM Act.
- Facilities that have been identified as vital to operation of the district government functions have been identified.
- The Deputy Commissioner or his/her designee will coordinate and control resources of the District.
- Emergency public information will be disseminated by all available media outlets through the designated media and information officer.
- Prior planning and training of personnel are prerequisites to effective emergency operations and must be considered as integral parts of disaster preparations.
- Coordination with surrounding districts is essential, when an event occurs, that impacts beyond district boundaries. Procedure should be established and exercised for inter district collaboration.
- When local resources prove to be inadequate during emergency operations, request for assistance will be made to the State or higher levels of government and other agencies in accordance with set rules and procedures.
- District authority will use normal channel for requesting assistance and/or resources, i.e., through the District Emergency Operations Center (DEOC) to the State EOC. If state resources have been exhausted, the state will arrange to provide the needed resources through central assistance.
- The District EOC will coordinate with the State EOC, Agencies of the Govt. of India like IMD / CWC to maintain up to-date information concerning potential flooding, Storm/ Lightning etc. As appropriate, such information will be provided to the citizens of the affected areas in the district.
- Upon receipt of potential problems in the district areas, DEOC / designated officials will appropriately

issue alert and notify action to be taken by the residents.

• Disaster occurrence could result in disruption of government functions and, therefore, all levels of local government and their departments should develop and maintain proceduresto ensure continuity of Government action.

It is necessary that for Suo-moto activation of the agencies involved in the disaster management, the institutional trigger mechanism should be there so that every agency takes its assigned role at the time of such disaster. There will be three types of Trigger mechanism that will be set up depending upon the warning signals availability as mentioned below:

#### Warning Signal Available:

In such case the Govt. of India / State Govt. has authorized agencies generating such early warning signals; in case the matter is very urgent needing action at Revenue Circle/Village levels, the alerts and action points will go directly to all concerned. Arrangements need to be in place to ensure prompt receipt of these signals and action thereon. After such warning/advisory received by the State Govt., the SEOC will communicate it to the DEOC urgently. The DEOC will communicate such warning to the departments at the district level. Presently, Assam State Disaster Management Authority (ASDMA) has following authorized warning system;

- 1. Weather Early Warning System issued by IMD on Monthly, Weekly and Three hourly basis
- 2. Flood Level Early Warning System (FLEWS) issued by NESAC during monsoon season on 48 hourly bases
- 3. Lightning Early Warning System issued by Earth Network

The information flow in such cases will be as follows: -

Figure 2: With warning Information flows from Top – Down Without Early Warning Signal:

When disaster occurs without any early warning in that case the information starts from the place of incident through government agency or otherwise and the institutional mechanism insuch cases will be as follows: -

- The concerned village will report to the VCDCs, RCOs, Local Police Stations/SDO/DEOC and the information will be sent to the Deputy Commissioner.
- The DDMA will assess the information and assess the disaster to be of the level L0, L1, L2 or L3.
- The DEOC will be activated and if required the SEOC will be kept at alert if assistance needed; otherwise, information of the incident will be passed on to SEOC.
- The DDMA will convene the meeting of Incident Response Team/ DDMC and plan the management of disaster as Incident Response Plan.
- The respective Incident response teams will be rushed to the site for effective management

Figure 3: Without Warning - Information, generally, should flow from Bottom side- up but it is a crisscross scenario

The disaster response structure will be activated on the receipt of a disaster warning or onthe occurrence of a disaster by the Deputy Commissioner as Responsible Officer. The occurrence of a disaster may be reported by the concerned monitoring authority to the Commissioner of Relief/SDMA by the fastest means. The SDMA/SEC will activate all departments for emergency response including the State EOC, District EOC, police personnel and ERCs. In addition, they will issue instructions to include the following details:

- Exact quantum of resources (in terms of manpower, equipment and essential items from key departments/stakeholders) that is required.
- The type of assistance to be provided.
- The time limit within which assistance is needed.
- Details of other Task/Response Forces through which coordination should take place.
- The State EOC, ERCs and other control rooms at the State level as well as district control rooms should be activated with full strength.

#### **Approval Mechanism of the Plan:**

**As defined in Section 30 of DM Act 2005, DDMA** shall act as the district planning; coordinating and implementing body for disaster management and take all measures for the purpose of disaster management in the district in accordance with the guidelines laid down by the National Authority and the State Authority.

Accordingly, the District DM plan is prepared by the District Disaster Management Authority (DDMA) under the guidance of District Authority, after consultation with the local authorities and having regard to the National DM Plan and the State DM Plan.

It is recommended that a DDMP will be internally reviewed on a yearly basis and either be updatedor reaffirmed. The updates or reaffirmed document may also be used to summarize the accomplishments of the past year and help the administration to prioritize mitigation goals for the next year.

#### **CHAPTER-3**

#### MULTI-HAZARD DISASTER MANAGEMENT & RESPONSE PLAN

#### 3.1 INTRODUCTION:

Disaster refers to a serious disruption of the functioning of a society, causing widespread human, material, or environmental loss, which exceeds the ability of the affected society to cope using its own resources. To put it in other words, it is the occurrence of a sudden mishap/calamity/grave occurrence that disrupts the basic fabric and normal functioning of a society (or community).

#### 3.2 **VISION**:

The District of Kokrajhar, situated on the north-west part of Assam has always been at the centre stage of natural calamities like floods, cyclones, earthquake, epidemics etc. Keeping in mind these very probable disasters in the district that cause major setbacks to lives, livelihoods and property (both movable and immovable), the District Administration, Kokrajhar district administration felt the urgency of the need of preparing an emergency response planning. The devastation caused by floods and cyclones has posed a challenge before the Kokrajhar district administration to analyse each and every decision-making process to gear up the rescue and restoration during such situations as well as building up the capacity to face further calamities in future. The District Administration has realized the necessity to compile a plan to prevent/minimize the loss and also to facilitate faster recovery during an emergency of this kind. This booklet is more of a guidebook, which can help the administration, remains better prepared for floods and earthquake to safeguard the lives, livelihood and property.

#### 3.3 OBJECTIVES:

The objectives behind the preparation of the District Disaster Management Plan are:

- To mitigate impact of natural and man-made disasters through preparedness at District, Sub-division, Circle, Block, VCDC and Village level.
- To provide effective support and resources to all the concerned individuals, Groups and departments in disaster.
- To assist the line departments, block administration, communities in developing compatible skills for disaster preparedness and management.
- To disseminate factual information in a timely, accurate and tactful manner while maintaining necessary confidentiality.
- To develop immediate and long-term support plans for vulnerable people in/during disaster.
- To create awareness among the people about hazard occurrence and increasing their participation in preparedness, prevention, development, relief, rehabilitation and reconstruction process.
- To have response system in place to face any eventuality.
- To affect or elicit the least possible disruption to the normal life process when dealing with individuals in disaster.
- To ensure active participation by the government administration, communities, NGOs, CBOs and volunteers at all levels making optimal utilization of human and material resources at the time of disaster.

#### 3.4 PERSPECTIVE:

A formal plan for managing disaster would include:

- Pre planning a proper sequence of response actions.
- Allocation of responsibilities to the participant agencies.
- Developing codes and standards operating procedures for various departments and relief agencies involved.
- Inventory of existing facilities management of resources.
- Coordination of all relief activities including those of NGOs to ensure a coordinated and effective response.
- Testing the plan including mock drills.
- Defining levels of acceptable risk.
- Monitoring and evaluation of actions taken during relief and rehabilitation.

#### 3.5 STRATEGY:

The preparation of a Disaster Preparedness Plan involves the following steps:

	WHAT IS TO	WHO ARE TO BE	HOWER IC TO BE DONE
STEPS	BE DONE	INVOLVED	HOW IT IS TO BE DONE
I	Review and Analysis	District Commissioner, CEO-DDMA, Project Officer-ASDMA, FO(DM)s, BDOs, VCDC's, Village Community, NGOs/CBOs, Community/ Village level workers	<ul> <li>Past history of disasters to be discussed and documented</li> <li>Extent of severity and damage to be recorded.</li> <li>The nature of the Warning issued to be analyzed.</li> <li>The nature and extent of the rescue and restoration done, to be revisited.</li> </ul>
II	Situation Analysis	Circle Officer, BDOs, Line Deptts, VCDC's, Village Community, NGOs/CBOs, Community/Village level workers	<ul> <li>Mapping the geography and topography of the risk prone areas, block-wise, VCDC-wise and villagewise</li> <li>Demographic details to be recorded</li> <li>Mapping of the habitation in the concerned areas</li> <li>The natural resources to be marked on the maps</li> <li>Listing all the livelihoods and properties</li> <li>The existing risk prone / safe infrastructure to be marked on the map</li> </ul>
III	Hazard Analysis	-do-	<ul> <li>Identification of all possible hazards in the area based on past experience and available records</li> <li>Identification of the most vulnerable areas with relation to threat to life, livelihoods and property</li> </ul>

IV	Vulnerability Assessment	-do-	<ul> <li>Locations of the vulnerable areas are to be mapped separately</li> <li>Identification of the vulnerable people such as the elderly, the disabled, children and pregnant women, families living in thatched houses, fishermen (if any), ailing people, etc.</li> <li>Identification of property or assets which are likely to be affected, such as, cattle and other livestock's, Kutcha houses, weak structures, pumpsets, tube wells and other installations, crops, horticulture and plantations, boats, nets, etc.</li> <li>Identification of weak points on</li> </ul>
			<ul> <li>embankments (if any)</li> <li>Marking the drainage system in the concerned area</li> </ul>
V	Opportunity Analysis	-do-	<ul> <li>Identification of the existing resources which may help to reduce risks to life and property</li> <li>Identification of the raised platform, safe houses and hillocks for shelter and storage</li> <li>Listing the existing flood/cyclone shelters, if any</li> <li>Identification of the elevated and up-lands which can act as natural barriers to protect livestock</li> <li>Listing of the existing health and sanitation facilities</li> <li>Identification of safe routes for evacuation</li> <li>Identification of the sources of funds to carry out the preparedness activities.</li> </ul>

#### **CHAPTER-4**

#### HAZARDS AND VULNERABILITY ANALYSIS

#### 4.1 OVERVIEW:

There is abundant evidence that natural disasters disproportionately affect developing countries. Between 1991 and 2005, more than 90% of natural disaster deaths and 98% of people affected by natural disasters were from developing countries. Moreover, disasters are increasing in number and size every year due to a number of factors including rapid population growth, urbanization and climate change.

#### **4.2 DEFINITIONS:**

#### **DISASTER: -**

Disaster is defined as the occurrence of a sudden or major misfortune, which disrupts the basic fabric and normal functioning of a society (community). It is an event or series of events which gives rise to casualties and/ or damage or loss of property, infrastructure, essential services or means of livelihood on a scale that is beyond the normal capacity of the affected communities to cope with unaided.

#### **HAZARDS:** -

Hazards are defined as "Phenomena that pose a threat to people, structure or economic assets and which may cause a disaster. They could be either manmade or natural occurring in our environment.

#### **VULNERABILITY: -**

It is defined as "the extent to which a community, structure, service and geographic area is likely to be damaged or disrupted by the impact of particular hazard, on account of their nature, construction and proximity to hazardous terrain or a disaster-prone area". The degree of vulnerability depends on the condition of human settlements and the infrastructure, the way in which public policy and administration is engaged in disaster management, the level of information and education available about various hazards and how to deal with them. (Annexure -I & Figure 11 showing flood vulnerable areas of the District)

#### 4.3 TYPES OF VULNERABILITY:

#### **PHYSICAL VULNERABILITY: -**

It relates to the physical location of people and elements at risk buildings, infrastructures etc and their proximity to the hazard. The list of vulnerable structures attached in Annexure- V & VI.

#### **SOCIO-ECONOMIC VULNERABILITY: -**

This relates to the degree to which a population is affected by the calamity in relation to the prevailing social and economic conditions. The impact of a disaster is determined by the event, its effects on people and their environment, as well as the consequential effect on human activities within a given society.

#### **CAPACITY: -**

Capacity is the resources of individuals, households and communities to cope with a threat or resist the impact of a hazard.

#### RISK. -

Risk is a measure of the expected losses due to a hazard/ event of particular magnitude occurring in a given area over a specific time period. Risk is a function of the probability of particular occurrences and the losses each would cause.

#### **4.4 CLASSIFICATION OF HAZARDS:**

The High-Power Committee of the Govt, of India has classified the hazards as follows:

The High-Power Committee of the Govt. of India has classified the hazards as follows:			
	1. Floods and Drainage management		
	2. Cyclone		
	3. Tornadoes & Hurricanes		
	4. Hailstorm		
1. Water and Climate Related	5. Cloud burst		
1. Water and Chinate Related	6. Snow Avalanches		
	7. Heat & Cold Waves		
	8. Thunder & Lightning		
	9. Sea Erosion		
	10. Droughts		
	11. Earthquakes		
2. Geological Related	12. Landslides & Mudflows		
2. deological Kelateu	13. Dam Bursts & Dam Failures		
	14. Mine Fires		
3. Chemical Industrial and Nuclear	15. Chemical and Industrial Disaster		
Related	16. Nuclear Disasters		
	17. Road, Rail and other Transportation		
	accidents including Waterways		
	18. Mine Flooding		
	19. Major Building Collapse		
	20. Serial Bomb Blasts		
4. Accident Related	21. Festival Related Disasters		
4. Accident Related	22. Urban Fires		
	23. Oil Spill		
	24. Village Fires		
	25. Boat Capsizing		
	26. Forest Fires		
	27.Electrical Disasters & Fires		
	28. Biological Disaster & Epidemics		
E. Piological Polated	29. Flood Poisoning		
5. Biological Related	30. Epidemics		
	31. Pest Attacks		

#### a. <u>HAZARDS SPECIFIC PRONENESS IN KOKRAJHAR DISTRICT:</u>

#### **VULNERABILITY ANALYSIS OF KOKRAJHAR DISTRICT**

#### ■ EARTHQUAKE: -

As per the latest seismic zoning map of India, the Kokrajhar district falls under High-Risk Zone-V, where a maximum intensity of IX can be expected. However, district has experienced number of earthquakes with epicentres. (*Figure 14*))

#### • FLOOD: -

The general reason of occurrence of flood in Kokrajhar district is due to overflow of river Saralbhanga, Sonkosh, Gaurang, Hell, Gangiya, Champa and their tributaries.

Year	No of Occurrence	Magnitude ranges from
2014	6	3.5-4.2
2015	1	5.6
2016	0	0
2017	0	0
2018	4	3.5-5.8
2019	1	3.4
2020	5	2.6-3.8
2021	5	2.8-4.9
2022	3	2.9-3.2
2023	0	0

Table 4: Showing No of Occurrence of Earthquakes of last 10 years

#### ■ SOIL EROSION: -

All rivers flowing in the district has moderate to severe erosion.

#### FIRES: -

The fire takes places in Kokrajhar district mainly due to short circuit and careless handling of domestic LPG cylinders in the houses. Mainly fire takes place from January to April when the climate remains very dry and probability is more instance of fire breakout.

• <u>CYCLONE/THUNDERSTORM/LIGHTNING</u>: - Cyclone affects in all Revenue Circles.

The following table shows the Seven years Hazard wise Incidents in the District

Hazard Type	Year of Occurrence	No of Affected Villages	No of Affected Household	No of Affected people	No of Human Lives Lost	No of Cattle lost
	2017	689	19993	86815	0	5
	2018	128	2008	9658	1	0
	2019	127	2867	11994	0	0
Thunderstorm	2020	205	6926	21298	0	0
	2021	298	3974	12698	0	2
	2022	152	3040	13841	1	0
	2023	191	3601	19438	0	3
	2017	1	1	3	0	2
	2018	4	6	9	3	1
	2019	6	6	13	2	0
Lightning	2020	4	3	2	6	1
	2021	3	6	1	1	2
	2022	19	2	27	2	13
	2023	39	0	12461	2	31
	2017	373	25857	151060	4	0
	2018	12	274	1598	0	0
	2019	483	43075	217794	0	0
Flood	2020	4	46	242	4	0
	2021	2	25	123	0	0
	2022	442	60	97442	2	17867
	2023	384	3	8719	0	645
	2017	2	0	0	0	0
	2018	6	1	9	1	0
	2019	7	6	30	0	2
Fire	2020	5	12	52	0	0
	2021	10	7	34	0	0
	2022	31	65	70	0	0
	2023	15	30	79	0	0

# CHAPTER-5 EMERGENCY SUPPORT FUNCTIONS

#### 5.1 <u>EMERGENCY SUPPORT FUNCTIONS (ESF) & INCIDENT COMMAND SYSTEM:</u>

The Emergency Support Functions (ESFs) are various identified response teams, which will assess their strength before any emergency and accordingly will prepare their Standard Operational Procedures to mitigate any disaster. Their well preparedness will help to reduce the damage of any disaster/emergency. These ESFs will be identified as per the certain need felt during any disaster such as ESF-Warning (Communication), ESF-Road Debris Clearance, ESF-Relief etc. Hence the Emergency Support Functions (ESFs) provide vital response functions. The Emergency Support Functions at District level (Office of the Deputy Commissioner) will be replicated at Revenue Circle level (by Revenue Circle Administration) and the Incident Management Team consisting of all the ESFs would also activate itself by asking for some or all ESFs to be represented in it, according to need of the crisis. The Disaster Response Mechanism will be operated as per basics of Incident Command System where the Deputy Commissioner is the Incident Commander for the District Level Incident Management Team and will be supported by the Planning, Operation, Logistic and Finance Section Chiefs in effective management of the response.

National Disaster Management Authority has categorized the level of disasters as L0, L1, L2 and L3. Based on the ability of various authorities to deal with them, L0 denotes normal time, L1 is this disaster that can be dealt with at district level, L2specifies this disaster that requires assistance and active participation from the state. L3 disaster requires assistance from the Government of India.

For an effective operational system of the ESFs the following points are to be ensured:

- Individual ESFs must prepare their Standard Operational Procedures (SOP) and Plan.
- These plans would be integrated to form the District Response Plan.
- Time to time each ESF will practice their simulation exercise (Mock Drill) to under their lacunas.
- They have to update their response system regularly.

To act as a bridge to support an information base among the emergency Operation Centres of State, District and Onsite level, there as to be one **DISTRICT EMERGENCY OPERATION CENTRE (DEOC)** operation system and is to be operational under district EOC to collect information from grass root level, district level as well as from State level. As said, the DCR will act as a vital linkage among the Emergency Operation Centre of State, District and Onsite.

The list of 16 identified Emergency Support Functions, its Team Leaders and the supporting agency (headed by District Commissioner) is briefed in the following table:

apportung agono, (nounce by 2 100 to 0 continuous) to 0 1 o 100 to 100 t						
EMERGENCY SUPPORT FUNCTION (ESF)	FUNCTION	TEAM LEADER	PARTICIPATING AGENCIES			
ESF 1	Warning (Communication)	S.P., Police	Meteorology (IMD), CWC, Water resources, Radio, Doordarshan, DIPRO, Telephones, Police.			
ESF2	Evacuation (Search and Rescue)	Addl. District Magistrate	Police (VDP), Fire services, Civil Defence, Home Guards, Zila Sainik Board, (NCC), NYK, NSS, Forests, Social forestry, Soil Conservation, PWD(R), PWD(Bldg), Sports, IS (Scouts & guides), Inspector factory & Boilers, PRls.			
ESF3	First Aid & Medical Response	Jt. Director Health Services	Health & FW, DSWO, ICDS, Medical, Ayurveda, Labour Officer, Veterinary.			

EMERGENCY SUPPORT FUNCTION (ESF)	FUNCTION	TEAM LEADER	PARTICIPATING AGENCIES
ESF4	Relief & Coordination (Food-Shelter)	ADC (Relief)	Food &civil supplies, FCI, Registrar of Cooperative Societies, Revenue & Relief (Circle officers, BDOs, LMI Gram Sevak/ Gaon-Bura), Veterinary, Fisheries, Agriculture, Agri (Marketing).
ESF 5	Water & Sanitation	E.E ( P.H.E)	PHED, DRDA, PR Is, Municipality IT & C, Irrigation, Agri. (Eng).
ESF6	Shelter Management	ADC ( Relief)	Revenue (CO, BDO, LMI Gram Sevak IGaonbura), DRDA, PRIs, Police (VDP), NCC, NSS, DTO, Railways, Taxes, IWT, PWD (for boats etc), Water resources, ASEB, Forests, DIC, Housing, IS, DEEO.
ESF7	Carcass Disposal	District Veterinary Officer	Animal Husbandry department of Block level and district level, ULBs, Animal medicine stockiest, NGOs, Voluntary Organizations, CBOs, religious organizations
ESF8	Damage Assessment Team	ADC (Land Reforms)	Revenue & All departments
ESF9	Trauma Counselling	Jt. Director Health Services	Medical & FW, DSWO, ICDS
ESF10	Patrolling	Suptd. Of Police	Police (VDP, Nagarik Samities), Zila sainik Board, IS(NSS), YC(NYK)
ESF11	Logistics (Traffic- Electricity-Water	ADM (Nazarat)	DC Office, Electricity Board, Transport Dept,Public Health Engineering Dept., Municipality, Private Road Ways, PWD (Road), NH Division
ESF12	Transport	District Transport Officer	Railway, PWD, Municipality, Civil Defence, Scout, NCC etc.
ESF13	Volunteers	Youth Coordinator NYK	NCC, NYK, Zilla Sainik Board, Blood Bank, NSS, Rotary Club, Lions Club, NGOs & other organization
ESF14	Public Works	Superintendi ng Engineer, PWD (Road),	PWD (Road and Building), Electricity Board, Public Health Engineering Dept, Municipality etc.
ESF15	Road Debris clearance	Special Officer, Municipality,	Municipal Office, NCC, Scouts & Guides, Zilla Sainik Board, Divisional Forest Officer, NH Division, PWD (Road) and Nearest Army Camp.
ESF16	Public Information and Help lines	PRO	NGOs, Media (print/Electronic), NSS, Scouts & Guides, Education Dept.,

#### **5.2 RESPONSIBILITIES AND FUNCTIONS OF OPERATION BRANCHES**

#### **INCIDENT COMMANDER: DISTRICT COMMISSIONER**

In anticipation of any disaster, the district administration has taken various precautionary measures. Functioning of the Control Room, Closure of past breaches in river and

canal embankments and guarding of weak points, rain recording and submission of rainfall report, communication of Gauge reading, functioning of flood/cyclone zones, deployment of power/country boats, installation of temporary VHF stations, arrangement for keeping telephone and telegraph lines in order, storage of food stuff, arrangement for keeping drainage clear, agricultural/health/veterinary measures, selection of flood/cyclone shelters, etc. have been properly planned. The government officials of different departments have been apprised of their duties for pre, during and post disaster periods.

The Circle Officers, B.D.Os, ULBs/VCDCs, Executive Engineers of Irrigation Department, Health, Police, A &Veterinary and PHE etc. have been requested to take all precautionary and preparatory measures and to remain alert to face the challenge of any disaster. Every possible kind of cooperation from all the line departments has been sought for by the district administration in combating the severe natural calamities that may occur anytime. Accordingly, the government officials have also been apprised of their roles and responsibilities to be played during pre-disaster arrangement and during/post-disaster management.

#### **ESF 1:**

#### **WARNING (COMMUNICATION)**

The Emergency Support Function (ESF) 1 having the prime function of "Warning" (communication) will be led by the Superintendent of Police, Kokrajhar. However, during the crisis, when the ESF 1 will be deputed to the onsite EOC, the DSP may lead the team on behalf of SP, Police. The supporting agencies for the ESF 1 will be Meteorology (IMD), CWC, Water resources (E&D), Radio, Door darshan, DIPRO, Telephones, IWT, Police and any relevant deptt. As decided by the ESF 1 during preparation of their Standard Operational Procedures (SOP). The primary functions of the ESF1 (Communication) will be:

#### **Primary Functions:**

- Warning for any eventuality of calamity.
- Restore Communication facilities after disaster.
- Provide emergency communication for response to government: link EOCs, Quick Response Teams (ORTs) etc.
- Provide communication facility to communities.
- Coordinate state actions to assure the provision of telecommunication to support the state and district.
- Coordinate the requirements of temporary telecommunication in affected areas.

#### **ESF 2:**

#### **EVACUATION (SEARCH AND RESCUE)**

The Emergency Support Function (ESF) 2 meant for **'Evacuation -Search and Rescue**' will be led by the Addl. District Magistrate, Kokrajhar. The supporting agencies for this function will be Circle Officers, Police (VDP), Fire services, Civil Defence, Home Guards, Zila Sainik Board, (NCC), NYK, NSS, Forests, Social forestry, Soil Conservation, PWD(R), PWD(Bldg.), Sports, IS (Scouts & guides) Inspector factory & Boilers, PRIs and any relevant dept. as decided by ESF 2 during preparation of their Standard Operational Procedures (SOP). Help of the National Disaster Response Force (NDRF) may also be sought if felt necessary. The Primary Functions of the ESF 2 (Evacuation -Search and Rescue) will be:

#### **Primary Functions:**

- Establishment of evacuation plans.
- Identification of fastest evacuation routes and all alternative routes.
- Establish maintain and manage District search and rescue operations.
- Coordinate search and rescue logistics during a field operation.

#### ESF 3 & ESF 9:

#### **EMERGENCY FIRST AID / MEDICAL RESPONSE AND TRAUMA COUNSELLING**

The Emergency Support Function (ESF) 3 meant for 'Emergency First Aid/medical response and trauma counselling' will be led by the Jt. Director of Health Service, Kokrajhar. The supporting agencies for this function will be Health & FW, 108 EMRI, Red Cross, DSWO, ICDS, Medical, Labour Officer, Veterinary, Dispensaries, Mobile Dispensaries, Hospitals, Ambulance Service, Blood Bank, etc and any relevant dept. and for ESF 9 "Trauma Counselling" the supporting agencies will be members of Trauma Counselling team, Medical & FW, DSWO, ICDS and any relevant dept. as decided by ESF 3 & ESF 9 during preparation of their Standard Operational Procedures (SOP). The Primary Functions of the ESF 3 (Emergency Medical Response and Trauma Counselling) will be:

#### **Primary Functions:**

- Direct activation of medical personnel, supplies and equipment.
- Activation of Mobile Medical team with first aid at each block/circle.
- First aid for minimum 25 persons should be kept in reserve with Mobile Medical team on rotation basis.
- Appropriate mass vaccination to check the waterborne epidemics.
- List out the available ambulances with all informations.
- Mobilize emergency treatment for the injured people.
- Send quick response teams (QRTs) at various affected sites and establish

#### temporary medical camps.

- Set up Trauma Counselling Desks.
- Perform medical evaluation and treatment as needed.
- Maintain patient tracking system to keep record of all patients treated.

#### **ESF 4:**

#### **RELIEF & COORDINATION**

The Emergency Support Function (ESF) 4 indicated for 'Relief & Coordination' will be led by the ADM (Relief). The supporting agencies for this function will be Food & civil supplies, FCI, Warehousing Corporation, Revenue & Relief (Circle officers, BDOs, LM/Gaon-Bura), Veterinary, Fisheries, Agriculture, Agri (Marketing) any relevant dept. as decided by ESF 4 during preparation of their Standard Operational Procedures (SOP). The Primary Functions of the ESF 4 (Relief & Coordination) will be:

#### **Primary Functions:**

- Enter into a pre-contract system with the local Civil Suppliers for immediate arrangement of food and relief materials during the crisis.
- Ensure coordination of activities involved with the:
  - i. Emergency provisions of temporary shelters
  - ii. Emergency mass feeding and
  - iii. Bulk distribution of relief supplies to the disaster victims as also the disaster managers and relief workers.
- Control quality and quantity of food for relief.
- Ensure timely distribution of food to people.
- Make emergency food supplies available to population.

#### **ESF-5**:

#### **WATER & SANITATION**

The Emergency Support Function (ESF) 5 indicated for 'Water & Sanitation' will be led by the E.E (P.H.E). The supporting agencies for this function will be PHED, DRDA, PRIs, Municipality/TC, Irrigation, Agri (Engg.) any relevant dept. as decided by ESF 5 during preparation of their Standard Operational Procedures (SOP). The Primary Functions of the ESF 5 (Water & Sanitation) will be:

#### **Primary Functions:**

• Ensure provision of safe drinking water in the relief camps.

- Arrange sufficient stock of hand tube wells.
- Distribution of water disinfecting packets.
- Ensure better sanitation arrangements as per Gender.
- Ensure proper drainage facility.
- Launch campaign for safe potable water to create awareness.

#### ESF-6:

#### **SHELTER MANAGEMENT**

The Emergency Support Function (ESF) 6 indicated for 'Shelter Management' will be led by the ADC (Relief). The supporting agencies for this function will be Revenue (CO, BDO, / PRIs members /LM/ Gaon-bura), DRDA, PRIs, Police (VDP), NCC, NSS, DTO, Railways, Taxes, IWT, PWD (for boats etc), Water resources (E&D), ASEB, Forests, DIC, Housing, IS, DEEO any relevant dept. as decided by ESF 6 during preparation of their Standard Operational Procedures (SOP). The Primary Functions of the ESF 6 (Shelter Management) will be:

#### **Primary Functions:**

- Provide adequate and appropriate shelter to all population.
- Locate relief camps close to open traffic and transport links.
- Develop alternate arrangements for population living in structures that might be affected even after the disaster.

#### ESF8:

#### **DAMAGE ASSESSMENT TEAM**

The Emergency Support Function (ESF) 8 designated for 'Damage Assessment Team' will be led by the Deputy Commissioner, Revenue. The supporting agencies for this function will be Revenue, All Line deptts, Block Damage Assessment Team, GP Damage Assessment Team, Village level Damage Assessment Team and any relevant deptt. as decided by ESF 8 during preparation of their Standard Operational Procedures (SOP). The Primary Functions of the ESF 8 (Damage Assessment Team) will be:

#### **Primary Functions:**

In coordination with relevant depts. assess the

- Number of lives lost.
- Number of People Affected.
- Number of Houses damaged (category wise).
- Damage of Infrastructures like School, Hospitals, Govt. Buildings, Road, Electricity, Water Supply etc.

#### **ESF 9:**

#### **Trauma Counselling**

(Refer point ESF 3 & 9 previous pg)

#### ESF 10:

#### **Patrolling**

The Emergency Support Function (ESF) 10 designated for 'Patrolling' will be led by the Suptd. Of Police, Kokrajhar. The supporting agencies for this function will be Police (VDP, Nagarik Samities), Zila Sainik Board, IS(NSS), YC(NYK) and any relevant dept. as decided by ESF 10 during preparation of their Standard Operational Procedures (SOP). The Primary Functions of the ESF 10(Patrolling) will be:

#### **Primary Functions:**

- Ensure necessary security arrangements for public amenities.
- Proper coordination with relevant departments.
- Necessary security arrangements at Roads (N.H) Bridges, Culvert etc.

 Ensure necessary security to the officers and personnel engaged in Relief &Coordination.

Further for effective coordination among all the Emergency Support Functions are identified before any emergency, during the emergency and after any emergency. For this function, suitably the Deputy Commissioner, Kokrajhar will carry out the Task. Under this function all the Team Leaders of identified 'Emergency Support Function' such as S.P., Police, Addl. District Magistrate, Jt. Director Health Services, ADC (Relief), E.E (P.H.E), District Animal Husbandry Officer, CEM(BTC), Fire Services, Civil Defence Officials, ULBs, VCDC's, Para military force. Besides above, NGOs, NSS and other relevant departments of Kokrajhar may represent as per the requirement during any emergency. This team will keep direct link with the District Control Room Operation and liaison with Block control Room Operation.

The District Commissioner, Kokrajhar will include the review of emergency support function system in the agenda of the District Coordination Meeting, will review the updation of the district disaster response system by incorporating the changes in names of officers, of telephone numbers and addresses of the officers concerned. The Deputy Commissioner should also take review of changes in other indicators pertaining to the district like creation of additional infrastructure, development projects, changes in inventories, etc. and incorporate these changes while updating the Plan and Standard Operational Procedures of each ESFs. The members should substantiate/assist the Committee with all the updated information about their concerned areas of operation time to time.

#### **ESF-11:**

#### **LOGISTICS (Traffic- Electricity-Water)**

The Emergency Support Function (ESF) 11 indicated for 'Logistics (Traffic-Electricity-Water' will be led by the ADM (Nazarat). The supporting agencies for this function will be Deputy Commissioner Office, Electricity Board, Transport Dept, Public Health Engineering Dept., Municipality, Private Road Ways, PWD (Road), NH Division and any relevant dept. as decided by ESF 11 during preparation of their Standard Operational Procedures (SOP). The Primary Functions of the ESF 11 - Logistics (Traffic Electricity-Water) will be:

#### **Primary Functions:**

- Ensure smooth transportation links at all levels and to all nodal and support agencies.
- Assess damage to power supply infrastructure for assistance from other states.
- Restoration of power supply or temporary power supply to critical areas.
- Restore major electricity failure anticipated during disasters due to falling of Cables/poles.
- Facilitate restoration of electricity distribution systems at most affected sites on priority to help in Search and Rescue operations.
- Provide electricity in lifeline buildings.
- Procurement of clean drinking water.
- Transportation of water with minimum wastage.
- Ensure quick restoration of drainage system.
- Sewer pipes to be kept separate from drinking water facilities.

#### **ESF 12:**

#### **TRANSPORT**

The Emergency Support Function (ESF) 12 designated for 'Transport' will be led by the District Transport Officer. The supporting agencies for this function will be Railway, PWD, Municipality, Civil Defence, Scout, NCC etc. and any relevant dept. as decided by ESF 12 during

preparation of their Standard Operational Procedures (SOP). The Primary Functions of the ESF 12 (Transport) will be:

#### **Primary Functions:**

- Overall coordination of State transportation capacity.
- Pre-contract with the private Ambulance owners (during registration).
- Restoration of roadways services.
- Arrange transportation to and from affected area.
- Ensure smooth transportation links at all levels and to all nodal and support agencies.
- Coordinate the use of transportation resources to support the needs of emergency support forces requiring transport facility to perform their emergency response, recovery and assistance missions.

#### **ESF13**:

#### **VOLUNTEERS:**

The Emergency Support Function (ESF) 13 indicated for 'Volunteers' will be led by the Youth Coordinator, Nehru Yuba Kendra. The supporting agencies for this function will be NCC, NYKS, Zilla Sainik Board, Blood Bank, Red Cross, NSS, Rotary Club, Lions Club, and NGO's and other organizations and any other relevant department as decided by ESF 13 during preparation of their Standard Operational Procedures (SOP). The Primary Functions of the ESF 13 (Volunteers) will be:

#### **Primary Functions:**

- Encourage various voluntary agencies and organizations to depute the volunteers.
- Gather general youth mass to volunteer.
- Operation wise categorize the volunteers.
- Identify any specialized skills and area of interest among volunteers.
- For each team, reserve a backup force to replace the tired and engaged teams.
- During natural calamity (mass donation) collection of relief material & resource such as, food, clothes, medicines, essential items, cattle feed, and cattle medicines.
- Maintain a record of donations and its supply to the needy area.

#### **ESF14:**

#### **PUBLIC WORKS:**

Restoration/reconstruction of Road is one of the important aspects during any disaster. Once road network is restored, relief and rehabilitation work become faster. On the above, it has been always noticed that the donating organizations proceed their relief distribution activities to the accessible areas. The Emergency Support Function (ESF) 14 designated for 'Public Works' will be led by the Executive Engineer, PWD (Roads). The supporting agencies for this function will be PWD (Roads and Building), Electricity Board, Public Health Engineering Dept, Municipality etc. and any relevant dept. as decided by ESF 14 during preparation of their Standard Operational Procedures (SOP). The Primary Functions of the ESF 14(Public Works) will be:

#### **Primary Functions:**

- Restore the road communication system.
- Assess the damage for reconstruction of road ways.
- Restore the infrastructure like health centres, school, important buildings.
- Initiate the reconstructions of unrecoverable important infrastructures like health centres, school building, and other important buildings.

#### **ESF15**:

#### **EQUIPMENT SUPPORT- ROAD DEBRIS CLEARANCE**

During any major disaster, road blockage occurs because of which, rescue, relief and emergency medical response is severely affected. Under such situation the district administration at first phase starts its road debris clearance works to clear the blockage in road but lacks in high graded equipment support and skilled manpower during the need. These delays in clearing the road blockage. Looking in to the above aspect, one separate Emergency Support Function for road debris clearance is thought for constituting to develop its well prepared Standard Operational Procedures. The Emergency Support Function (ESF) 15 designated for 'Equipment support- Road Debris clearance' will be led by Kokrajhar Municipality / PWD (R) supporting agencies for this function will be NCC, Scouts & Guides, Zilla Sainik Board, Divisional Forest Officer, NH Division PWD (Roads), Fire Service, Civil Defence and Army etc and any relevant dept. as decided by ESF 15 during preparation of their Standard Operational Procedures (SOP). The Primary Functions of the ESF 15(Equipment support- Road Debris clearance) will be:

#### **Primary Functions:**

- Assess the gap-need of equipment support before any disaster.
- Emergency clearance of Debris to enable reconnaissance.
- Establishment of priority list of equipments which will be opened first.
- Coordinate and provide manpower and equipments for debris and road clearance.
- Provide alternative routes, if main routes are affected.
- Demolish unsafe buildings.

#### **ESF 16:**

#### PUBLIC INFORMATION, HELP LINES AND AWARENESS GENERATION

It is observed that, a chaotic situation due to rumour and panicky is created during any crisis. Under such circumstance a need for help lines and awareness generation is felt. Therefore, a separate 'Emergency Support Function' titled as "Public Information, Help Lines and Awareness Generation" is suggested for constituting. The Emergency Support Function (ESF) 16 designated for 'Public Information, help lines and Awareness generation' will be led by the District Public Relation Officer and the supporting agency will be NGOs, Media (print/audiovisual), NSS, Scouts & Guides, Education Dept., etc and any relevant dept. as decided by ESF 16 during preparation of their Standard Operational Procedures (SOP). The Primary Functions of the ESF 16 (Public Information, Help Lines and Awareness Generation) will be:

#### **Primary Functions:**

- Provide and collect reliable/validated information on the status of the disaster and disaster victims for effective coordination of relief work at state level.
- Setting up of toll-free numbers for emergency information assistance.
- Process and disseminate information about the welfare of citizens of affected area.
- Manage flow of information and warning dissemination.
- Establish help lines for providing, directing and coordinating logistical operations.

# CHAPTER-6 MITIGATION AND PREPAREDNESS PLAN

Disaster planning consists of activities such as pre-disaster mitigation and disaster preparedness. Disaster mitigation focuses on the hazard that causes the disaster and tries to eliminate or drastically reduce its direct effects. The best example of mitigation is the construction of embankments and construction of proper drainage system in flood prone areas & urban locality to avoid floods / flash flood. The other example includes retrofitting of weak life line buildings to make them earthquake resistant.

And preparedness focuses on plans to respond to a disaster threat or occurrence. It considers an estimation of emergency needs and identifies the resources to meet the needs. The first objective of the preparedness is to reduce the disaster impact through appropriate actions and improve the capacity of those who are likely to be affected most. The second is to ensure that ongoing development continues to improve the capacities and capabilities of the system to strengthen preparedness efforts at community level. Finally, it guides reconstruction so as to ensure reduction in vulnerability. The best example of preparedness activities are the development of community awareness and sensitization system through community education and administrative preparedness by way of stockpiling of supplies, developing emergency plans for rescue and relief.

#### **SPECIFIC DISASTER MITIGATION MEASURES**

#### **6.1 EARTHQUAKES:**

Kokrajhar district falls under earthquake zone-V so following mitigation measures should be taken to reduce the impact of earthquake: -

- Implementation of Building Bye- Laws for new construction in various areas.
- Public utility buildings must be located in stable areas or in stiff soil.
- Retrofitting of weak structures.
- Relocation of people settling in the steep slope areas and near the river bank.
- Assessment of life line buildings and strengthening the same.

#### **6.2 FLOOD MITIGATION:**

Flood mitigation refers to the measures aimed at prevention and preparedness. It reduces the actual or probable impact of floods on the people and their environment.

Floods in Kokrajhar district are inevitable, considering the topography and the river system. What is required is a system of adjustment with floods, so that the people experience minimum of disruption and damages. The objective of flood mitigation is to control changes in the volume of run-off, peak stage of the flood, time of rise and duration of floodwaters, and location of flooding.

(List of weak/vulnerable embankments at Annexure V)

The main causes of floods in Kokrajhar District are:

- Obstruction in drainage system due to heavy rainfall.
- Increase in siltation resulting rise in riverbeds due to erosion in the catchment areas.
- Poor natural drainage system.
- Unplanned development.
- Release of water from hydel projects in Bhutan.
- Flash flood.

The mitigation measures should be oriented to take proper care of these problems and thus will automatically reduce the impact of flood in the district. The various measures adopted for flood mitigation may be categorized in two groups structural and non-structural.

#### STRUCTURAL:

- Construction of embankments / floodwalls along the river bank and improvement of the channel (by WRD).
- Construction of drainage system in the towns and other parts of the district (by PWD).
- Diversion of flood water (by WRD).
- Careful location of new facilities, particularly community facilities such as schools, hospitals and other important infrastructure away from flood prone areas.
- Reforestation in the slopes.
- Construction of retaining wall at the landslide prone areas.

## Non-structural:

- Law enforcement and eviction drive.
- Cleaning of drain in regular intervals.
- Awareness drive among the communities towards garbage disposal.
- Collection of daily rainfall data (by WRD).
- Flood forecasting and warning (by WRD & General Administration).
- Prepare detailed flood map of the district, based on extent of land submerged, and assessment of damages. Analyse how the pattern of flooding has changed over a period of time (by WRD).
- Plantation in the catchment areas to check soil erosion (by forest dept),
- Preparation of DDMP and awareness programme through IEC (information, seduction & communication).

## **6.3 CYCLONIC STORM:**

Some parts of Kokrajhar District are usually strike by cyclonic storm during premonsoon season causing widespread damage to the crop and other properties. The main mitigation strategies for storm hazards are a well-informed public and an effective warning system.

The following mitigation measures can be adopted to reduce the impact of cyclonic storm: -

- Location of key facilities in leeward sides of hill/ less vulnerable areas (by District Administration).
- Planting windbreaks in the most vulnerable locations (by DFO (SF)).
- Construction of strong, wind safe public buildings which can be used for community shelter in settlements (by PWD).
- Crops can be protected by introducing agricultural practices and cultivation of those crops which are more resistant to high winds.
- Compilation of meteorological data for forecasting of storm (By Dept concerned).
- Public dissemination of information through mass media, poster campaigns and village meetings (by Distt Administration).
- Regulation should be bringing to restrict installation of mobile tower over RCC Building in residential areas.

## **6.4 LANDSLIDE:**

Landslide is not very common in Kokrajhar district. However, if it occurs, loss of human lives and animals' lives may be observed. Landslide can be caused by poor ground conditions, geomorphic phenomena, natural physical forces, improper land use pattern and quite often due to heavy spills of rainfall coupled with impeded drainage. The chief mitigation measures to be adopted in the district are: -

- Correction of drainage systems in the landslide prone areas by maintenance of natural drainage channels both micro and macro in vulnerable slopes (by PWD).
- Regulation of land use pattern (Land Management).
- Afforestation of areas occupied by degraded vegetation (by DFO (SF)).
- Re-location of settlements that are in the landslide prone areas.
- Creation of awareness among local people (by DDMA).
- Regular observation of rainfall pattern (by WRD).

Turfing of newly constructed high land.

## **6.5 FIRE ACCIDENT:**

Fire accident is very common in Kokrajhar town due to compact settlements and in other parts of the district thatch roof houses which is very prone to fire.

The following mitigation measures may be taken up to contain fire accident: -

- Installation of fire extinguisher cylinders in all institutions (by concerned institute).
- Construction of fire hydrant in fire prone areas (by PHED/Fire Service). Installation of fire warning systems in community facilities such as in school and hospitals (by concerned institute).
- Awareness about the causes of fire accident in rural areas and motivate the villagers to construct their houses at sufficient distance from one another.

## **6.6 EPIDEMICS:**

The Health Department & Veterinary dept is the nodal agency responsible for monitoring and control of epidemics. Mitigation measures for control of epidemics would include: -

- Identification of areas prone to certain epidemics must be updated to access field requirements (by DMO & DVO).
- Testing laboratories in district hospital must be well equipped and updated.
- Regular flow of data from both govt. establishment and NGOs run hospitals.
- Analysing and collating the data at regular intervals to access epidemiological monitoring requirements (by DMO/DVO).
- Awareness campaign to the PRI members and the villagers about various kinds of disease and their causes that are prevalent in the area (by DMO/DVO).

## **6.7 ROAD ACCIDENTS:**

Many lives were lost and causalities are reported annually due to road accident, which is cause due to reckless driving and poor road conditions.

The following measures may be adopted to mitigate road accidents: -

- Opening of traffic model school in every district.
- Installation of speed monitoring machine in busy areas (by police).
- Strict implementation of motor vehicle Act (by Police).
- Installation of traffic sign boards (by Police).
- Carry of First Aid Box in every vehicle must be made mandatory (By Police/DTO).

Insurance of all vehicles must be updated (by Police). Awareness about traffic rules should be imparted to all drivers and commuters through IEC (by Police).

## CHAPTER-7

## **CAPACITY ANALYSIS**

## 7.1 INVENTORIES AND EVALUATION OF RESOURCES ANALYSIS:

Analysis and assessment of the resources and opportunities form the steppingstone in the preparatory stage. Authentic assessments can make the planner aware of their tenacity and wants, so that they can equip themselves with all the required items and materials well in advance. The resources necessary for disaster preparedness and during and after disasters are listed below:

#### 7.1.1 BOATS:

Deployment of engine boat and country boat in different areas of the district is indicated in *ANNEXURE-II*.

#### **7.1.2 SHELTERS:**

Accommodation for rescued/evacuated people has to be planned in advance. People living in low-lying areas have to be shifted to places at a higher elevation in flood situation. Advance identification of such sites is an important element of disaster preparedness. Schools and other public buildings should be inspected and strengthened before announcing relief shelter. The floodplains are very densely populated and availability of suitable lands for raised sites of villages in the vicinity of vulnerable low-lying areas is a major problem. People are not prepared to move to distant locations away from their sources of livelihood. Institutions located at higher elevations have come in handy to provide shelter to people who have to be evacuated from low-lying areas.

Apart from these, the school buildings in different places can be used as temporary flood-cum-temporary shelter during calamity. The list of the identified schools that can serve the purpose is given in *ANNEXURE-III & Figure 12* showing Map of Emergency Shelters in the district.

## 7.1.3 STORAGE OF FOOD:

Storage of food in accessible pockets is as vital as building shelters. All the Circle, Block headquarters, Cooperative Godowns and VCDC Offices are used as storage points when need arises. The C.O & BDO's and the storage agents in charge of the respective block shall be the contact person for the block headquarters and the VCDC Secretaries are the contact person for the VCDC offices. An arrangement for adequate quantity of rice has been kept with each storage agent at each block headquarters for distribution to the victims as immediate relief. These locations are used as storage locations for medicines, blankets. It has been decided to keep adequate stock of rice in the following places for distribution of emergent relief.

## 7.2 CAPABILITY ANALYSIS OF THE INSTITUTIONS/OFFICE IN DISTRICT:

All the departments at the Deputy Commissioner are connected with telephone (both external and internal). A detailed account has been given in the section "Disaster Specific Capability Analysis. All the line departments have been directed to keep themselves ready as per the guidelines mentioned in this booklet. The NGOs and CBOs operating in the district have been asked for preparing area specific hazard plans and forming task groups involving local volunteers. Other institutional arrangements have been elaborated in the coming pages.

## 7.3 **COMMUNICATION AND MEDIA:**

Wireless and V.H.F. stations are the quickest means of communication of weather warning and other important messages on flood and cyclone. Regular wireless, V.H.F. sets are available in all police stations.

## **INSTALLATION OF VHF:**

SL NO.	PLACE OF INSTALLATION OF VHF (POLICE)	TELEPHONE NUMBERS
1		
2		

SL. NO.	LIST OF PLACES HELIPADS EXISTS OR HELICOPTERS CAN LAND	LAND / PLACE
1	NTPC, Salakati	Salakati
2	University Campus	Debargaon
3	Sai Complex	Kathalguri
4	Telipara	Gossaigaon
5	Gossaigaon College Field	Gossaigaon

(Source: Superintendent of Police, Kokrajhar)

## 7. 4 ADMINISTRATIVE PREPAREDNESS FOR DIFFERENT DISASTERS:

The following steps have been taken as a part of administrative preparedness to combat any eventualities during and immediately after the disaster:

- 1. Control Room (DEOC) are functioning round the clock in DC's Office, Offices of the Jt Dir of Health Services, DA&VO, District Agriculture, PWD(RR), PWD(B), All Executive Engineers of Irrigation, R&B (PWD), CWC, PHE.
- 2. Senior Level Officers from different departments will be assigned charges for all the flood/cyclone zones along with the BDOs of respective blocks.
- 3. Telephone Numbers have been made available to the Regional Meteorological Centre, Guwahati to intimate about the adverse weather.
- 4. SDO Telegraphs / Telephones have been requested to keep the lines in order at the time of calamity.
- 5. Daily report of rainfall is being obtained from the DEOC.
- 6. The Executive Engineers (WR) have been intimated to report Gauge reading of the rivers, daily during flood and to keep drainage clean & repair all weak points/ breaches caused in the last flood and complete the left-out work before the onset of monsoon, keep a close watch on the embankments passing through the habitations, remain alert with men and materials to face any eventualities (Primary Data *ANNEXURE-V*)
- 7. Executive Engineer, PHE has been directed to repair / replace the defunct tube wells on war footing basis before the rainy season.
- 8. The Superintendent of Police has been intimated to monitor the installation of Police Wireless Stations and plan for army assistance.
- 9. VHFs to be installed at DEOC/ Circle Offices.
- 10. Satellite phone (to be installed at DEOC).
- 11. ADM(Relief) have been directed by the Deputy Commissioner and District Magistrate to store adequate foodstuff at interior, vulnerable strategic and key areas for immediate relief.
- 12. NGOs have been identified block wise and task force been formed in collaboration with the district administration to carry out relief operation, rescue and evacuation, etc.
- 13. DAO has been intimated to supply HYV paddy seeds to the blocks as a part of agricultural measure
- 14. Jt. Dir of Health Services has arranged Medical Relief Camps and doctors have been deployed for the purpose and the Jt. Dir of Health Services has been directed to keep the mobile medical team ready for the purpose.

(Contingency Plan / Ambulance Facilities/ Blood Bank/ Free Oxygen Services ANNEXURE-VI)

- 15. DAH & VO, indent of different vaccines has been taken to protect animals against contagious diseases, medicines supplied to the field functionaries for routine treatment as part of veterinary measure.
- 16. Inspector of Schools and PWD (B) will remain in charge of safety of relief Shelters (Used in Flood, Cyclone & Cyclone & another calamity.
- 17. PWD (RR) Office will look into the repairs major roads, bridges, concrete steel work and make other necessary arrangements as per requirement.

- Earth moving and Road clearing equipments.
- Main accessible road to revenue circles.
- 18. NGOs / CBOs shall be organized by the respective BDOs as relief parties as per need.
- 19. Review of pre-flood/cyclone arrangements have been carried out and the contingency plan for flood and cyclone prepared by all the BDOs.

## 7.5 DISASTER SPECIFIC CAPABILITY ANALYSIS WITH THE HUMAN RESOURCES AND SKILLS:

All the line departments such as Health, Veterinary, Irrigation, Police, Revenue, Electrical, PWD (B&R), CWC, ULBs etc. are instructed to stay prepared with the equipments and manpower before the specified disaster seasons. They will give a list of their resources and requirements to the Deputy Commissioner well in advance so that proper preparatory measures will be at place. The NCC, NSS and Paramilitary Forces will have to prepare a list of task force for the rescue, evacuation and relief operation. They will be provided with a relief kit each and a training manual. Training should be conducted at the District, Block, VCDC and village levels to ensure that the awareness for disaster mitigation is built up among the communities. Mock drill should be conducted in anticipation of disasters to enhance the skills of the task force.

## 7.6 PUBLIC AND PRIVATE SECTOR RESOURCE INVENTORY AND CAPABILITY ANALYSIS:

The detailed information on the resource inventory with regard to private and public distribution system, traders, list of CBOs and NGOs and list of financial institutions for the requirement has been enclosed in *ANNEXURE-VIII*.

## **7.7 FIRE SERVICES:**

Resource Inventory/ Capacity Analysis:

## 7.8 FIRE STATION INFORMATION:

Fire Emergency	101
Kokrajhar	03661295151/6900176260
Gossaigaon	9854171418

# CHAPTER-8 EMERGENCY OPERATION CENTRE(EOC)

## **8.1 DISTRICT EMERGENCY OPERATION CENTER (DEOC):**

This section is prepared to help the members of District Emergency Control Room (DEOC) to understand the structure and functioning of Control Room. Following the important three C's i.e., Command, Control and Communication for effective response in an emergency, we will be able to minimize the hardships of the community and improve the quality of the process of recovery. This control room will be able to provide timely, supported and well thought of interventions to the grass root staff as well as volunteers as it will be the hub of three **C's**.

## **8.2 PURPOSE OF THE DEOC:**

The District Emergency Operation Centre under the control of Deputy Commissioner, Kokrajhar will operate round the clock and will be the nerve centre to

- Monitor
- Co-ordinate
- Implement the actions/activities for Disaster Management.

In a disaster time, the DEOC will operate under the central authority of the Deputy Commissioner, exercising emergency power to issue directives to all departments to provide emergency response service. He will also co-ordinate with the State Response Machinery like: State Relief Commissioner, Dispur, Assam and. The Control Room should be manned round the clock.

#### 8.3 PROCEDURE TO BE FOLLOWED BY DUTY PERSONNEL IN THE DEOC:

- Daily Attendance has to be signed without fail by persons deployed in each shift.
- Ensure that all equipments are functioning and if any repairing is required that has been brought to the notice of IC, DEOC immediately.
- Telephone Bills have to be collected in time and given to the IC, DEOC for necessary payments every month to avoid disconnection of the same.
- Any Information received from District/Police Control Room /News Channel or any other sources is to be noted down in Logbook/Register.
- The Information will be verified or to be crosschecked with ADC/SDO (Civil)/CO/PO, ASDMA/Police Control Room/ Police Station/ Fire Services of concerned area.
- After verification by the above-mentioned authorities Information will be disseminated to the designated Contacts through SMS.
- Detail reports once received will be disseminated through email after approval of IC, DEOC.
- Copies of any reports received or sent will be kept in different separate Index Files i.e., separate for Flood, Fire, and Strom etc.
- No duty personnel will leave DEOC after his/her duty hour is over without handing over duty to the incoming personnel as per prescribed format.
- Concerned contact details available in DEOC will be updated every month or as and when necessary.
- Verified Information will be disseminated to concerned Agencies i.e. Fire incident to Fire Services, Accident to 108/Medical, law & order situation to Police Control room with the help of APRO personnel when necessary.

## **DURING FLOOD SEASONS (FROM 1ST MAY TO 30TH OCTOBER):**

- Reports on Rainfall in the last 24 hours will be collected from IMD & reports on water level will be collected from Water Resources/CWC by the persons deployed in the morning shift (6 AM to 2 PM) at 10 AM every day.
- Persons deployed in the Morning shift (6 AM to 2 PM) will call SDO (Civil) / CO of all Revenue Circles for flood report of the last 24 hours every day between 8-10 A.M.
- SDO (Civil) & CO, of all Revenue Circles will be requested to send the Flood report by Fax or Email before 12 Noon positively.
- Report collected from the Revenue Circles will be compiled in prescribed format (District Report) by 12 Noon positively.
- Reports signed by IC, DEOC should be sent to designated contacts over email &Reports to the ASDMA to be faxed at the designated faxed number.
- All fax reports received & Office copies of the reports sent will be kept in separate Index files i.e. Flood report, Rainfall data and so on.
- FLEWS (Flood Early Warning System) information & any other information received should be disseminated to concerned Revenue Circles immediately after approval of the IC, DEOC.

(In case, Duty hours of the persons deployed in the DEOC is over he /she will brief the incoming persons regarding any task remain incomplete before leaving DEOC.)

## 8.4INFORMATION FLOW CHART OF THE DEOC:

## 8.5 CO-ORDINATION STRUCTURE AT DISTRICT LEVEL CONTROL ROOM:

## 8.6 FLOW CHARTS AND OTHER FUNCTION OF DEOC:

## 8.6.1 FLOW CHART AMONG REVENUE CONTROL ROOM, DEOC AND SITE OPERATION CENTER:

## 8.6.1 Scope Of Work Of The DEOC:

TIME FRAME	ACTIVES
Normal Time	<ul> <li>Ensure that all warning and communication systems, instructions are in working condition.</li> <li>Receive information on a routine and regular basis from the departments on the vulnerability of the various VCDC's and Villages to disaster.</li> <li>Receive reports on preparedness from the relevant district level departments and other departments, as per as the formats. Based on these reports, the DEOC will forward the Preparedness Measures details on behalf of the Deputy Commissioner to the Revenue Control Room, and inform State Relief Commissioner.</li> <li>Upgrade and update DEOC system according to changing scenarios in the district update data bank and maintain an inventory of resources.</li> <li>Update all information in the GIS.</li> <li>Inform Revenue Control Room, State Relief Commissioner of any changes including updating of data bank and annexure.</li> <li>Monitor preparedness measures including simulation exercise undertaken by various departments.</li> <li>Ensure proper dissemination of information about DEOC System at the district level, local level and disaster-prone areas.</li> <li>Identify appropriate NGOs/Private Sector Organisations, which can be assigned the task of community level preparedness.</li> <li>Organize post-disaster evaluation and update DEOC System accordingly.</li> <li>Prepare reports and documents on district level disaster events and submit the same to Revenue Control Room &amp; State Relief Commissioner</li> </ul>
Disaster Time	<ul> <li>Weather tracking and early warning dissemination.</li> <li>To collect and transmit information regarding matter relating to natural calamity.</li> <li>Mapping of vulnerable areas.</li> <li>Database on civil society organization and their activities.</li> <li>Database on volunteers.</li> <li>Facilitate regular meetings of civil society organizations and issue updates.</li> <li>Flow of information to central control room in Relief Commissioner's Office.</li> <li>District level training of officials and NGOs in emergency response.</li> <li>Men and material management in emergencies with proper inventoriztion.</li> </ul>

## **8.6.2 EARLY WARNING DISSEMINATION:**

## 8.6.3 <u>Diagram of Responsibilities of the DEOC Staff:</u>

## 8.6.4 WARNING OR OCCURRENCE OF DISASTER:

The warning or occurrence of disaster will be communicated to:

- Chief Secretary, Relief Commissioner, Emergency Operation Centre.→ Office of the Lower Divisional Commissioner.
- All district level officials, District Disaster Management Committee, Municipality Special Officer.
- The officials of the Central Government located within the district.
- Non-officials namely Guardian Minister of the district, Chief Executive Member, MPs and M.L. As from the district or affected area.
- Local units of the Defence and Paramilitary Services.

## 8.6.5 INCIDENT COMMAND SYSTEM:

In the absence of the Deputy Commissioner, ADM / ADC will officiate and exercise all the powers and responsibilities of the District Disaster Manager.

On the receipt of warning, all community preparedness measures and counter-disaster measures would come into operation.

## 8.6.6 Suggested Performa for "In" Message:

DATE	TIME OF RECEIP T	IN MESSAG E SR. NO.	RECEIVED	ADDRESSE	MESSAGE TRANSFERR ED TO	COPIES TO	MODE (WT/TEL /MESSAG E OF RECEIPT	INSTRUCTIO N/ FOLLOW UP TO BE DONE	REMARK

## 8.6.7 Suggested Performa for "Out" Message:

DATE	TIME OF DISPATC H	IN MESSAG E SR. NO.	RELATE D IN MESSAG E NO. IF ANY	ADDRESSE	ADDRESSE	COPIES TO	MODE (WT/TEL /MESSAG E OF RECEIPT	INSTRUCTION / FOLLOW UP TO BE DONE	REMARK

## 8.6.8 <u>Arrangements in District Emergency Operation Centre(DEOC)</u>

The DEOC is equipped with

- Action Plans
- Vulnerability maps
- List of key contact persons during emergencies
- Database on resources of the district During disaster provision will be made in the office of the Deputy Commissioner for
- First aid and other basic medical relief for the staff
- A rest room with adequate facilities and
- A kitchen and lunch room.

## 8.6.9 COMMUNICATION ROOM

The Communication facility is made in the room of next to the DCR that function as the Communication Room. The existing police VHF system continues to be in contact with the DEOC.

In addition, the following facilities are available in the DCR

- Telephones, Fax
- One PC with modem and printer
- Mechanical typewriter
- Generator
- Thermometer
- Fire Extinguisher
- A soft board (LCD Projector or Overhead Projector) to display information
- A hard board to note important information.

## 8.6.10 ROLE OF ZONAL AND SECTORS OFFICER (CIRCLE OFFICER & BDOS ETC)

For proper division of tasks during disasters, the district of Kokrajhar has to be divided into 5 (Five) flood/ Flash Flood//cyclone/Earthquake/ Drought hit zones and Sectors.

The Zone/Addl. Zone Officers receive weather/flood warning from SDEOC/ DEOC, T.V. Radio/C.W.C. etc. Immediately on receipt of warning they will act as follows:

- They will depute Sector Officers to their appointed areas.
- Warn the people especially in low-lying areas through Lot Mandal/ Goanpradhan/ Ward Members/ Home Guards/ Religious Places/ Volunteer Organizations by bit of Drums in the villages and local markets.
- If the devastation is large loudspeaker may be used for dissemination of the messages and alert the people.
  - They will assess and locate the nearest (cyclone) relief shelters and sound school building for evacuating the people.
  - They will arrange vehicles/ boats (power boat & country boat) to shifting the people to the shelter point.
  - They will assess the requirement of foodstuff, medicines, fodder etc. and take necessary measures accordingly.
  - Co-ordinate with Line Departments for early restoration.
  - Evacuate people from low-lying areas if situation so warrants. For this they may enlist search & rescue equipments available locally.
  - Co-operation of local Youths, volunteers, Nehru Yuva Kendra and Marwadi Yuba Manch etc.
  - Keep the Government power and country boats ready in vulnerable points and appoint boatman for the country boats.
  - They should see that sufficient quantity of rice/wheat/Kerosene oil/Match Boxes / fuel etc., are made available through retail sale centre and local markets.
  - To take steps to guard the weak and vulnerable points in embankments through
    - VDP, Home Guards and Police constables etc.
  - If situation so warrants, start distribution of emergent relief in marooned areas after obtaining approval of District Commissioner concerned.
  - There may be necessity of more vehicles for undertaking rescue and relief operation. In such circumstances they will immediately contact the District Transport Officer.
  - Apart from Govt. Country boats there may be necessary of private country boats. In such cases the Zone and Addl. Zone Officer may hire private country boats under intimation to DEOC.
  - To keep DEOC informed about the situation and relief measures.

- To assess damages through field staff and submit preliminary report within 3 days of the occurrence of the calamity.
- To assess detailed damage and submit final damage report to District office
- The Circle Officers will assess damage to the private houses through Sr BDOs / BDOs, staff deputed from other offices and Disaster Management Committee. After assessment of damages, they will conduct at least 10% test check to ensure correctness of the enumeration. Sr BDOs/BDOs and other officers deputed from different offices may also be engaged for check. After final assessment, proposal is to be sanctioned by Circle Officer concerned and submitted to Deputy Commissioner for approval requirement of funds.
- In case of human casualty, the Circle Officer concerned will submit report to District Commissioner in 24 Hrs, for consideration of sanction of exgratia.
- The list of Sectors (Revenue Circle Wise) attached in *Annexure-IV*.

## **CHAPTER-9**

# FUNCTION OF DISTRICT DISASTER MANAGEMENT AUTHORITY (DDMA)

#### 9.1 DISTRICT DISASTER MANAGEMENT AUTHORITY:

The District Disaster Management Authority (DDMA) has been constituted as per National Disaster Management Act 2005. The primary aim of the DDMA is to have proper coordination among all the line departments. The Deputy Commissioner is the Chairman of the DDMA and the district level response is coordinated under his guidance. An ADC will be notified as Chief Executive Officer, DDMA.

The District Disaster Management Authority will

- Reviewing the threats of disaster
- Analysing the vulnerability of the district to such disasters
- Evaluating the preparedness measures and
- Considering suggestions for the improvement of the District Disaster Management Plan.

## 9.2 RESPONSIBILITIES OF THE DDMA:

- To educate the public on earthquake, flood and cyclone hazards and what protective steps should be taken.
- To make arrangements for emergency action.
- To effect evacuation from the flood affected Villages when necessary.
- Rescue and Rehabilitation.
- Post Flood /Earthquake/ other calamity and review.

## 9.3 TIMELINE FOR MEETING AND MEMBERSHIP:

The DDMA must meet time to time under the chairmanship of the District Commissioner to update the plan and discuss various issues of disaster management in the district. The heads of all line departments concerned with the management of disasters in the district will be invited as a "Special Invitee" to all meeting of the DDMA. District Commissioner should review the work of DDMA regularly. An emergency meeting will hold whenever information is received regarding calamity.

As per government notification, vide memo no RGR/DM/6/2008/67-20 dated 24/07/08 UNDER THE PROVISION of section 25(1) of the national disaster management authority, 2005, the governor of Assam has constituted the district disaster management authority for Kokrajhar district of Assam.

The DDMA would consist of following functionaries:

SL. NO.	NAME	POSITION
1	District Commissioner, Kokrajhar	Chair Person
2	Chief Executive Member/ Representative of Territorial Council	Co-Chair Person
3	ADC (Revenue)	CEO
4	Superintendent of Police	Member
5	Jt. Director of Health Services/ Chief Medical Officer	Member
6	Executive Engineer PWD	Member
7	Executive Engineer WR	Member

The District Commissioner should include in the agenda of the District Development Committee Meeting, the subject of updating of the district disaster management plan by incorporating the changes in names of officers, of telephone numbers and addresses of the officers concerned. The District Commissioner should also take review of changes in other indicators pertaining to the district like creation of additional infrastructure, development

projects, changes in inventories, etc. and incorporate these changes while updating the Plan. The members should substantiate / assist the Committee with all the updated information about their concerned areas of operation time to time.

## 9.4 <u>ROLES AND RESPONSIBILITIES OF THE DISTRICT COMMISSIONER / DISTRICT MAGISTRATE:</u>

PHASE	ACTIVITIES	OTHER OFFICIALS TO BE INVOLVED	RESOURCES/ EQUIPMENTS TO BE PROCURED FROM
	Preparedness before the Disaster:		Special Relief Commissioner
	Reviewing and analysing the calamity		SEOC
	situation in the district over the next one- year through a meeting at the District level involving all the departments of the district as well as block and Village levels and the locally active NGOs/CBOs.	At District level officials	Police/Fire

## **CHAPTER-10**

# ROLES AND RESPONSIBILITIES IN PLANNING, RESPONSE, RECOVERY, TRAINING AND AWARENESS

ORGANISATIONS	PLANNING	PREPAREDNESS	RESPONSE	RECOVERY/	TRAINING &
Municipality & VCDC	*Meeting at regular intervals to update/modify the DDMP.	*Following all the preparatory measures mentioned in the DDMP.	*Helping the rescue team in all aspects.	*Coordination with the district/ block/VCDC level administration.	AWARENESS  Carrying out mock drills for the task force.  Walling posters and disseminating warning using public address systems like loud speakers etc.
NGOs/ CBOs/ Mahila Samities/ SHGs/ Youth Clubs	*Organizing NGOs according to their specialization to form response groups. *Review and analyzed past disasters. *Prepare Community Contingency Plan in their area of operation.	*Working closely with the community in identifying the risk population such as elderly and disabled, children, pregnant women, sick, single women and people residing on the seashore.  *Formation of Task Forces by involving their own volunteers and young boys and girls of the (17 to 25 years) village.  *Capacity building of the Task Force.	*Mobilizing and utilization the community funds during the time of emergency. *Specifying roles and responsibilities of the Task Force. *Maintaining transparency in activities.	*Coordinating with the District administration and Block/VCDC level administration.	*Equipping the task force with proper training and providing them a contingency them a contingency manual.  *Awareness building within the community  *Mock drills for finding out the suitability/ adequacy of preparedness.
Religious Institution	*Help the Administration in providing information.	*Staying aware of their responsibilities.	*Helping the district administration in relief activities.	*Coordination with the Dist/Block/VCDC level administration. *Carrying out rehabilitation activities. *Providing Counseling to morally distress.	Creating awareness among the people for preparedness.

Public and Private Corporation	*Coordinating with the administration.	*Keeping stocks for emergency needs.	*Making the stocks available during emergency. *Supplying the materials to the Control Room.	*Direct contact with the Control room and the Shelters. *Coordinate with district administration for rehabilitation.	
Armed and Para Military Forces	ro identify, access escape routes to be followed during emergency so as to ensure passing of vehicles with least inconvenience. *To document traffic control, measures to be followed during emergency.	*To plan adequate contingency measures for manpower, transport and communication.  *To access and plan for augmentation of existing facilities if needed.	*To help the response group in carrying out activities in a organized manner.	*To help the district administration whenever needed.	*Mock drills for finding out the suitability/ adequacy of preparedness.

### **CHAPTER-11**

### INFORMATION, EDUCATION AND COMMUNICATION

### 11.1 PLAN DISSEMINATION AND EVALUATION:

The responsibility of plan dissemination is vested with the DEOC, at the Office of the Deputy Commissioner.

In order for the DDMP to be effective it must be disseminated at two levels:

- a) To the district authorities, government departments, NGOs and other agencies and institutions within the district and
- b) To general public.

### 11.2 DISSEMINATION OF OTHER IEC MATERIALS:

The DI & PRO at the district level will carry on the dissemination of IEC materials and NGOs at the block and village level during normal time (selected during Post Natural Calamity Committee meeting, presided over by the ADM).

### The activities of these DI &PRO and NGOs would include:

- Walling,
- Posters, Pamphlets and Brochure preparation and distribution
- Padayatra,
- Street plays,
- Volunteers training,
- Task force training, etc.

### 11.3 TRAINING AND DRILLS:

The training programmes are organized for different levels of functionaries from district level officials identified NGOs, Private Sector Organizations in order to equip them to extend training facilities to functionaries at blocks and village level as well as organize simulation exercises within the community.

### The objective of full-scale drill includes evaluation of the following:

- Practicality of the plan (structure and organization).
- Adequacy of communication and interactions among the agencies and the public.
- Emergency equipment effectiveness.
- Adequacy of first aid and rescue procedures.
- Adequacy of emergency personnel response and training.
- Public relation skills.
- Evacuation and count procedures.
- Coordination with the CBOs / NGOs.

### 11.4 COMMUNITY BASED DISASTER PREPAREDNESS AND MOCK DRILLS:

### **Role of the Community**

- →First respond to disaster.
- → Participate in preparedness programme.
- →Sharing of disaster preparedness cost.
- →Playing as pressure group / advocacy.
- → Stockpiling and Coordination.
- →Supporting communication System

# The Community Based Disaster Preparedness should be done as per the following stages:

- Formation of Block Level Disaster Committee.
- Training of line department and volunteers.
- Formation of VCDC level Committee.
- Developing Community Contingency Plans in the Villages.
- Training of Task Forces.
- Periodic mock drills.
- Coordination of VCDC and Block.
- Updating information.

Mock drills are important in normal times as well as during the emergency. The mock drill and preparedness for disaster are considered as a part of police duty. Every six months, there should be a mock drill in all of the police stations of the district to make them alert / fit to cope with any situation. Security Plan for all industries to be reviewed and approved by CISF at regular intervals. Similarly, all police stations should have internal security scheme, based on which they should have mock drills and update it for safety measures as per requirement.

Besides a contingency drill should be enacted during the cyclone/ flood season so that everyone knows what he/she should do and where he/she should go. It is advisable to have a mock drill at night during the rain, by cutting of the electricity in the village/ block/ district (as per the time chosen for the mock drill at each level). This exercise will help learn possible problem that would be faced. These learned lessons could be utilized in preparing the contingency plan in a much-prepared manner.

# 11.5 <u>SETTING UP OF DISASTER VOLUNTEER FORCE - IDENTIFICATION AND TRAINING:</u>

An analysis of the situation of the village community forms the first task for preparedness. After analysis, the villagers would form different groups to carry on the activities for disaster preparedness. The motivated and willing male and female group members have to find out the roles and responsibilities of each group. The groups may be formed for warning, rescue and evacuation, water and sanitation, relief and food, damage assessment, shelter management, etc. This will form the Disaster Management Teams. For warning group, members could be young boys and girls of the village (17 to 25 years) who will be trained to understand radio warnings and act fast to spread the warning throughout the village.

The members for Rescue and Evacuation Group need to be physically strong (both men and women) and in the age group of 18 to 35 years. Inclusion of civil defence personnel would be useful if available in the village. This team can coordinate with the government to avail the facilities for rescue and evacuation, both in terms of rescue training, rescue infrastructure and equipment and ensuring the alertness of the rescue team of the government. Both men and women members may look after the Water and Sanitation responsibilities at the shelters as well as outdoors.

The members of the relief group shall collect, distribute relief materials such as food supply, utensils, clothes, kerosene, diesel, etc and coordinate all the relief requirements of the other action groups. Both men and women members have to be

capable of interacting with the local authorities to ensure adequate supplies reach the village in time.

The members of shelter management group shall have more women members preferably SHG members and Anganwadi Workers. They will be at the shelters and safe houses looking after the evacuees' food, water and medication requirements. This group can also coordinate with the government authorities to ensure that health and sanitation facilities are available for extra vulnerable like women and children.

There can also be a First Aid and Medical Group, with equal numbers of men and women, those with some knowledge of nursing (such as trained dais and AWW/ ANMs) will be preferable. The members have to go through intensive training and drills for first aid and medical responsibility.

# CHAPTER-12 STANDARD OPERATING PROCEDURE(SOP)

#### FOR DISTRICT EMERGENCY OPERATION CENTER

KOKRAJHAR DISTRICT
TELEPHONE: +91-3661-270657& 1077
(DC OFFICE)

START IMMEDIATELY ON RECEIVING CYCLONE / FLOOD WARNING OR INFORMATION ABOUT ANY OTHER EMERGENCY.

### 12.1 OFFICER IN CHARGE OF CONTROL ROOM:

The control room shall be in overall charge of the District Commissioner. In the absence of District Commissioner, ADM or any other officer or staff on duty at that point of time shall remain in charge of Control Room. The person in charge of control room shall be personally responsible for implementing the SOP. She/he shall take all decisions as outlined below and sign for the District Commissioner on all reports mentioned below. She/he shall not wait for orders from anybody.

### 12.2 ASSEMBLY IN CONTROL ROOM:

Following staff and officers shall assemble in the Control Room on getting any information from any source about any emergency. Apart from these, any other officer or staff who gets the information from any source will reach the Control room.

- District Commissioner, ADM, All departmental heads.
- All staffs of emergency section, representatives of development section, Stenos to District Commissioner & ADMs.

#### 12.3 GETTING THE CONTROL ROOM READY:

Following preparatory steps will be taken up for keeping the control room functional during emergency.

- Shift two more phone lines to control room.
- Arrange VHF to Control room.
- Keep a radio with new batteries ready.
- Hire 3 generator sets.
- Stock 2 barrels of Kerosene and Diesel for running the generator sets.
- Charge the battery of VHF set of control room and staff car.
- Charge the battery of inverter.
- In case of cyclone warning, arrange four extra batteries.
- Charge the satellite phone and test it.

### 12.4 ALERT ALL FIELD OFFICERS:

Circle Officers, Field Officer (DM)s, BDOs, DMOs, DA&VO, Police, Industries, Telephone, Agriculture, PHE, PWD (R& B), , ICDS, Irrigation, NH, Municipality, MLAs, MPs, Fire Services, Civil Defence, All India Radio. DIPRO shall inform the media. Warning shall be issued in the following format.

### **INFORMATION DISSEMINATION FORMAT:**

Emergency Warr	ning Message No.	Dt.	
To: SP/ All Circle	Officer/ BDOs/ Medica	al Officers/ EE R&B/ EE F	RD/ GM NIC/ DIPRO/
DDA/	Dls	of	Schools/
PHE			
(Space for message)			
		Deputy Com	missioner, Kokrajhar

- 1. Call up the officers and ensure that they remain in headquarters.
- 2. Prepare a logbook for recording chronological sequence of events.
- 3. Food and Kerosene:
  - 3.1. Check-up availability of food (rice, Chira and M. Dal) and kerosene at block headquarters, with storage agents and other inaccessible pockets. BDOs shall contact all Storage Agents. They shall personally visit the godowns and verify the stocks. The Agents shall remain present at the store round the clock. BDOs shall immediately depute one officer to the place where the storage godowns are located.
  - 3.2. Supply Department and one ADM shall remain in charge of godowns. Owners of the godowns shall be actively involved.
  - 3.3. Direct the godowns and FCI to remain open on all days, including Sundays and holidays, till situation gets back to normal.
  - 3.4. Start movement of food stock and Kerosene Oil from block headquarters to areas that are likely to be cut-off.
  - 3.5. Start movement of food stock and K. Oil from district headquarters to block headquarters.
- 4. Check availability of sand bags. Get sandbags from the nearest locations.
- 5. Health sector: Make a rapid assessment of the following:
  - 5.1. Check up the stock of medicines, bleaching powder, and halogen tablets. If necessary, send immediate requisition.
  - 5.2. Start movement of medicines, bleaching powder, etc. to PHCs/CHCs.
  - 5.3. Ensure that medical officers are in place at the PHCs and CHCs through police stations, Circle Officers & Sr. BDOs/ BDOs.
  - 5.4. DMO shall decide the locations of camps.
  - 5.5. All Paramedical Officers shall be teamed up with the MO of PHC/ CHC with their vehicles and supervisors.
- 6. Vehicles: Requisition 15 small and 15 big vehicles immediately. Further requisition will be made as per need.
- 7.Empower field officials to requisition vehicles. Send 10 requisition forms to each Circle Officer, BDO and Police station.
- 8. Boats: Requisition boats from other districts.
- 9. Ask District Commissioner of other districts, to remain ready for supply of stocks of rice and Chira, if required.
- 10. Close educational institutions after assessing the seriousness of the emergency.
- 11. Veterinary measures: Immediately contact MD, OMFED and tie up the supply of cattle feed. DVO shall make assessment of vaccines and fodder availability.

- 12. Air Dropping Zones: Use the Lat-long book for identifying the air dropping zones. Make an advance list of villages where air dropping may be needed.
- 13. Each JE of R&B, and NH & IRRIGATION shall keep ready a group of 20 persons (severe flood or cyclone- 40-person group) with axes and saws. They will also have one chain-pulley system ready.
- 14. Requisition the services of officers who have been effective in the past. Allot areas to them with full powers of decision making on the spot.
- 15. Make a thorough assessment of relief items available in stock at different places.
- 16. Functional distribution of work: Following functional distribution of works shall be done. Each team will have staff and resources. The team leader will have full powers to take decisions.
  - Transportation Team
  - Stock and Store Team
  - Finance team
  - Information and Office Documentation Team
  - Food and other relief items team
  - Civil Society and International Organizations' co-ordination team
  - Civil Society Organizations: Get in touch with civil society organizations. Allot them areas or functions. Get them introduced to the field functionaries. Ask them to prepare a list of volunteers. Make a quick inventory of their resources. Contact UNICEF, UNDP, OXFAM, Action Aid and other international agencies. Make a quick assessment of district needs and expectations from different agencies.
  - Press briefings: Press briefings play a very important role in disaster management.
  - Daily press briefs will be issued at 1600 hours. Written information will be issued.
  - FOLLOWING FORMAT WILL BE USED.

- FULLUWI	NG FORMAT WILL BE U	JSED.

# 10. OPERATIONAL GUIDELINES OF WHAT TO DO DURING DISASTERS

# 13.1 OPERATIONAL GUIDELINES OF WHAT TO DO IN THE EVENT OF A FLOOD:

13.1 OPERATIONAL GUIDELINES OF WHA	TO DO IN THE EVENT OF A PEOOD.
DO'S	DON'TS
Listen to the Radio/TV/Public Addressing	
System for advance information and	Do not enter floodwaters on foot if you
advice. Disconnect all electrical appliances	can avoid it.
and move all vulnerable personal and	
household goods and clothing out of reach	Never wander around a flooded area.
of floodwater, if you are warned or if you	
suspect that floodwaters may reach the	Do not allow children to play in, or near,
house.	floodwaters.
Move vehicles, Farm animals and Movable	
goods to the highest ground nearby.	Do not drive into water or unknown death
Turn off electricity, gas if you have to	and current.
leave the house.	
Lock all outside doors and windows if you	Do not eat food or drink water, which is
have to leave the house.	affected by floodwater.
If you have to evaporate, do not return	
until advice.	

# 13.2 OPERATIONAL GUIDELINES OF WHAT TO DO IN THE EVENT OF A CYCLONE:

DO'S	DON'TS
Listen to the Radio/TV/Public Addressing System for advance	Do not go outside or into a beach during a lull in the storm.
information and advice. Allow considerable margin for safty.	Be away of fallen power lines, damage bridges and structures.
A cyclone may change direction, speed or intensity within a few hours, so stay tuned to the radio/ TV for updated information  Tape up large windows to prevent from shattering	Do not go for sightseeing.
Move to the nearest shelter or vacate the area if this is ordered by the appropriate government agency. Stay indoors and take shelter in the strongest part of the house / society. Open windows on the sheltered side of the house if the roof begins to lift. Find shelter if you are caught out in the	
open.  If you have to evaporate, do not return until advice	

# 13.3 <u>OPERATIONAL GUIDELINES OF WHAT TO DO IN THE EVENT OF A HEAT</u> WAVE:

WIIVE.	
DO'S	DON'TS

Listen to the Radio / TV / Public	
Addressing System for advance	
information and advice.	
Finish the work at the morning or leave it	
to the evening.	Avoid standing under direct sun.
Drink Sufficient Water & take food.	Avoid Long Drive.
Keep your head away from direct heat.	
Use Clothes, Cap, Umbrella or Glasses.	
Keep Stock water with you.	
Wear light dresses.	
40.4. 00000 10000111 01000011 010000000000	

# 13.4 OPERATIONAL GUIDELINES OF WHAT TO DO IN THE EVENT OF ADROUGHT SITUATION

DO'S	DON'TS
Save Water & Stock Water.	
Arrange for alternate cropping.	Stop misuse of water.
Contact Nearest Agriculture Office.	

# 13.5 OPERATIONAL GUIDELINES OF WHAT TO DO IN THE EVENT OF AN EARTHOUAKE:

<u>EARTHQUAKE:</u>		
DO'S	DON'TS	
Listen to the Radio/TV/Public Addressing System for advance information and advice	Do not run and don not wander round the streets.	
Teach all members of your family how to turn off the electricity, water and gas supply.	Keep away from buildings, walls, slopes, electricity wires and cables & stay in the vehicle.	
Protect yourself by staying under the lintel of an inner door, in the corner of a room, under a table or even under a bed.	Do not rush to the doors or exits, never use the lifts keep well away from windows, mirrors, chimneys and furniture.	
Keep away from Old, Tall or Ditched building, electricity wires, slopes and walls, which are liable to collapsed.	Do not rush to the doors or exists, never use the lift.	
Stop the vehicle away from building, walls, slopes, electricity wires and cables.	Avoid well away from windows, mirrors, chimneys and furniture.	
Live your badly damaged house.	Do not rush to the doors or exists, never use the lift.	
Collect water containers, food items and ordinary and facial medicines.	Avoid places where there is use electric wires and do not touch any metal object in contact with them	
	Do not re-enter badly damaged buildings and do not go near damage structures.	

### **CHAPTER-13**

# DISASTER REPORTING MECHANISM

# REVENUE CIRCLE LEVEL

<u>.</u>

- Incident/Disaster Strike
- •Information shared to gaonpradhan by any Individual
- •Gaonpradhan shared the information to Field Officer (DM)

2

- Field Officer (DM) collected detail report and verified through Lat Mondal and other concerned persons/departments
- Field Verification/Document verification done by FO (DM)/Lat Mondal/Concerned departments.

3

- •Field Officer (DM) prepares and submit the final report to Circle Officer
- Circle Officer approves the report and forward to District Commissioner & CEO, DDMA for necessary action.

# DISTRICT LEVEL

1

- •Information regarding any incidents/disaters received in DEOC.
- •Incident reports collected by Information Assistants, DDMA from Field Officer (DM) and Circle Officer.

2

- •IA prepares the compilation reports for the entire district.
- •review by DPO, DDMA and forward to CEO, DDMA for necessary action.

3

- •CEO, DDMA verifies and approves the reports and submitted to Chairman, DDMA for approval of final report.
- •DC & Chairman, DDMA approves the final report.
